GOVERNMENT OF WEST BENGAL

DEPARTMENT OF HEALTH

Public Health

NOTIFICATION

No. P.H./3043/2R-45/59.—29th June 1959.—Whereas the Governor is satisfied that the municipal areas of (1) Baranagar, (2) Kamarhati, (3) Garden Reach and (4) South Suburban in the district of 24-Parganas are threatened with an outbreak of cholera;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with cholera in the said municipal area for a period of three months;

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF CHOLERA

1. In these regulations, unless there is anything repugnant in the subject or context—

(*a*) "Health Officer" means the Health Officer of the municipality;

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

(c) "Suspected cholera" means any disease accompanied by vomiting and diarrhoea;

(d) "Patient" means a person suffering from or suspected to be suffering from cholera;

(e) "Medical practitioner" means any person practising the medical profession.

2. Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the Health Officer or a Sanitary Inspector and the Health Officer or a Sanitary Inspector shall not be bound to enter the names of all the joint-holders in the notice.

Notices

3. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations, required to be carried out be not carried out to his satisfaction within the time stated in the notice, the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Costs and compensation

5. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the persons in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

Location of disease

When a case of cholera or suspected cholera occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, some male inmate of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing to the Health Officer or a Sanitary Inspector.

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the Health Officer or a Sanitary Inspector and the cost of such messenger in each case shall be defrayed by the municipality.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the Health Officer or a Sanitary Inspector by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

9. Registrars of Births and Deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of cases of cholera as he may from time to time call upon them to furnish.

10. The Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from cholera or who in his opinion may be infected with or likely to spread cholera.

Isolation of patients and evacuation of houses, etc.

11. When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or the Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the Health Officer or a Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The municipality shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the Health Officer or a Sanitary Inspector as being fit for the purpose of such isolation.

15. If it is not possible for the Municipal Commissioners to provide suitable places with necessary attendants, diet and other necessaries for isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the hospital within or outside the nearest municipality where there is suitable arrangement for isolation.

16. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

17. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency, and within such time as may be specified in the order, such measures for the disinfection or evacuation of any premises in the occupation of such persons or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

18. The Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to cause to be inoculated with anti-cholera vaccine within a time specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer or a Sanitary Inspector is of opinion that such person has been exposed to infection from cholera.

19. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has, to his knowledge, been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

20. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried with proper precautions to a hospital.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. No person shall expose in any street, shop, bazar, or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

23. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of cholera without the previous written permission of the Health Officer or a Sanitary Inspector and without taking proper precautions against spreading the said disease.

Water-supply

24. (1) When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other sources of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or source of water-supply is situated, to take steps to close the same to the satisfaction of the Health Officer or the Sanitary Inspector, as the case may be, within such time as may be specified in the order.

(2) The Health Officer or a Sanitary Inspector may require such owner or occupier to keep during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (1) of this regulation.

Explanation.—In this regulation, "to close" includes the placing of watchman to prevent access to the well, tank, pool or other sources of water-supply.

25. When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or source of water-supply is contaminated he may disinfect it or order its owner or occupier to disinfect it with such disinfectants as he may specify in such quantities and at such times as he may think fit.

26. The Health Officer or a Sanitary Inspector may prohibit persons from entering into or using for drinking, bathing, or any other purpose, during such period as may be specified in the order, the water in any well, tank, pool or other possible source of water-supply, which, in his opinion, is contaminated or likely to be contaminated.

27. The Health Officer or a Sanitary Inspector may, by an order published at such places as he may think fit, set apart any well, tank, part of a river, stream or channel not being private property, or being private property with the consent of the owner, for the supply of water for drinking or culinary purposes and may prohibit therein or within a distance therefrom to be stated in the order all bathing, washing of clothes or animals, or other acts calculated to pollute the water; and may similarly set apart any well, tank, part of a river, stream or channel for the purpose of bathing or for the purpose of washing animals or clothes or for any other purpose connected with the health and cleanliness of the people using such water-supply.

28. The Health Officer or a Sanitary Inspector may prohibit persons from easing themselves, or throwing, depositing or discharging any rubbish, sewage, or offensive matter, into any well, tank, pool or other source of water-supply, which is used by the public, or within such a distance from such well, tank, pool or source of water-supply as he may fix.

Conservancy and sewage disposal

29. The Health Officer or a Sanitary Inspector may (1) prohibit the committal or continuance of any nuisance, or (2) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove such nuisance.

Explanation.—In this regulation "nuisance" means anything which in the opinion of the Health Officer or Sanitary Inspector is likely to spread or to cause the outbreak of cholera.

30. Whenever the Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain, sewer, or cesspool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the occupier of the land in which such privy, urinal, drain, sewer or cesspool is situated to disinfect, or to allow an officer of the municipality to disinfect, the same with such disinfectants in such quantities and at such time as the said officer or inspector shall think fit.

31. The Health Officer or a Sanitary Inspector may for the prevention of the outbreak or spread of cholera order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or Inspector any drain, sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or Inspector.

Miscellaneous

32. The Health Officer or a Sanitary Inspector may during the prevalence of any outbreak of cholera order that any market, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, mela, or other gathering to which people from surrounding places commonly or periodically resort.

33. The Health Officer or a Sanitary Inspector may require the owner or occupier of any land to clear and remove within the period specified in the order, any vegetation upon such land the existence of which in the opinion of the said officer or inspector conduces to the committing of nuisances upon such land.

34. The Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature such as lime-washing of houses, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

39. The Health Officer or a Sanitary Inspector may direct that no person shall bury or cause to be burried any corpse which in the opinion of the Health Officer, is likely to spread cholera in a grave not constructed of masonry and less than six feet deep.

40. The Health Officer or a Sanitary Inspector may order that no dome or other servant of the municipality employed for the disposal of corpses shall withdraw from his duties without the permission of the Health Officer or a Sanitary Inspector unless such dome or other servant of the municipality has given notice in writing not less than one month previously of his intention so to withdraw.

41. The Health Officer or a Sanitary Inspector may through any person authorised by such officer or inspector in that behalf seize and dispose of any corpse, which in the opinion of the said officer or inspector, is infected with or is likely to spread cholera, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of cholera.

42. (1) The Health Officer or Sanitary Inspector may require any person who appears to be acquainted with facts in connection with any case of cholera or suspected cholera to attend before him at a time to be stated in the order and at any place not more than one mile from the place where such person resides or is staying when the order is issued, and such person shall appear as so required.

(2) When the person summoned to appear under paragraph (1) is a female, who by the custom of the country, does not appear in public suitable precaution shall be taken to respect the said custom.

43. (1) The Health Officer or a Sanitary Inspector may examine orally any person who appears to be acquainted with the facts and circumstances of a case of cholera or suspected cholera.

(2) When the person to be examined under paragraph (1) is a female who by the custom of the country does not appear in public, the officer shall take her statement under such conditions as shall admit of due respect to the said custom.

(3) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

44. The Health Officer or a Sanitary Inspector may, with such assistants (if any), as he thinks fit, enter upon any land, or after two hours' notice in writing, into any premises or buildings used for human habitation at any time between sunrise and sunset for the purpose of carrying out any measure or making any enquiries authorised by these regulations.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

AWARD

The Government of West Bengal, in the Labour Department, by order No. 4418Dis./D/10L-23/56, dated 1st October 1956, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Shib Narayan Poddar, C/o Swadeshi Industries Workers' Union, P.O. Panihati, 24-Parganas, in connection with Government of West Bengal, Labour Department, order No. 4418Dis./D/10L-23/56, dated 1st October 1956, referring certain industrial disputes between Messrs. Swadeshi Industries Ltd., Panihati, 24-Parganas, and their workmen. (Case No. 58/58, under section 33A.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal*

For the complainant: None.

For the employers: Shri P. P. Nag, Labour Officer.

AWARD

The Government of West Bengal, in the Labour Department, by order No. 4418Dis./D/10L-23/56, dated 1st October 1956, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Swadeshi Industries, Ltd., Panihati, 24-Parganas, and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was made on 29th

August 1958, and was published in the *Calcutta Gazette* on 25th September 1958.

On 11th June 1958 Shri Shib Narayan Podder, C/o Swadeshi Industries Workers' Union, P.O. Panihati, 24-Parganas, a Cotton Weaver of the Company, applied under section 33A of the Industrial Disputes Act, complaining against his dismissal on various grounds. The petitioner prays that he may be reinstated with back wages. The Company, in its written statement, states that the application is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company filed an application under section 33(2) of the Industrial Disputes Act during the pendency of the main proceeding, seeking permission of the Tribunal to dismiss the workman concerned. It is pleaded that the application under section 33A fails on this preliminary ground.

The points that arise for decision are—

(a) Is the application under section 33A of the Act maintainable?

(b) Is the applicant entitled to any relief?

Decisions

Points Nos. (a) and (b): Exhibit A is the certified copy of the application under section 33 of the Act filed for permission of the Tribunal to dismiss the petitioner on various grounds. Exhibit B is the certified copy of the order of the Tribunal, dated 7th November 1958, striking off the application on the ground that the Tribunal had lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provision of section 33 of the Act in taking action against the applicant as it did pending permisison of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A C., 221, that it is the contravention by the employer of section 33 of the Act that gives rise to a cause of action,in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act. and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered. The applicant also did not put up appearance. The case is dismissed also for default of the applicant, and it is awarded accordingly.

M. C. BANERJI,
Judge, First Industrial Tribunal.

No. 2658-I.R./IR/11L-131/59.—20th June 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 1820-I.R. /IR/11L-131/59, dated the 2nd May 1959, the industrial dispute between Messrs. Hanuman Prasad Saraff, 175/2 Harrison Road, Calcutta, and one of their workmen named Shri Kaliprasad Tripati represented by Burrabazar Jamadar Sangh, 90 Lower Chitpur Road, Calcutta-7, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Hanuman Prasad Saraff, 175/2 Harrison Road, Calcutta, and one of their workmen named Shri Kaliprasad Tripati, represented by Burrabazar Jamadar Sangh, 90 Lower Chitpur Road, Calcutta-7. (Case No. VIII-C-136/59.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Government of West Bengal, Labour Department, by its order No. 1820-I.R./IR/11L-131/59, dated Calcutta, the 2nd May 1959, referred to me an industrial dispute existing between Messrs. Hanuman Prosad Saraff and one of their workmen, represented by Burrabazar Jamadar Sangh, for adjudication.

Issue formulated in the order of reference is as follows:—

> Whether termination of employment of Shri Kaliprasad Tripati is justified? To what relief, if any, is he entitled?

On receipt of the reference notices were issued on both the parties and both the sides were asked to file their written statement. On 27th May 1959 the Union filed their written statement and on that very day the workman concerned Kaliprasad Tripati and his employer H. P. Saraff appeared before me and the workman concerned was identified by H. P. Saraff, his employer. The employee submitted a petition stating that he does not want to proceed with the case any further and he has no connection with Burrabazar Jamadar Sangh, his Union. He has further prayed that the case may be dropped and the proceeding may be closed.

In view of the fact that the workman has disowned his Union and he states that he is not a member of the Union, it becomes an individual dispute and not an industrial dispute. In lot of decisions of the learned Judges it has been held that an individual dispute cannot come within the purview of the Industrial Disputes Act. In Supreme Court decision reported in 1953, 1, L.L.J., page 195, it has been held that individual dispute can be converted into an industrial dispute only when it is taken up by the trade union of which the workman is a member and there is a concerted demand of the employees for redress. Since of his own admission applicant states that he is not connected with the aforesaid Burrabazar Jamadar Sangh, his Union, he cannot bring himself within the rule as enunciated by their Lordships of the Hon'ble Supreme Court and his case therefore fails. The workman concerned is therefore allowed to withdraw the cae and I would give a "no dispute" award into the matter. Copy of the petition of the workman concerned will form an Annexure to the award.

O. No. 3726-I.R./IR/11L-439/58, dated the 6th September 1958. (Case No. VIII-C-199/58.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge.*

The Government of West Bengal in the Department of Labour by order No. 3726-I.R./IR/11L-439/58, dated 6th September 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Sen Mahasay, 157D Upper Circular Road, Calcutta, and their workmen represented by Paschim Banga Mistanna Karmachari Samity of 19/1 Creek Row, Calcutta-14, regarding matters specified in the second schedule of the Act, to this Court for adjudication:—

Schedule

Whether the dismissal of the following workmen is justified? To what relief are they entitled?

(i) Shri Kanai Lal Ghosh,

(ii) Shri Sahadeb Chandra Ghosh.

Award

This is a case arising out of alleged illegal and unjustified dismissal of two workers, namely (1) Shri Kanai Lal Ghosh and (2) Shri Sahadev Chandra Ghosh previously employed in Messrs. Sen Mahasay, 157D Upper Circular Road, Calcutta, hereinafter referred to as the Company for the sake of brevity.

The Union's case, in short, is that Shri Kanai Lal Ghosh and (2) Shri Sahadev Chandra Ghosh took very active part in trade unionism inasmuch as they represented grievances of the employees as a whole to the Company and thereby incurred its displeasure. The Company therefore victimised them all on a sudden on 23rd August 1957 ignoring their long years of service.

The Company on the other hand denies the allegations of the Union and contends, *inter alia,* that this is an individual dispute as 95 per cent. of the workers did not espouse their cause and as such the reference is incompetent. Furthermore, the two workers were very whimsical and unmindful of their duties and ultimately voluntarily left their employment.

During the pendency of the reference both parties effected an amicable settlement of their dispute and put in a joint petition stating that "a no dispute award" on settlement may be passed.

Accordingly "a no dispute award" is passed in this case.

LOK SABHA

The following Bill was introduced in Lok Sabha on the 22nd November, 1957:—

BILL NO. 62 OF 1957

A Bill further to amend the Indian Railways Act, 1890.

BE it enacted by Parliament in the Eighth Year of the Republic of India as follows:

Short title, extent and commencement.

1. (i) This Act may be called the Indian Railways (Amendment) Act, 1957.

(ii) It extends to the whole of India.

(iii) It shall come into force at once.

Insertion of new section 99A.

IX of 1890.

2. After section 99 of the Indian Railways Act, 1890 (hereinafter referred to as the principal Act), the following new section shall be inserted namely:—

"99A. Whoever is guilty of pilfering from consignments on the Railways shall, notwithstanding anything contained in any law for the time being in force and irrespective of the value of article pilfered be punished with imprisonment for a term which may extend to one year and shall also be liable to fine:

Provided that if the offence is committed by a Railway employee he shall be punished with imprisonment for a term which may extend to two years and shall also be liable to fine in addition to any other punishment to which he may be liable under the Act."

Amendment of section 113.

3. After sub-section (*3*) of section 113 of the principal Act, the following proviso shall be added namely:—

"Provided further that if the passenger belongs to Railway service he shall be liable in addition to the penalty provided for in the foregoing sub-section to imprisonment for one month and fine."

Amendment of section 118.

4. After sub-section (*2*) of section 118 of the principal Act, the following proviso shall be added namely:—

"Provided that it shall be a valid defence for the passenger concerned to prove that he committed the offence as a matter of unavoidable necessity."

Amendment of the First Schedule.

5. For the First Schedule of the principal Act, the following shall be substituted, namely:—

"THE FIRST SCHEDULE

(*See Section 73*)

Limits of responsibility of railway administration for loss, destruction or deterioration of animals when higher value has not been declared in the forwarding note.

(1) *Description of animals.*	(2) *Limit of responsibility of railway administration.*
Elephants	Rs. 2,000 per head.
Horses	Rs. 500 per head.
Mules, horned cattle or camels.	Rs. 200 per head.
Dogs, donkeys, goats, pigs, sheep or other animals not mentioned above, or birds.	Rs. 40 per head."

STATEMENT OF OBJECTS AND REASONS

In spite of the efforts of the Ministry concerned, pilfering of consignments on the Railways has been steadily increasing. It is, therefore, necessary to provide deterrent punishment therefor specially when a Railway servant is found involved therein.

2. It also appears that over-crowding on the Railways is unavoidable in the present state of affairs in our country. It is, therefore, proper that the offence of travelling on foot-boards of the trains should in certain circumstances be condonable.

3. Further the valuation of an elephant, horse and other animals given in the first schedule to the Indian Railways Act, 1890 does not seem to accord with reality in the country.

The bill is intended to provide for all these.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Appearances:

For the Company: Shri S. C. Sen, Advocate.

For the Union: Shri D. L. Sengupta, Advocate.

Government of West Bengal, Labour Department, by its order No. 2340-I.R./IR/11L-226/58, dated the 9th June 1958, with subsequent Corrigendum No. 3074-I.R./IR/11L-226/58, dated the 23rd July 1958, referred to me an industrial dispute existing between Messrs. Martin Burn Ltd. and their employees represented by Martin Burn Indian Employees' Union, for adjudication.

Issue formulated in the order of reference is as follows:—

(1) Whether the termination of service of Shri R. N. Banerjee was justified? To what relief including reinstatement is he entitled.

On receipt of the reference notices were issued on both the parties and both the parties submitted their written statements. On 15th November 1958, learned Advocates of both the sides opened their case. On subsequent dates Shri R. N. Banerjee, workman concerned, was examined and cross-examined and on behalf of the Company D.W. 1. Shri Kartick Chandra Sengupta and D.W. 2 Shri Sushil Kumar Das of the Martin Burn Company were also examined and cross-examined. Both the sides produced their documents which are included in records as exhibit. The final hearing was concluded on 30th April 1959 and both the sides argued their case. It will not be out of place to mention here the background of this case. It appears that service of Shri R. N. Banerjee was terminated and an application was filed by Messrs. Martin Burn & Co. under section 22 of the Industrial Disputes (Appellate Tribunal) Act, praying for permission to discharge Shri R. N. Banerjee from service. The application was first filed before the Fifth Industrial Tribunal for permission, but as the Tribunal became *functus officio* it was filed before the Hon'ble Labour Appellate Tribunal of India and Hon'ble Labour Appellate Tribunal of India at Calcutta on 14th October 1955 allowed the application of the Company *ex parte*. Thereupon, workman concerned filed another application before Hon'ble Appellate Tribunal of India on the ground that the case was heard in his absence and he did not get proper notice thereof and the Hon'ble Labour Appellate Tribunal at Calcutta on 11th May 1956, refused to grant permission to the Company to discharge the opposite party and dismissed the application of the Company. The workman concerned then requested the Company to allow him to join his job, but the Company informed him that the matter is in the hands of their solicitors and that they are going to prefer an appeal to the Hon'ble Supreme Court of India. The appeal was subsequently filed before the Hon'ble Supreme Court of India being appeal No. 631 of 1956 between Messrs. Martin Burn Ltd. and Shri R. N. Banerjee and a paper book was prepared which has been produced as an exhibit in this case and in which the whole history of the case will appear. This important document has been included in the record as exhibit and has been admitted by both the sides and the Hon'ble Supreme Court of India in their Division Bench, disposing of the matter observed "we therefore hold that decision of the Labour Appellate Tribunal refusing permission under section 22 of the Act was correct and this appeal is liable to be dismissed. It will be accordingly dismissed with costs". The decision was reported in the Labour Appeal Cases, November 1957, L.L.J. Volume I, 1958, in page 247, Martin Burn Ltd. *versus* Shri R. N. Banerjee. As the Company was still very adamant and did not take the workman concerned into their job and wanted to pay him some compensation, the matter was taken up by Dr. Dhirendra Nath Sen, President of the Union to the Hon'ble Chief Minister of the State and the matter was referred to this Labour Court under section 10 of the Industrial Disputes Act.

The case of the Union is that both the Hon'ble Labour Appellate Tribunal and Hon'ble Supreme Court have held that not even a *prima facie* case has been established to dismiss Shri R. N. Banerjee after hearing the facts of the case on merit. In view of the judgment, finding and observations in the said cases there is no scope of fresh enquiry on merit and as such on principles of *res judicata* the termination of service of Shri R. N. Banerjee should be held to be unjustified and he should be reinstated with all back wages, bonus and other dues for the period of his forced unemployment. That Shri R. N. Banerjee is an active and sincere worker of the Martin Burn Indian Employees Union with a promising career, which was suddenly brought to an end by a letter of the Company, dated 21st June 1954, in spite of clear verdict of the Hon'ble Supreme Court of India and the Labour Appellate Tribunal in his favour, which will be referred to in due course. That the Company filed an application before the Fifth Industrial Tribunal under section 33 of the Industrial Disputes Act, 1947, for termination of service of Shri R. N. Banerjee but the Tribunal became *functus officio* and eventually the Union having preferred an appeal against the Company, filed a petition under section 22 of the Industrial Disputes (Appellate Tribunal) Act for permission to terminate the service of Shri R. N. Banerjee. That proper notice was not served to the workman concerned who could not appear and place the material facts before the Hon'ble Appellate Tribunal and the Company got an *ex parte* order on 14th October 1955 in their favour. Thereupon Shri R. N. Bnerjee filed an application for review and restoration on or about 6th December 1955 and the same was granted by an order of Shri M. N. Gan, dated 6th March 1956, the then Judge of the Appellate Tribunal at Calcutta. Thereafter the matter was heard on merit, but the Company's petition was dismissed by the Labour Appellate Tribunal who discussed the matter at length and the Hon'ble Appellate Tribunal observed "The mere opinion of the Company that the Opposite Party became unsuitable to be retained in service cannot be accepted. No materials are placed before this Tribunal to enable it to arrive at such a conclusion beyond periodical accusations against the Opposite Party without proof. Hence I hold that not even a *prima facie* case is made out for termination of the services of the Opposite Party on the ground that he has become unsuitable for retention in service and in the interests of discipline and works". The Hon'ble Appellate Tribunal further observed that "Company concluded that the Opposite Party is unsuitable for his retention in service after he served for about ten years and as the mere opinion of the Company and its officers to that effect, even if there be no proof of *mala fide* and even when expressly repeated, is not sufficient to enable this Tribunal to conclude that the opinion of the Company and its officers is correct, I refuse to grant permission to the Company to discharge the Opposite Party". The workman then tried to resume his duties but he was refused. The Company ultimately preferred an appeal before the Hon'ble Supreme Court of India. That the said judgment of the Hon'ble Supreme Court was given on September 20th, 1957 and is reported in Labour Law Journal, 1958, Vol. I (February 1958) and after the said judgment was delivered, the said Shri R. N. Banerjee wrote to the Company letters and asked for permission to resume his duties as well as the back wages due to him and thereupon Dr. Dhirendra Nath Sen, President of the Union, took up the matter to Dr. B. C. Roy, Chief Minister of the State, and attempts of conciliation were made but nothing could be achieved due to the said *mala fide* and vindictive attitude of the Company whose attitude became more violently vindictive and *mala fide* after successive defeat in the Labour Appellate Tribunal and at the Supreme Court and the matter has been ultimately referred to the Second Labour Court for adjudication.

The Company in their rejoinder states that Shri R. N. Banerjee was appointed on the 30th April 1945 as a Pay Clerk in the Company's Cash Department and was confirmed in service with effect from 1st August 1945. Since the beginning of 1949 Shri Banerjee was found to have become negligent and careless in his work and he was also disobedient and slow in the performance of the duties which were alloted to him. He was verbally warned but without any effect. Consequently the Chief Cashier by his letter, dated 24th October 1949, complained against him to the Management. The Management thereupon by a letter, dated 24th October 1949, asked for his explanation which he submitted on the 28th October 1949 stating that the wrong on his part was due to his ill-health and hard work; he however prayed to be excused, with the promise that he would take much more care in future about his work. He was therefore excused at that time. On 17th November 1949 the Chief Cashier again complained against him stating that he had not made any improvement but was keeping arrears of work and when questioned, became insolent. The matter was immediately investigated and he was given a charge-sheet, asking him to show cause why he should not be dismissed from service. He was also suspended till the final disposal of his case. He replied to the same by his letter, dated 19th November 1949, making various false pleas and asking for a chance to represent his grievance to the Managing Director. On receipt of this letter the Managing Director directed him to see the then Company's Manager the late Mr. S. N. Mukherjee, for his personal explanation as desired. The matter was thereupon investigated by the late Mr. S. N. Mukherjee who found Shri Banerjee guilty of the charges but in view of the apology tendered by him to the Chief Cashier for his insolent behaviour and also the undertaking to work properly the late Mr. Mukherjee recommended for giving him another opportunity to prove himself of good behaviour and suggested his transfer to some other department. The order passed by the Labour Appellate Tribunal or Supreme Court in their award or judgment has no bearing on the present case, namely, whether on the facts and circumstances of the case, the Company was justified in discharging Shri Banerjee. This is quite a separate matter from those which the Labour Appellate Tribunal and the Supreme Court had to consider.

The Union's contention that the order of the Appellate Tribunal and the judgment of the Supreme Court would operate as *res judicata* is not correct. In fact the Supreme Court kept the matter open by categorically stating that "Whatever rights and remedies are available to the appellant (Company) by reason of these circumstances may just as well be asserted by the appellant in appropriate proceeding which may be taken hereafter either at the instance of the appellant and respondent. We are not at present concerned with the same".

The circumstances stated above would amply prove that the work and conduct of Shri Banerjee was demonstratively unsatisfactory and therefore the Company's conclusion that he was unsuitable to be retained in service was justified. The Company discharged him by letter, dated 11th November 1956, on arriving at the said conclusion. It appears then that this matter has been agitated upon by both sides for a long time and the employer Company, i.e., Martin Burn Co., went up to the Hon'ble Supreme Court of India. Hon'ble Supreme Court of India in their Division Bench considered the application of the Company for permission to discharge the employee and rejected the prayer of the appellant Company, i.e., the Messrs. Martin Burn Company and the decision of the Hon'ble Supreme Court of India appears in L.A.C. November 1957 and in L.L.J. Vol. I, 1958, in page 247. Hon'ble Supreme Court of India while rejecting the prayer of the Company observed "The employer acting upon the order of permission granted by the Labour Appellate Tribunal, *ex parte* terminated the services of the concerned workman. On an application by the aggrieved workman, the *ex parte* order was set aside and ultimately permission was refused. In dismissing the appeal under Article 136 of the Constitution against the order refusing the permission, the effect of termination of the services of the concerned workman on the ultimate rights of the parties was left open for consideration in appropriate proceedings". After the Hon'ble Supreme Court rejected the appeal it would have been better for the Company to take the employee concerned and if they wanted to dismiss him they should have framed regular charge against him, should have obtained his explanation thereof and should have held the regular enquiry where all facilities to the workman concerned should have been given and even thereafter, if they would have been satisfied that the workman is really guilty they could dismiss him but far from doing that, they preferred a short cut way of saying that they won't keep this man, simply because he is unsuitable for their administration. Result was that the Union President Dr. D. N. Sen took up the matter with the Chief Minister of this State and a fresh reference under section 10, Industrial Disputes Act, was made to the Second Labour Court, West Bengal, for adjudication. I have therefore adjudicated into the matter and have taken down the evidence of both the sides and have read the documentary evidence adduced by both the sides and have given my most anxious consideration into the matter and have come to the following conclusion:—

Issue before me is whether the termination of the service of Shri R. N. Banerjee was justified and to what relief including reinstatement he is entitled. Both the Union and the Company submitted written statement before me. Besides oral evidence, both sides also produced documentary evidence. The most important document Ext. A which is Paper Book prepared by Messrs. Martin Burn Ltd. in this appeal to the Hon'ble Supreme Court, in case No. 631 of 1956. This important document was taken into evidence on admission by both the Company and the Union and both of them have used this document in support of their cases. While considering into this matter afresh, I have given my due and respectful attention to the decision of the Hon'ble Supreme Court of India reported in L.L.J. 1958, Vol. I, page 347, and also the decision of the Hon'ble Labour Appellate Tribunal of India as would appear in page 32 of the Paper Book mentioned.

The Company wanted to terminate the service of Shri R. N. Banerjee during the pendency of the case before the Fifth Industrial Tribunal, West Bengal, and in accordance with section 33 of the Industrial Disputes Act filed an application for permission to dismiss him. The said petition eventually became infructuous. There was an appeal pending against the award of the Fifth Industrial Tribunal and as such, the Company had to file petition under section 22 of the Industrial Disputes (Appellate Tribunal) Act for permission to terminate the service of Shri R. N. Banerjee. The learned Advocate on behalf of the Company Shri Sen has argued that this Court will have to consider quite a different case than that which was before the Labour Appellate Tribunal and before the Hon'ble Supreme Court of India. The Government referred the issue of justification for termination of service of Shri R. N. Banerjee. From the decision of the Hon'ble Supreme Court in G. McKenzie's case, it would be evident that the Tribunal or Court in case of such reference should consider the matter on the basis of evidence before it and not on the findings of the Judges in the previous case of section 22 of the Industrial Disputes (Appellate Tribunal) Act or section 33 of the Industrial Disputes Act. Mr. Sen further argued that Hon'ble Labour Appellate Tribunal took it for granted that there was no terms of contract of service permitting the Company to terminate his service by giving one month's notice. This mistake was committed as the document in question was not produced before the said Tribunal. It has now been produced before this Court (*vide* Ext. A4, letter dated 7th August 1945). According to this letter, the Company is entitled to discharge R. N. Banerjee by giving one month's notice. Shri Sen further argued that consequently the remarks passed by Labour Appellate Tribunal are no longer justified and valid. The Hon'ble Labour Appellate Tribunal made adverse comments regarding non-production of Mr. Hooper's report. This report has now been filed, *vide* Ext A8—D.W. 2 also corroborated the facts of the case. This letter of Mr. Hooper has been strongly opposed by the Union as Mr. Hooper has not come to depose in this case, but it is the original letter which has been produced in his Court signed by Mr. Hooper and identified by D.W. 2 who knows the handwriting and I take this to be the genuine letter. But I fail to understand even now, how could this letter help the Company's case. Mr. Hooper in the last paragraph of his letter has remarked "I am confident that if this man is removed from the department we shall be able to show an improvement and I would most earnestly request that he be transferred elsewhere. He is a bad influence in the office." In his letter of request, it appears that Mr. Hooper did not recommend for the dismissal of this workman but only wanted to get rid of this workman and recommended his transfer. It is mere opinion of Mr. Hooper who might be office boss but simply because of an adverse opinion of superior officer the workman cannot be dismissed without any enquiry which is considered against all principles of natural justice and the perverse findings of a powerful Company, who cannot be above laws of the land, and who have definitely flouted the spirit of the order of the Hon'ble

Appellate Tribunal of India and of the Hon'ble Supreme Court of India, as will appear from the facts and circumstances of the case. The learned Advocate on behalf of the Union had argued that the Company both before Labour Appellate Tribunal and in Supreme Court tried to escape from their duty by suggesting that it was a case of discharge. Frantic efforts of the Company to establish the case as a last resort was taken note of by the Labour Appellate Tribunal and Hon'ble Supreme Court and their clear verdict was that the Company had the motive and purpose to dismiss Shri R. N. Banerjee whatever might be the language used. Learned Advocate of the Company Shri S. C. Sen had laid too much emphasis on the word discharge but I am inclined to think whatever the language they might use, the fact remains, that it was clear case of dismissal and that too, by the Company's sweet will for which no regular legal procedure was adopted. We find in the Hon'ble Supreme Court judgment reported in Labour Appeal case at page 660 "Mr. Sen had endeavoured to draw a distinction between discharge on the one hand and punishment by way of dismissal or otherwise on the other in clause (b) of section 22 of the Act. He contended that no *prima facie* case need be made out when an employee was sought to be discharged *simpliciter* by the employer. A charge-sheet was required to be submitted to the workman and an enquiry thereon required to be made in conformity with the principles of natural justice, only in those cases where the workman was sought to be punished by dismissal or otherwise. That was not the case when the workman was sought to be discharged without assigning any reason whatever and such a case did not fall within the category of punishment at all. For the purpose of the present case, we need not dilate upon this; it is sufficient to point out that Shri Ramani Ranjan Dhar in his affidavit in rejoinder filed on behalf of the appellant categorically stated that the respondent was sought to be 'dismissed' by reason of his having been found guilty of the various charges which had been levelled against him. Even at the *ex parte* hearing the application under section 22 of the Act before the Labour Appellate Tribunal, the case of the appellant was that it had made out a *prima facie* case for permission to 'dismiss' the respondent. This distinction sought to be drawn by Mr. Sen is therefore of no consequence whatever and need not detain us any further." So the Company themselves have used the word dismissal and actually acted as such although before this Court they have taken the plea that it is not a case of dismissal but of discharge. Hon'ble Appellate Tribunal of India had observed, *vide* page 34 of the Ext. A "Though the Company proposes to discharge the Opposite Party after paying him wages in lieu of notice and also retrenchment compensation, this is not a case of the service of the Opposite Party having become superfluous or unnecessary or the discharge being resorted to as a measure of economy. It is proposed to discharge the Opposite Party 'in the interests of discipline and good work' in the language used in the application and for the reason that he was found to be 'unsuitable to be retained in our service' in the language used in Company's annexure F(1), dated 28th May 1954. In either case the conclusion of the Company is based upon accusation of omissions and commissions of the opposite party spread over a period of five years from 1949 to 1954. Therefore the Company must make out a *prima facie* case for discharge on the basis of *prima facie* proof of the acts of commissions and omissions attributed to the Opposite Party. The allegations against the Opposite Party having been placed on record, the Company cannot be permitted to terminate the services of the Opposite Party by the short cut of paying wages in lieu of notice and retrenchment compensation without proof of the allegations. The place for compensation arises after the discharge of the workman takes place and is valid. Readiness to pay compensation by itself is never a justification for discharging workmen in the eye of Industrial law. The Company referred to some 'terms of contract of his service' in the application by which the services of the Opposite Party could be terminated if accompanied by such payment. No such terms of contract are proved. During the arguments it is conceded that there was no such contract. There are not even Standing Orders. In the award of Shri A. Das Gupta and Shri S. C. Chakravarty, dated 26th July 1949, passed in an industrial dispute between this Company and its workmen and published in the *Calcutta Gazette*, there was an issue about the procedure to be followed in the matter of dismissal discharge and retrenchment or other punishments and the Tribunal prescribed an elaborate procedure. Such procedure also was not followed in the present case. There is nothing in that award which authorises the Company to discharge a workman without making out a case for such discharge on the allegations made, if only the Company is prepared to pay some compensation".

Though from 28th May 1954 long five years are going to be over, the Company has no new case against him and the Company has no occasion to bring any fresh charge against him. It appears then that the complaint against Shri R. N. Banerjee was vague and was never substantiated by the Company. There was no enquiry, no charge-sheet, no explanation and there was clear violation of the principles of natural justice inasmuch as regular procedure of enquiry has not been followed. Finding of guilt or the decision "you are unsuitable to be retained in our service" is being without any materials, to warrant such a conclusion. Hon'ble Appellate Tribunal had further observed "Thereafter periodically with long intervals in between, accusations were made against the Opposite Party in November 1949, February 1951, September 1952, February 1953 and May 1954 and no attempt at enquiry and proof-methods were made". Now the difference between the two proceedings as already decided by the Hon'ble Labour Appellate Tribunal and Hon'ble Supreme Court and the proceedings before this Court is that formally under section 22 of the Industrial Disputes Act or section 33 of the Industrial Disputes Act where the scope and the jurisdiction of the Tribunal was to see whether *prima facie* case has been established here in this proceedings, reference under section 10 has wider power of enquiry and if the Company has not been able to establish the *prima facie* case where, very little proof is necessary, I wonder how could they establish their case before this Tribunal, over the very same facts, except that before this Tribunal they have produced only Hooper's letter which is a mere opinion of superior officer and the alleged contract that the services of the workman can be terminated with one month's notice. I regret these are no sufficient materials as to justify dismissal of a workman where the Company could have more cogent evidence in order to justify the dismissal. The Company has failed to establish the *prima facie* case before the Hon'ble Labour Appellate Tribunal and before the Hon'ble Supreme Court. They have also failed to establish their cases in this proceedings as well. The oral evidences have been adduced on behalf of the Company by two of their witnesses D.W. 1 Shri Kartick Chandra Sengupta who is senior assistant in the Cash Department and D.W. 2 Sushil Kumar Das, who is Head Assistant in the Messrs. Martin Burn Co., Ltd. Mechanical Engineering Department. In both the departments the workman concerned worked and the evidence of his boss was of little value, which discloses more or less adverse opinion against this workman concerned. It is to be considered, if on the adverse remarks of a superior officer, the service of workman can be terminated with or he can be dismissed without proper procedure. Might be, the workman was impertinent, careless to a degree, and has personal quarrel with his superior officer for which there are other methods of punishment and in my opinion, dismissal is too grave a punishment and a lighter punishment should have been accorded. Elsewhere in the payment of wages Court in Hamilton's case reported in L.L.J. 1955, Vol. II, page 350, I held "I should always think that for lighter offence there should not be severe penalty imposed and that, penalty imposed should always be commensurate with the offences committed, and there should always be fair deal to the employees". I hold the same view again and should consider that this offence of the workman does not merit dismissal which has been done in this case.

The learned Advocate Shri S. C. Sen had argued referring the question of *res judicata* that the Government has got no right to refer the matter under section 10 of the Industrial Disputes Act. It has been finally settled that any order passed by the order of the Appellate Tribunal in application under section 33 of the Industrial Disputes Act or under section 22 of the Industrial Disputes Appellate Tribunal Act would not operate as *res judicata* nor would prevent the Government from referring the matter to the Tribunal or a Labour Court under section 10 of the Industrial Disputes Act [*vide* the decision of the Hon'ble Supreme Court in the case of G. McKenzie & Co. (1919) Ltd. (*vide* 15 F.J.R., page 258—1959 L.L.J. Vol. I, page 285)]. Learned Advocate on the side of the Union had argued that a law has a course and the finality of litigation demands that one point once decided by a competent court, should not be lightly disregarded or in other words, the very fact which was agitated before one court and was decided should not be allowed to be agitated to off set the effect of the previous findings The matter, though indirectly was agitated upon before the highest Court of Law to whose decision I should respectfully bow down, here in this court only, Company tried to cover up lacuna by means of their fresh oral and documentary evidence of the very matter, which was decided by the Hon'ble Labour Appellate Tribunal of India and by the Hon'ble Supreme Court of India. The fundamental principles as has been laid down in the decision of the famous Buckingham Carnatic case L.A.C. 1952, page 490, as upheld by the Hon'ble Supreme Court of India in the case of Iron and Steel Company 1958, Vol. I, page 260, has not been observed and although the Company tried to cover their lacuna the Company proceeded against workman most arbitrarily and even without any charge-sheet and tried to give effect to the *ex parte* order in terminating the services of Shri R. N. Banerjee with effect from 1st July 1954. As a matter of fact they did not act according to the spirit of the order of the Hon'ble Labour Appellate Tribunal of India and the Hon'ble Supreme Court. After the Company lost their case in both these Tribunals, Dr. Dhirendra Nath Sen, President of the Union, wrote a letter to the Hon'ble Chief Minister of West Bengal to bring to his notice the high handedness of the Management and the helpless position of the poor worker and the matter was subsequently referred to this Court for adjudication under section 10 of the Industrial Disputes Act. This Court, therefore, cannot shirk its responsibilities and will have to give its decision in clear conscience. Cardinal principles which the Hon'ble Supreme Court has prescribed as decided in the Buckingham Carnatic case and upheld by the Supreme Court in Iron & Steel Co. are—

(1) the Tribunal can interfere with the order of dismissal passed by Management when there is want of good faith;

(2) when there is victimisation or unfair labour practice;

(3) when Management has been guilty of basic error of facts or violation of the principle of natural justice; and

(4) when on the materials, the findings are completely baseless and perverse.

I find that the Company is guilty of the violation of the principle of natural justice. The poor materials on which they have based their findings is completely baseless and perverse and I regret I cannot hold that the dismissal of the Company or the termination of the service of Shri R. N. Banerjee was justified. The termination of Shri R. N. Banerjee was a pure case of dismissal both on facts and law and the plea of discharge that he is unsuitable to the Company is no excuse. In the Indian Constitution, in Article 310, it has been provided in page 750 of the Indian Constitution by Basu "(1) Except as expressly provided by this Constitution, every person who is member of a defence service or of a civil service of the Union or of an all-India service or holds any post connected with defence or any civil post under the Union, holds office during the pleasure of the President, and every person who is a member of a civil service of a State or holds any civil post under a State, holds office during the pleasure of the Governor or, as the case may be, the Rajpramukh of the State". This has been provided for so far as the civil service of the Government is concerned. I wonder if employer Company Messrs. Martin Burn Co. has taken the role of the Government and has similarly prescribed that during their pleasure, their employees should hold their appointment and they can dismiss an employee by saying that he is not suitable. This is against all principles of natural justice. Neither any private Company however influential it might be, can take this role as the Government and discharge and dismiss their employees at their sweet will, without proper charge-sheet, explanation and the enquiry. That will be illegal, not warranted by the legal principles of the land, far less, in consonance with the natural justice. Over this question of *res judicata*, while I do not accept that this question of dismissal cannot be raised in subsequent proceedings, I should think that due regard should be paid to the decision in this case as has been held by the Labour Appellate Tribunal of India and by the Hon'ble Supreme Court of India. The broad principle of *res judicata* and the underlying meaning of the term was discussed by the Hon'ble Supreme Court in the case of Burn & Company Limited *versus* their employees in 1957 Vol. I L.L.J., page 226. The Hon'ble Supreme Court observed "that would be contrary to the well recognised principle that a decision once rendered by a competent authority on a matter in issue between the parties after a full enquiry should not be permitted to be reagitated". The termination of service of Shri R. N. Banerjee on the basis of alleged complaint on the part of the Company has not been viewed with good grace both by labour Appellate Tribunal and the Hon'ble Supreme Court who clearly held that the Company has a motive to dismiss Shri R. N. Banerjee. From the facts and circumstances that I have discussed, I am convinced that this dismissal was not at all justified and I should hold that the Company was over zealous to dismiss the employee and is now trying to justify the action by circumventing that it is a case of discharge and not of dismissal. Next comes the question of reinstatement and the compensation to which this workman Shri R. N. Banerjee is entitled to. If I am to look to the peace in industry, it is clear that for smooth running of the business, Shri R. N. Banerjee will not be thrust upon on an unwilling Company where both of them will feel unhappy. Shri R. N. Banerjee cannot long continue even if he is reinstated and on some plea or other, in the next time the Company will cover their lacuna and will dismiss him from their service. It is therefore an appropriate case where the principle laid down in Labour Appellate Tribunal in case of Benares Light & Power Co., Ltd. reported in 1952 L.A.C., page 243, should be followed where it has been observed "in this state of relation between the Management and the employee the order of reinstatement would not be an appropriate relief viewing the matter objectively in the interest of the Industry for bringing about harmony in relationship between the two". It will be sufficient to vindicate justice if suitable compensation is paid in this case. It is unfortunate that the workman has been dragged from one court to another, and from litigation to litigation which means lot of cost. It is in his evidence that he was drawing Rs. 185 per month and he was dismissed from its service from 1st July 1954. The Company was prepared to pay him compensation for which they issued a cheque. In his evidence the workman has stated that he received a cheque but he did not cash it and he still holds that cheque. I should think therefore that the end of justice will be vindicated if he is awarded a lump sum compensation of Rupees Two thousand and five hundred plus his provident fund dues which he should settle with the Company.

I should therefore award him a lump sum compensation of Rupees Two thousand and five hundred only which he should adjust with the cheque of the Company already issued to him. The Company should pay the balance to him within one month from the date of publication of the award in the *Calcutta Gazette*.

This is my award.

Duncan Brothers & Co. Ltd.) P. O. Birpara, Jalpaiguri, and its workmen represented by the Duars Cha Bagan Workers' Union, P. O. Kalichini, Jalpaiguri, regarding matters specified in the second schedule of the Act, to this Court for adjudication

Schedule

Whether the dismissal of Puran Chowkidar is justified? To what relief is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Shri Puran Chowkidar previously employed as a Chowkidar in the Birpara Tea Estate (Messrs. Duncan Brothers & Co. Ltd.) P. O. Birpara, Jalpaiguri, hereinafter described as the Company for the sake of brevity.

The case of the Union in short is as follows:—Shri Puran was a Store Chowkidar of the Company for about 10 years without any blemish. As a Store Chowkidar he had to do multifarious jobs of issuing articles from the Stores. On 26th February 1957 while Puran went to the Paint Godown keeping the Store Godown open in presence of Mr. D. J. Proctor, Engineer, during his short absence Shri Donaru, a driver of the Company ,who was loading fire-wood from the adjacent godown, in collusion with Gandoor managed to steal a tyre and sold it to his Punjabi friend holding truck No. WGU 1107. The Manager as he was very friendly with drivers Donaru and Gandoor, did not take any action against them, but foisted the theft on Puran and found him guilty without any justification and dismissed him illegally. The Union impeaches the dismissal of the Chowkidar and seeks his reinstatement with other reliefs.

The Company denies the material allegations in the Union's written statement and contends that Shri Puran was found guilty of the theft of a tyre on proper charge and after due enquiry wherein he was given all facilities to defend himself, and so he was dismissed under clause 13(11) of the Standing Orders of the Company. In this connection Donaru driver, Gondoor Khalasi and Nago Khalasi were also charge-sheeted and they were also found implicated in the theft, but the Management dealt with them rather leniently and let them off with a warning. The Company denies allegations of *mala fides* and unfair labour practice and contends that Puran is not entitled to any relief.

Decision

There is no dispute in this case that there was theft of a tyre from the Company's godown on 25th February 1957. It is also common ground that Puran who was admittedly a Chowkidar with whom the keys to the Stores and Godowns used to be kept during the day time, could not account for the missing tyre. It is admitted by the workman that according to Stock Book (Ext. 1) four tyres were received during the year 1956, out of which two were expended and two were in stock at the end of the year 1956. While he was asked as to what had happened to the missing tyre, the workman Puran said that he had given two tyres to Ford lorry and one to Morris No. 2, and on his so saying he was asked to show the tyres, but he was unable to show the two tyres which he said to have given to Ford lorry, and then he retracted his statement. It will appear from the deposition of Puran himself that he admits to have told the Manager that he had given two tyres to Ford lorry and one tyre to Morris No. 2, and when the Manager asked him to show the aforesaid tyres, he could not show him the tyre which was stolen. This was followed by a domestic enquiry (Ext. A) held by Mr. Stradwick. In this case, there was admittedly by the workman a charge-sheet and an enquiry, in which witnesses were examined. Puran says that he was driven out of the place of enquiry and that his witnesses were not examined and that he was not allowed to be represented by a Union Official. This statement of Puran is, however, contradicted by Mr. Proctor, who deposed before me that the Manager recorded the statements of the witnesses at the enquiry in presence of Puran, who did not want to be represented by a Union Official, nor was he driven by the Manager from the place of enquiry. Exhibit A also contradicts Puran in this behalf. I have carefully gone through the proceedings of the enquiry (Ext. A), and found no elements which vitiated the same. Following the latest decision of the Hon'ble Supreme Court laid down hereunder in the case of G. McKenzie & Co. Ltd. and its workmen and others reported in 1959 L. L. J. Vol. I, page 285, I would hold that no vitiating elements are present or have been proved on the part of the Company so as to vitiate the result of the enquiry. The decision of the Hon'ble Supreme Court in the aforesaid case runs as follows:—

"The principles which govern the power of an Industrial Tribunal to interfere with the decision of the employer following an enquiry made by him have been laid down by the Supreme Court in 1958-I L. L. J. 260 in the following words:—

> 'Undoubtedly, the Management of a concern has power to direct its own internal administration and discipline; but the power is not unlimited and when a dispute arises, Industrial Tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal on misconduct the Tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the Management. It will interfere—
>
> (i) when there is want of good faith,
>
> (ii) when there is victimisation or unfair labour practice,
>
> (iii) when the Management has been guilty of a basic error or violation of a principle of natural justice, and
>
> (iv) when on the materials the finding is completely baseless or perverse.'

It is for the Management to determine what constitutes major misconduct within its Standing Orders sufficient to merit dismissal of a workman but in determining such misconduct it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the Management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the abovementioned principles are not violated. But in the absence of these facts or in the case of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the Industrial Tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits."

I must say that the view taken by the Company is a possible view, and that none of the vitiating elements are present. In this view of the matter, I would hold that the charge was clearly enunciated as per Ext. B-4 and that the enquiry was properly held, wherein no principles of natural justice appear to have been violated, and that there were no *mala fides* on the part of the Company nor any unfair labour practice, nor was the finding arrived at by the Company perverse. In this connection, I would refer to the contention of the Union that as per charge-sheet (Ext. B-4) Puran was charged with theft on 28th February 1957 when there was no theft as theft occurred on 25th February 1957 (*vide* other charge-sheets Exts. B-1, B-2 and B-3) as against Gandoor, Nago and Donaru, and as such the Court must exonerate Puran as there was no theft on 28th February 1957. All these workmen were charge-sheeted for the same theft occurring on 25th February 1957, and the date was obviously wrongly noted in Ext. B-4 against Puran. This contention cannot, therefore, prevail. It is not enough simply to say that Puran had some Union activities. Despite his Union activities I am unable to believe that the Company would stoop so low as to fabricate a false charge of theft in respect of a tyre against a Chowkidar, who had put in 10 years' service. I must at the same time point out that the Union's suggestion that the Manager, Mr. Proctor and the driver Donaru are hand in glove and that Donaru actually stole the tyre, but the blame was shifted on to Puran, and thus their pet driver was saved. This suggestion does not, however, stand scrutiny. Even assuming that the enquiry was not properly held as it is contended on behalf of the Union that it was not held in presence of Puran and that some of the witnesses gave their depositions in English at the domestic enquiry which was unintelligible to Puran, the Court has considered the evidence recorded during trial before it, and is satisfied that the Company's finding that Puran was guilty of the theft is justified, and there is adequate evidence—both oral and documentary—to support this finding. The learned Advocate on behalf of the Union has tried his level best to show that the record (Ext. F) is not a complete picture of the tyres purchased, because one tyre was purchased in August 1956 at a local market, which was not entered in the Stock Register. But the Company has explained that the local purchases are made only in case of urgent necessity, and that tyre was purchased in order to enable the lorry to pass the test that it was duly equipped and was in a fit condition. Learned Advocate for the Union has simply tried to prove that the charge of theft could not be brought home to the workman beyond reasonable doubt, but that is not the test required at the domestic enquiry, though proof is required to exclude all reasonable doubts in a criminal trial. In a domestic trial, the standard of proof is different, and if there be sufficient materials to enable the Court to hold that Puran might be reasonably held guilty of theft, that is sufficient. The evidence adduced in this case is sufficient for that test, and the view taken by the Company at the domestic enquiry is a possible one, and I have no valid reason to interfere with it.

Having regard to the evidence adduced in this case both oral and documentary—I must say that the dismissal of Puran on the charge of theft of one tyre is justified, and that he is entitled to no relief. In this connection, I must not be oblivious of the fact that the Company took a lenient view of his guilt in that he was allowed to work as an ordinary labourer in the garden thereafter, though that resulted in reduction of his emoluments. It may also be pointed out that the driver Donaru and other Khalasis were also proceeded against, and they were duly let off with a warning. There is no reference before this Court concerning them. So, the Court would not be justified in making any observations respecting them. I may before parting point out that Ext. L. memo. of settlement, dated 24th February 1958, does not cover the point of reference as there is no mention of it, and as there was already the reference to this Court being dated 21st February 1958.

To sum up, the dismissal of Puran Chowkidar is found justified, and he is entitled to no relief.

This is my award.

Notices

3. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such step as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer shall be entitled to carry out the measure.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The State Government shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the Health Officer as being fit for the purpose of such isolation.

15. If it is not possible for the State Government to provide suitable places with necessary attendants, diet and other necessaries for isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the nearest hospital where there is suitable arrangement for isolation.

20. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried with proper precautions to a hospital.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Shri Surith Singh, previously employed in Messrs. Sk. Serajuddin, Bus Owner, 19 Barrackpur Trunk Road, Calcutta, hereinafter described as the Company for the sake of brevity.

The Union's case in the written statement is that the workman Shri Surith Singh was employed as a permanent Conductor of Bus No. WBR 1045 in Route No. 78 under the Company for about 12 years. As this workman was an active trade unionist, the Company nursed a vindictive attitude towards him, and suddenly dismissed him on 21st January 1958 without any justification, notice or enquiry—ignoring the principle of "last come, first go". In the circumstances, the Union seeks his reinstatement together with other incidental reliefs.

The Company took several adjournments to put in a written statement, but ultimately on 10th June 1959 a joint petition was filed by the Company and the workman stating that the dispute has been amicably settled. The workman himself has also filed a petition stating that he will not proceed with the case as the dispute has been amicably settled. In the circumstances, a "no dispute" award is passed in this case.

The Government of West Bengal, in the Department of Labour, by order No. 3775-I.R./IR/7L-16/57, dated 27th September 1957, and subsequent corrigendum No. 719-I.R./IR/7L-16/57, dated 26th February 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Fort William Jute Co. Ltd., Sibpore, Howrah, and their Durwans represented by the Fort William Jute Mills Employees' Union, 12 Raj Narayan Choudhury Ghat Road, Sibpore, Howrah, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

> What dress should be supplied by the Management to Durwans as winter uniform? To what relief are they entitled for non-supply of the same?

AWARD

This is a reference arising out of a dispute between Messrs. Fort William Jute Co., Ltd., Sibpore, Howrah, hereinafter described as the Company for the sake of brevity and their Durwans represented by the Fort William Jute Mills Employees' Union, 12 Raj Narayan Choudhury Ghat Road, Sibpore, Howrah, hereinafter referred to as the Union, over the non-supply of winter uniforms to the Durwans of the mill.

The Union contends that the Mill Authorities supply only pull-over to the Durwans which is not adequate protection against the cold experienced by the Durwans while discharging their night duties in the mill. The first Omnibus Jute Tribunal gave its Award while dealing with the issue in paragraph 22(b) of the award. Some other Jute Mills of the same Management supply winter uniforms to the Durwans. The Management agreed to supply over-coat to the Durwans, but has not fulfilled its promise. Hence, the Union demands that one winter uniform be supplied to the Durwans and that the mill may be directed to pay Rs. 25 per head per year as compensation for non-supply of winter uniforms to the Durwans during past years.

The Company in its written statement denies being a party to the First Jute Tribunal Award and contends that the question of supply of uniforms by the Management is purely discretionary with the Company, and that the Company is not bound to provide uniforms except in accordance with the provisions of the Factories Act. The Company further contends that the Durwans are supplied with full uniforms, and in addition every one is given one woollen jersey for winter season by way of winter uniform which is deemed sufficient for the cold ordinarily felt in Calcutta and Howrah. The Company further affirms that the Management offered to provide the night Durwans with one over-coat for each post as a further protection against cold, which, however, has been refused by the Union without any justification. The Company, therefore, resists the claim of the Union for supply of winter uniforms to the Durwans.

Decision

In my opinion, the issue is not happily worded. The issue is what dress should be supplied by the Management to Durwans as winted uniform and what relief they are entitled to for non-supply of the same. The issue should have been better framed as follows:—

> Are Durwans doing night duty entitled to the supply of winter-uniforms? What relief the Durwans are entitled to in the event of its non-supply?

There is no dispute that the instant Company was also a party to the First Jute Tribunal Award of the year 1948. At page 108 of the said award from paragraph 23(1) thereof, it appears that the learned Counsel for the Indian Jute Mills Association intimated to the Tribunal that the mills agreed to supply both summer and winter uniforms and water-proofs to Durwans and Drivers and shirts and shorts to the members of crews of launches. Thus the Jute Mills concerned agreed to supply both summer and winter uniforms to Durwans. Next, my attention has been drawn to the award (Issue No. 6) in the case of Port Engineering Works, Najergunge, and their workmen published in the *Calcutta Gazette*, dated July 17, 1952, and reported in L.L.J. 1952, Vol. I, page 199, wherein it is laid down that the Management is not bound to provide uniforms except under provisions of the Factories Act. On a reference to the above case law of the Labour Appellate Tribunal of India, it appears that the Tribunal rejected the claim of the workers for supply of uniforms other than as provided in the Factories Act. My attention has not been drawn to the provisions in the Factories Act, 1948, concerning supply of uniforms. There are, of course, provisions laying down safety measures and other precautions which throw no light on the question of supply of winter uniforms as in this case.

In this connection my attention was also drawn to the award in the case of Messrs. Alfred Harberts (India) Ltd., and their employees, given by Shri M. C. Banerjee and published at page 4521 of the *Calcutta Gazette*, dated December 6, 1956, where the learned Judge has observed that no directions are made as to grant of winter uniforms as they are already supplied to the persons, if they are necessary. With the above case laws before me, I proceed to make my observations having regard to the facts as revealed in this case.

Admittedly, the Company supplies two cotton coats and two cotton trousers and a pair of shoes to each Durwan every year. It appears to me that the trouble arose between the parties over the notice, dated 16th December 1957 (Ext. 1), whereby the Durwans were informed that whenever they will proceed on leave they should deposit their uniforms, shoes, coats, trousers and caps to the Supervisor and on return from leave they should collect the same from the Supervisor, and failure in this behalf would entail disciplinary proceedings. In connection with this notice, it was argued by the learned Advocate for the Company that the Union came by this notice dishonestly, and therefore the Union which seeks equity in this case has not come with clean hands, and as such the Union cannot demand any equity. Of course, the Union could not satisfactorily explain how this notice which was posted on the Company's Notice Board in its office came into the hands of the Union. Let the mode of collecting the notice apart, I take the notice as it is, and proceed to decide the case.

There is no dispute that the Durwans are required to do night duties at 12 points, of which 11 are inside the mills and one is on the jetty on the Ganges. During the winter, over-coats are deemed necessary for the purpose of protection against cold and supply thereof is necessary for better performance of duties by the Night Guards, and that is in the interests of the Company itself. If sufficient protection against cold is not given to the Night Durwans they may fail in properly discharging their duties as Night Watchmen, and in view of the Management's once agreeing to give one over-coat to each Durwan during the winter, I think, the Management should supply one over-coat each to the 12 Durwans required to do night duties. Of course, I am not unmindful of the fact that the Management gives one jersey to each Night Watchman in the winter season, but this may not be sufficient protection against cold, and in that view of mine, I think, I shall not be unjustified if the Management be directed to supply one over-coat to each Durwan required to do night duty during the winter season. In my opinion, no warm trousers are necessary to combat cold in Calcutta and Howrah, and one long warm over-coat is deemed sufficient for the cold there. It is further pointed out that Sitaram is given warm trousers from Company's purse as he is a Dak Peon required to go here and there for delivery of mails. So, he stands on a different footing. It is in evidence that the Durwans refused to accept jersey, because the Company did not supply winter uniforms. This refusal to accept jersey on the part of the Union is unjustified.

As regards ownership of the winter uniforms, both parties agreed that the ownership would always remain with the Company, and the Durwans cannot claim the over-coat directed to be supplied to them as their own property. So, the over-coats which the Company would supply to the 12 Durwans required to do night duty, will always remain the properties of the Company, and the Durwans would be permitted only to use them while doing night duties in the winter.

The Union has also claimed some compensation from the Company for its non-supply of winter uniforms to the Durwans. This claim of the Union is untenable and is rejected.

In the circumstances, the 12 Durwans doing night duty are found entitled to the supply of one long warm over-coat for performing night duties during winter, and the Company is directed to supply the same to each of the 12 Durwans required to do night duty at 12 points during the winter season, and the ownership of the over-coat will remain with the Company, and the Durwans will not be entitled to claim any ownership in the over-coat, but they will be allowed only to use the same in the winter while doing night duty. No direction is given in the award as to any pecuniary relief in default of supply of the over-coat, as that may give rise to unnecessary complications. Accordingly no such direction is given in the circumstances of the case.

This is my award.

In the matter of an industrial dispute between the Dalmore Tea Estate, P.O. Birpara, Jalpaiguri (Managing Agent Messrs. Octavius Steel Co., Ltd., Calcutta), and their workmen represented by the Duars Cha Bagan Workers' Union, P.O. Kalchini, Jalpaiguri. (Case No. VIII-C-37/58.)

PRESENT:

SHRI N. C. CHATTERJEE, *Judge, First Labour Court.*

Appearances:

For the Union: Shri D. L. Sen Gupta, Advocate, Shri M. M. Saha, Advocate, instructed by Mr. A. H. Bersterwitch, General Secretary of the Union.

For the Company: Shri N. K. Raha, Advocate of Messrs. Orr. Dignam & Co., Solicitors.

The Government of West Bengal, in the Department of Labour, by order No. 572-I.R./IR/9L-6/58, dated the 14th February 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between the Dalmore Tea Estate, P.O. Birpara, Jalpaiguri (Managing Agent Messrs. Octavius steel Co., Ltd., Calcutta), and their workmen represented by the Duars Cha Bagan Workers' Union, P.O. Kalchini, Jalpaiguri, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule

Whether the dismissal of the following workmen is justified? To what relief are they entitled?

(i) Shri Dalman Sarki.
(ii) Shri Ramlal Chetri.
(iii) Shri Jetha Monger.
(iv) Shri Monbahadur Chetri.
(v) Shri Kyla I of Padambahadur Sirdar.

AWARD

This is a case arising out of alleged illegal and unjustified discharge of five workmen (1) Shri Dalman Sarki, (2) Shri Ramlal Chetri, (3) Shri Jetha Monger, (4) Shri Monbahadur Chetri and (5) Shri Kyla I of Padambahadur Sirdar previously employed in the Dalmore Tea Estate, P.O. Birpara, Jalpaiguri (Managing Agent Messrs. Octavius Steel Co., Ltd., Calcutta), hereinafter referred to as the Company for the sake of brevity.

The Union's case in short is as follows:—

There was a complaint of theft of tea in the garden of the Company on 21st November 1955 said to have been committed on 16th November 1955, and the Company wanted to implicate Shri Dalman Sarki (No. 1), Shri Ramlal Chetri (No. 2) and Shri Jetha Monger (No. 3) and with that end in view tampered with records and destroyed evidence unhelpful to the Company. On 17th November 1955 when the said three workmen came to work, the Manager of the Company called them in his office to answer a charge of theft, but no questions were put to them on 17th, 18th and 19th November 1955. The Company verbally dismissed them without any reason or justification on 20th November 1955. These three workmen were arrested by the Police at the instance of the

Company, but the learned Magistrate acquitted them for want of evidence. After their acquittal they reported for duty, but they were told that they were dismissed. The Union contends that the dismissal of the workmen was mala fide, illegal and in violation of the principles of natural justice and seeks their reinstatement together with other reliefs.

Regarding Shri Manbahadur Chatri, the Union's case is that he was in the Company's service for about 30 years in different capacities. He was charge-sheeted on 17th January 1957 on an alleged charge of refusing to do the work of a night chowkidar to which he was directed at 7-30 a.m. on that date. His daughter's child was seriously ill at his house, and so he could not carry out the order. The Company held no enquiry, but dismissed him with effect from 19th January 1957 high-handedly.

Regarding Shri Kyla I of Padambahadur Sirdar —on 21st November 1955 he was asked to attend the skiffing mela, a work other than his normal works, but he could not carry out the order as he did not bring the implements required for the particular job of skiffing. So, he requested the Assistant to allow him to do his normal job for sufficient reasons, but the Assistant dismissed him straightway without any charge-sheet, enquiry, reason or whatsoever.

The Union challenges the dismissal of the five workmen concerned as unjust, illegal and mala fide for active trade unionism of the workmen and seeks their reinstatement with other reliefs.

The Company denies the material allegations of the Union and contends, *inter alia*, that Shri Dalman Sarki absented himself from the garden without any reason or Company's permission from the afternoon of 15th November 1955, and Shri Ramlal Chetri and Shri Jetha Monger also followed suit with effect from the afternoon of 17th November 1955. Therefore, the Company notified by a notice, dated 19th January 1956, that they must join on or before 31st January 1956 on pain of their names being struck off the muster rolls of the garden, and as they failed in complying with the direction their names were struck off on 1st May 1956. Shri Dalman Sarki had a previous warning too for his unauthorised absence from the garden.

Shri Manbahadur Chetri was duly charge-sheeted for disobedience to carry out the lawful and reasonable orders to work as a night chowkidar on 17th January 1957, and the Manager held an enquiry on 18th January 1957 and duly found him guilty of the charges and dismissed him on 19th January 1957. Shri Chetri had also previous warnings.

The Company charge-sheeted Shri Kyla I on a charge of attempting to assault the Ration Godown Staff and Kulassis. On enquiry he was duly found guilty, but he was given a chance and allowed to resume work after a severe warning on 18th March 1953. But he did not mend his ways and was charge-sheeted for gross insubordination. On 14th December 1955 he was allowed to rejoin on giving an undertaking to be of good behaviour in future, and on 27th November 1956 he was asked to join skiffing mela from 28th November 1956 by Mr. P. K. Basu, Assistant Manager, which he refused to carry out insolently and was dismissed.

Thus the Company justifies the dismissal of the five workmen concerned, and contends that they are entitled to no relief.

Decision

In this case, the Court is called upon to decide whether the dismissals of the five workmen aforesaid are justified. The cases of Dalman Sarki, Ramlal Chetri and Jetha Monger may be grouped together for treatment, as the Company dismissed them on the same ground of their unauthorised absence from 17th November 1955 all through pursuant to the Standing Orders, and their names were struck off the muster rolls with effect from 1st May 1956. The case of Manbahadur Chetri is, however, different and stands by itself and so also the case of another workman—Kyla I of Padambahadur Sirdar. Manbahadur, it appears, was dismissed on a charge of refusing to carry out the reasonable orders of the Management, namely, that he was asked to work as a night chowkidar on 17th January 1957 which he wilfully disobeyed. The case of Kyla I is similar to that of Manbahadur in that the reason for his dismissal was the same, namely, his refusal to carry out the reasonable orders of the Company. The Company asked him to attend the skiffing mela on 18th November 1957 which he wilfully disobeyed.

In the case of Dalman Sarki, Ramlal Chetri and Jetha Monger, there was no charge-sheet, nor was there any enquiry held, but the Company seeks to justify their dismissal on the principles laid down in the case of Burn & Co. *vs.* their employees reported in 1957 L.L.J., Vol. I, page 226, at page 234 quoted hereunder:—

> "Ashimananda Banerjee was arrested by the Government under the West Bengal Security Act and detained in jail from 25th January 1949 to 5th April 1951. The Company terminated his services on 22nd April 1949. The Tribunal made an order that he should be re-employed, and that is not now in question. But he further claims that he is entitled to be reinstated. The Appellate Tribunal has accepted that claim on the ground that he had been discharged without the Company framing a charge or holding an enquiry, and that the rules of natural justice had been violated. We are unable to agree with this decision. The ground of discharge is the continued absence of the employee, and his inability to do work, and it is difficult to see what purpose would be served by a formal charge being delivered to him and what conceivable answer he could give thereto. The order of the Appellate Tribunal is manifestly erroneous and must be set aside."

The Company also relied on the case of Indian Iron & Steel Co., Ltd., and another and their workmen reported in 1958 L.L.J., Vol. I, page 260, which laid down as follows:—

> "The Standing Orders of a Company *inter alia* provided for discharge of a workman remaining absent without permission for fourteen consecutive days. Some of the workmen who were taken in police custody in connection with criminal prosecution against them applied for leave which was refused by the Management. The services of such workmen were terminated for remaining absent without permission for fourteen consecutive days. The contention that the absence in such cases was considered justified by the tribunals below, must be rejected. It is true that the arrested men were not in a position to come to their work, because they had been arrested by the Police. This may be unfortunate for them; but it would be unjust to hold that in such circumstances the Company must always give leave when an application for leave is made. If a large number of workmen are arrested by the authorities in charge of law and order by reason of their questionable activities in connexion with a labour dispute, the work of the Company will be paralysed if the Company is forced to give leave to all of

> them for a more or less indefinite period. Such a principle will not be just; nor will it restore harmony between labour and capital or ensure normal flow of production. It is immaterial whether the charges on which the workmen are arrested by the Police are ultimately proved or not in a court of law. The Company must carry on its work and may find it impossible to do so if a large number of workmen are absent. Whether in such circumstances leave should be granted or not must be left to the discretion of the employer. It may be readily accepted that if the workmen are arrested at the instance of the Company for the purpose of victimisation and in order to get rid of them on the ostensible pretext of continued absence, the position will be different. It will then be a colourable or mala fide exercise of power under the relevant standing order."

The Company's contention in this case is that a notice (Ext. E) was hung up on the Notice Board on 19th January 1956 which runs as follows:—

> "The following labourers are absent from work for a long time. They are required to be present in my office on or before the 31st January 1956. In default of which they will be considered as absconders and their names will be struck off from the garden roll."

But as the said three workmen did not turn up and rejoin their duties as per directions given in the notice, their names were struck off the Muster Roll. It is contended for the Company that no useful purpose would have been served by issuing a charge-sheet, nor could they give any conceivable answer, and therefore charge-sheet was not necessary in their cases. In this connection, I would distinguish this case from the aforesaid case laws relied on by the Company. In those two cases as already said Shri Ashimananda Banerjee was detained in jail, and some workmen in the other case of Indian Iron & Steel Co., Ltd., were taken in police custody. So, they could not appear to answer charges, if any, framed against them, nor could the Company be compelled to give leave to them for indefinite periods of their detention in jail much to the loss and detriment of the industry in which they were employed. But the facts in this case are certainly very different. It has been seriously contended for the Union that the notice was not hung up at all, and that if the charge-sheeted workmen could have an inkling of the notice alleged to have been posted on the Company's notice board in the office, they would have certainly appeared and offered their explanations, and would not have run the risk of losing their job, the only means of their subsistence. In the written statement of the Company, the Company has simply stated that the notice was served in the customary manner and thereby did not disclose the mode of service of the notice, and if the mode of service were specifically stated, the Union could have certainly challenged it. I am very doubtful about this notice, and I can say definitely that the workmen did not know of the notice. It is further contended with considerable force for the Union that these workmen were living in their allotted quarters within the garden, and there cannot be any possible reason or excuse why they would not re-join their duties pursuant to the notice, if its contents were made known to them. In the aforesaid reported cases, the charge-sheeted persons were in police lock-up and the *ratio decidendi* was that the Company could not wait indefinitely for its large number of workmen to turn up, and had the Company waited indefinitely, there would have been dislocation in the industry of the Company. That principle, however, cannot be unduly stretched to a case like this where the workmen were within the easy reach of the Company, living as they did within the Company's allotted quarters inside the garden. I have, therefore, not been able to accept the Companpy's contention that the notice was served on the workmen as alleged, and that the workmen forfeited their employment on that ground. Dalman and others were sent up on a charge of theft, and the criminal case ended on 9th April 1956 in the acquittal of these workmen (vide Ext. 1). It appears to me that the Company expected that these persons would be convicted in the Criminal Court, and thus they would get rid of them in due course, but when the Company found that these workmen were acquitted, it was actuated by an unfair labour practice to terminate their employment in a clandestine method by hanging the notice meaning to keep the workmen in the dark because of suspicion arising against these workmen out of theft. After the order of acquittal passed by the Criminal Court, the Company could not have any legitimate suspicion against these workmen, and there can be no justification for terminating their employment on ground of suspicion arising out of that theft case. So, the Company apparently fell back upon this clandestine method of terminating the employment of these 3 persons. I am, therefore, unable to uphold the Company's action in terminating the employment of these workmen on account of unauthorised absence which has got no basis in fact. Besides that, the standing order (Ext. M1) does not justify dismissal for the first offence of absence, if there were no suspension for a similar offence in the past. The Union rightly contends that the standing order (Ext. M-1) does not apply as it was certified after these workmen were dismissed. The previous standing order (Ext. M) reserves the right to the Management to suspend or dismiss without notice and without wages, etc., for commissions and omissions, of which habitual absenteeism is item No. 4 under para. 9. Therefore, the ground on which the order of dismissal was passed is negatived, and the order of dismissal is held to be unjustified. By way of normal relief, these workmen are certainly entitled to reinstatement, and their continuity of service would be treated as unbroken. As these workmen really could do no work during the period of their absence owing to Company's not allowing them to work, this period will be treated as leave without pay.

Next, I take up the case of Manbahadur Chetri. In this case Ext. K is the proceeding of enquiry. The enquiry, I must say, was not properly held. It is admitted by Shri Mahim Chandra Nag (O.P.W. 4) that during the enquiry Manbahadur stated that his daughter's daughter was ill and so he was not in a position to act as night chowkidar on the material date. This explanation is not recorded in the proceedings of enquiry, and so the Company did not apply its mind to this aspect of his explanation, and if this aspect of his explanation were duly considered, I am sure, the Company could not have come to this perverse finding of "guilty" bearing in mind that there was no other male member in his family to look after the ailing child on that night. The Company, it is expected, would take a more humane view of things while dealing with these employees in such cases, and it could be reasonably expected that if the Company would have duly considered the absence of any male member in the family to look after the ailing child at night, it would not have certainly held him guilty. In the circumstances, I would hold that the Company did not hold any proper enquiry in this case, and that the Company's finding of "guilty" is perverse, and bearing in mind the principles laid down in the case of Buckingham Carnatic & Co., that the decision of the Company at the domestic enquiry may be interfered with (i) when there is a want of good faith, (ii) when there is victimisation or unfair labour practice, (iii) when the Management has been guilty of a basic error or violation of a principle of natural justice and (iv) when on the materials the finding is completely baseless or perverse, I set aside this perverse finding of guilty, and I hold that the dismissal in this case also is unjustified, and the workman is entitled to reinstatement together with back wages with continuity of service unbroken.

Next, I take up the case of Kyla I of Padambahadur Sirdar. In this case, no charge-sheet was framed against him, nor was any enquiry held, and it is admitted by the Company. The Company, however, seeks to justify the dismissal of this workman on the ground of refusal to carry out the orders of the Assistant Manager, Mr. P. K. Bose, while he was asked on 27th November 1956 to do works in the skiffing mola with effect from 28th November 1956. His explanation is that he had not the necessary knife with him for doing the skiffing work, but he had the hoe with which skiffing work could not be done. The Company's case in this behalf is that he was asked on 27th November 1956 to do the skiffing work on the following date (28th November 1956), which he flatly refused not only before Mr. P. K. Bose, but also before the Manager, Mr. Tod. Having regard to the previous warning (Ext. C), dated 18th March 1953 and to his undertaking (Ext. B), dated 14th December 1957, that his future misconduct would be visited with dismissal, I uphold the order of dismissal in this case. I am convinced that this workman refused to carry out the reasonable orders of the Assistant Manager to do the skiffing work on the 28th November 1956. The Union's case that the workman had not the necessary instrument for skiffing work and that he was asked to do the said work on the 27th is a mere excuse, and is negatived. In this case, his dismissal is found justified, and he is entitled to no relief.

To sum up, the dismissal of the three workmen (1) Shri Dalman Sarki, (2) Shri Ramlal Chetri and (3) Shri Jetha Mouger is found unjustified. The Company is directed to reinstate them within a month of the publication of the award treating their continuity of service as unbroken; their period of absence would, however, be treated as one without leave.

The dismissal of Shri Manbahadur Chetri is found unjustified, and the Company is directed to reinstate him within a month of the publication of the award and pay him his wages for the period of his absence. His continuity of service will remain unbroken.

The dismissal of Kyla I of Padambahadur Sirdar is found justified, and he is entitled to no relief.

This is my award.

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. New Empire Hosiery Mills, 21 Adhar Chandra Das Lane, Calcutta-4, and their workmen, represented by Hosiery Mazdoor Union, 38-H-27 Manicktalla Main Road, Calcutta-11. (Case No. VIII-C-50/59.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI P. C. MAITRA, *Presiding Officer, Second Labour Court.*

Government of West Bengal, Labour Department, by their order No. 447-I.R./IR/8L-4/59, dated Calcutta, the 9th February 1959, referred to me an industrial dispute between Messrs. New Empire Hosiery Mills, 21 Adhar Chandra Das Lane, Calcutta-4, and their workmen, represented by Hosiery Mazdoor Union, 38-H-27 Manicktalla Main Road, Calcutta-11, for adjudication.

Issue formulated in the order of reference is as follows:—

Whether the dismissal of Shri Naresh Sarkar is justified? To what relief is he entitled?

Findings

On receipt of the reference, notices were issued on both the parties and both the parties submitted their written statements. On 16th June 1959, both the parties submitted a petition stating that the dispute has been amicably settled between the parties and a "no dispute" award may kindly be given. Workman concerned further stated "at present I am not connected with the Union and settled the dispute without the Union. Union has nothing to do". In view of the fact that the workman has disowned the Union, it becomes an individual dispute and not an industrial dispute and does not come within the purview of industrial adjudication.

As the parties have amicably sunk their differences between them and the workman has disowned the Union, I would give a "no dispute" award into the matter. The joint petition of the employer and the workman concerned will form an annexure of this award.

Dictated and corrected by me.

Issues

(1) Whether the workers are entitled to get any additional bonus for the year 1956-57?

AWARD

Decisions

Issue No. 1: Whether the workers are entitled to get any additional bonus for the year 1956-57?

The Union states in its written statement that during the period in question, viz., 1956-57, the Company paid annual bonus to the extent of one month's basic pay to the workers computed on the basis of 1/12th of their average basic wages earned during the year, although the nett profit earned by the Company during the year in question was more than rupees four and a half lakhs. The workers are entitled to more than four months' bonus in the estimation of the Union. The Company has paid a dividend of 7½ per cent. free of income-tax to its share-holders as against 6¼ per cent. in the previous years. The Union, therefore, prays for 3 months' additional bonus on an average rate.

The Company, in its written statement, states as follows:—

The Company had in its employment and pay roll at the period ending on 31st March 1957, 619 workmen in different categories including apprentices and female workers. It has become difficult for the Company to maintain its large labour strength, disproportionate with the production and to carry on the present wage scale and other emoluments for the benefit of the workers. The production per head of the workers of the Company is much below the production of other units of the lamp industry and the Company cannot be said to be a sound economic unit. The Company's financial structure is not sound. It is being run by overdraft from the Company's Bankers, the United Bank of India. The Company is paying disproportionately high rate of wages with reference to profit and has also a scheme of allowing production bonus. In addition to above payments, the Company allows profit bonus to the workers on the working of each financial year and it paid 1¼ months' basic wages as bonus in each of the years 1951-52, 1952-53, 1953-54 and 1954-55. In 1955-56 no bonus but advance at the rate of 15 days' basic wages and salary were made, which were subsequently written off as 15 days' bonus. In each of these years, the dividend to share-holders was at the rate of 6¼ per cent. In 1956-57, being the year in question in this proceeding, the rate of bonus was 2½ months' basic wages and the dividend to share-holders was 7½ per cent. The Company declared approximately at the rate of two months' bonus on the basic wage and salary for all workers employed on the results shown during the financial year 1956-57, and also declared a special bonus at the rate of 13 days' basic wage or 15 days' basic salary, as the case may be, as this was the Jubilee year of the Company.

The Company states that its financial position in 1956-57 and the workings thereof would not justify payment of any higher rate of bonus to workers than already made under the notification issued by the Company on the 13th September 1957, read with the letter of the Company, dated 10th September 1957, which are Annexures D and C to the Company's written statement. The payment which has been made is already high and following the principles laid down by the Full Bench of the Hon'ble Labour Appellate Tribunal of India and the Supreme Court of India, the Company would not be justified in making further payments at all. The Company, therefore, presses that the claim of additional bonus by the Union was unjustified in the circumstances of the case.

Evidence was adduced on both sides. P. W. 1 Shri Subodh Mukherji, a blower, and P. W. 2 Shri Sukumar Dutta, another workman, an Assistant Secretary of the Union, deposed for the Union. O. P. W. 1 Shri Arun Kumar Roy Chowdhury, a partner of the Auditors of the Company's accounts, O. P. W. 2 Shri N. C. Sen, Works Manager of the Company, and O. P. W. 3 Shri R. N. Sen Gupta, Labour and Personnal Officer of the Company, deposed for the Company. Documents, Exts. A to O were marked for the Company and Ext. 1 was marked for the Union.

The claim is for an additional bonus on the trading results of the financial year 1956-57. The financial year of the Company is from April to the following March. The Union's case is that the Company paid annual bonus of only one month's basic wage to the workers computed on the basis of 1/12th of their average basic earnings during the year. It is claimed that the workers are entitled to more than four months' bonus in the estimation of the Union. The Union further stated that the share-holders were given a dividend of 7½ per cent. in the year in question in place of 6¼ per cent. given in previous years. The Union, therefore, claims 2 months' additional bonus on a flat rate, meaning additional bonus equivalent to 3 months' basic wages.

The Company states in its written statement that it allowed bonus on the basic wages or salaries of the workmen at the following rates in the years 1951-52 to 1956-57. The chart below, which has been given by the Company in paragraph 13 of its written statement, shows also the gross profit, the total amount of bonus paid for each year and the dividend paid to share-holders:—

Year.	Gross profit.	Total amount of bonus paid for the year.	Rate of bonus of the basic wage/salary earned in the year.	Dividend to share-holders.
	Rs.	Rs.	Months.	Per cent.
1951-52	4,59,344	46,950	1¼	6¼
1952-53	4,37,820	50,990	1¼	6¼
1953-54	3,84,154	56,777	1¼	6¼
1954-55	2,71,770	41,074	1¼	6¼
1955-56	1,32,043	(No bonus but advance at the rate of 15 days' wages and salary were made but subsequently written off as 15 days' bonus.)		
1956-57	6,67,714	1,17,702	2½	7½

The Company states that it declared at the rate of two months' bonus on the basic wages and salaries for all workers employed on the results shown during the financial year 1956-57, along with a special bonus at the rate of half a month's basic wage or salary on the working of the year 1956-57, as this was the Jubilee year of the Company, which completed its 25 years of working in that year. It is, therefore, stated that the Company gave to its workers a bonus for the year 1956-57 at the rate of 2½ months' basic wage in all. It is stated by the Company that the workmen are not entitled to any more bonus in accordance with the principles on bonus payment laid down by the Full Bench of the Hon'ble Labour Appellate Tribunal in the Millowners' case Bombay, as also by the Hon'ble Supreme Court of India.

P.W. 2 Shri Sukumar Dutta stated in evidence that in 1956, the workmen got one month's bonus during the *pujas* and they got another 15 days' bonus in December, and that no notice was issued to the workmen before declaring this bonus. In cross-examination, he stated that he did not know whether the notice, Ext. D(1) was circulated in the factory. The notice, Ext. D(1), dated 13th September 1957, shows that the Company paid 1/5th of the basic wages earned during the five months April to August 1956, as bonus from the financial year 1956-57 by notification, dated 22nd September 1956. This notice further states that it is declaring a further bonus for the same financial year, viz., 1956-57 at the rate of 1/7th of the basic wages earned during the seven months September 1956 to March 1957, over and above the bonus already paid at the rate of 1/5th of the basic wages earned for the months April to August 1956. This declaration, it is stated, brings the bonus for the financial year to a total of 2 months of basic wages and salaries for each of the workers and employees earned during the year. This notice further declares a bonus at the rate of 13 days' basic wages or 15 days' basic salary, as the case may be, as special bonus for the Jubilee year 1956-57 for all who were on the rolls of the Company on the date of this notice, being 13th September 1957. This notice, therefore, states that in September 1956, a bonus of one month's basic wages was declared on the working of the financial year 1956-57. The Company's case is that in the year 1955-56, no bonus was given to the workmen, as no sufficient profits were earned, but that the Company granted half a month's wages as advance in September 1956, which was written off as bonus in December 1956. This appears from the suggestion made to P.W. 2 by the Company's learned Advocate and the statement also appears from the chart on bonus payments and profits mentioned in the written statement in paragraph 13 as stated above. Exhibit K is a notice, dated 22nd September 1956, which declares a bonus to the workers from the workings of five months of the financial year 1956-57 at the rate of 1/5th of the basic wages or salary earned during the months April to August 1956. The learned spokesman for the Union wanted to show that the workmen used to receive 1½ month's basic wages as bonus in the years 1951-52, 1952-53, 1953-54 and 1954-55, and that they also got the same amount of bonus to the extent of 1½ month's basic wage in 1955-56 and got only one month's basic wage as bonus in 1956-57. It is clear that during the two financial years 1955-56 and 1956-57, three payments were made—one was a payment of 1/5th of the basic wages earned during April to August 1956, and paid in September 1956. The other was an advance of half a month's basic wages in September or October 1956. The third payment was for 1/7th of the basic wages on the workings of the seven months from September 1956 to March 1957, over and above a special Jubilee bonus of half a month's basic wage The Union wanted to claim the payment of 1/5th of the basic wages earned during the period April to August 1956, as a bonus paid on the working of the previous financial year, viz., 1955-56, and the advance written off as wages as also bonus for that year. It is admitted by the Company that the half a month's advance given near about September 1956, which was subsequently written off as bonus was paid on the results of the previous financial year. The documents, Ext. D(1), dated 13th September 1957, being the notice on the declaration of the bonus, Ext. E, dated 10th September 1957, addressed to the Assistant Labour Commissioner, Government of West Bengal, the letter Ext. H, dated 13th September 1957, addressed to the Labour Commissioner by the Company, and the letter Ext. H(1), dated 20th September 1957, addressed to the Labour Commissioner, Government of West Bengal, by the Company and the notice, Ext. K, dated 22nd September 1957, for the declaration of one month's bonus on the results of the workings of five months April-August 1956, show clearly that the Company granted two months' bonus on the working of the financial year 1956-57—once in September 1956 and again in September 1957, in two instalments. It is also admitted that the special Jubilee bonus of half a month's basic wage was paid to the workmen. The documents, Exts. L, N and M(1) are the ledgers for these payments. Exhibit L is the ledger for the payment of the advance of half a month's basic wage in November 1956, to all the workers of the Company. It is admitted by the Company that this advance was subsequently written off as bonus in December 1956. Exhibit M is the ledger for bonus payment of one month's basic wage in September 1956, on the workings of five months April 1956 to August 1956. Exhibit N is a letter by P.W. 2 Shri Sukumar Dutta, asking for the payment of his portion of the bonus through another workman, Sujit Basu. Exhibit M(1) is the ledger showing payment of bonus at 1/7th of 7 months' basic wages from September 1956 to March 1957. Exhibits L, M and M(1) show receipt of the payments by every individual worker with his signature. The payments in Ext. M(1) were made in September 1957. It is, therefore, clear from the evidence on record that the Company paid only 15 days' bonus on the workings of the year 1955-56 and 2 months' bonus on the workings of the year 1956-57, over and above half a month's special Jubilee bonus paid for the year 1956-57. The workmen were, therefore, paid a total bonus of 2½ months' basic wage on the workings of the year 1956-57. It is now to be considered if the workmen are entitled to any additional bonus over and above the bonus of 2½ months' basic wage already received by them. These 2½ months' basic wages amounted to a total sum of Rs. 1,17,702, as it appears from the balance-sheet of the Company, Ext. A, for the year 1956-57. It appears from the balance-sheet that bonus to the workers amounted to Rs. 68,757, that to the factory staff amounted to Rs. 32,688, and that to the Head Office staff amounted to Rs. 16,257. These three amounts give a total of Rs. 1,17,702. The Company filed a calculation for the deduction of the available surplus on the basis of the Full Bench formula of the Millowners' case, reported in 1952 L.A.C., 433 in Ext. B. This calculation cannot be accepted, as it does not include the depreciation in finding out the gross profit.

On a consideration of the matter and on hearing both the parties, I consider that the available surplus of the Company on the trading results of the year 1956-57, stands as follows:—

	Rs.	
Nett profit ...	4,55,711	
Add—		
(1) Depreciation charged ...	91,628	
(2) Bonus paid to the workmen during the year ...	1,17,762	
Gross profit ...	6,65,041	(A)
Less—Prior charges—		
(1) Depreciation ...	91,628	
(2) Provision for taxation at 51.5 per cent. on Rs. 5,73,413	2,95,301	
(3) 6 per cent. on paid up capital of Rs. 17,22,128	1,03,327	
(4) 4 per cent. on reserve of Rs. 9,72,504 used as working capital during the year ...	38,900	
	5,29,156	(B)

Deducting (B) from (A), we get surplus of only Rs. 1,35,885.

The Company claimed a rehabilitation reserve of Rs. 1,97,179, calculated on the basis of the findings of the Trichinapoly Mills, reported in 1953 L.A.C., 672. The calculations of the Hon'ble

Labour Appellate Tribunal on deductions of rehabilitation reserve in the Trichinapoly Mills, has been accepted by the Hon'ble Labour Appellate Tribunal in the case of Minakshi Mills, Madurai, reported in 1954 L.A.C., 131. It appears that both these cases have been approved by the Hon'ble Supreme Court in the case of State of Mysore *v.* the Workers of Gold Mines, reported in 1958(I) L.L.J., 479, at pages 489 and 490. It will, however, appear that even without calculating the prior charge by way of reserve for rehabilitation, deduction of the depreciation charge alone gives a surplus of Rs. 1,35,885 only, from which a sum of Rs. 1,17,702 have been already paid by the Company to the workmen in the bonus of 2½ months' basic wage as mentioned above. It, therefore, appears that without a consideration of additional reserve for rehabilitation over and above the normal depreciation charged for the year in question, the Company has already paid a substantial amount by way of bonus out of the available surplpus as calculated above.

The learned spokesman for the Union claimed that the available surplus will be much higher than that mentioned above, if the Tribunal considers the rebate of income-tax, which the Company will receive on the bonus paid by them and also to be paid by them. The calculation as mentioned in Ext. 1 was submitted by the learned spokesman for the Union. It will, however, appear from the decision of Hon'ble Appellate Tribunal in the case reported in 1954 L.A.C., 566 at page 568 (case of Indian Vegetable Products Ltd.), that in determining bonus according to the principles laid down by the Full Bench of the Hon'ble Labour Appellate Tribunal in the case of Millowners' Association, Bombay, *v* Rashtriya Mill Mazdoor Sangh, reported in 1952 L.A.C., 435, such a course of deduction of rebate of income-tax was not adopted and that the Tribunal has to determine the surplus profits after deducting the prior charges including taxes on nett profits. The same view has been expressed by the Madras Industrial Appellate Tribunal in the case of Deccan Sugar and Abkari Co., Ltd., reported in 1958(I) L.L.J., 653 at page 655. The Hon'ble Tribunal states that working out of profit for the bonus according to the Full Bench formula is notional and artificial and so it follows that for arriving at the surplus profits taxation on such notional profit alone should be deducted and not the actual estimated taxes for the year in question. That being so, I do not consider that in the calculation of available surplus according to the Full Bench formula enunciated by the Hon'ble Labour Appellate Tribunal in the Millowners' case, Bombay, the question of rebate on income-tax for the amount of bonus to be paid by the Company should be considered.

It is clear that out of an available surplus of Rs. 1,35,885, the Company paid a sum of Rs. 1,17,702 leaving a balance of only Rs. 18,183. In the case of Minakshi Mills, the Hon'ble Labour Appellate Tribunal found that out of nett surplus available for distribution of Rs. 2,57,496 the Tribunal allowed Rs. 1,80,000, leaving a balance of Rs. 77,496 and the Tribunal did not consider that any further bonus should be paid. Viewing the present case in the perspective of the amounts allotted for bonus in the above case, I do not consider that the workmen are entitled to any further payment of bonus out of the balance of Rs. 18,000 and odd left after payment of 2½ months' bonus to the extent of Rs. 1,17,702 out of Rs. 1,35,885 as calculated above. In these circumstances, it is awarded that the workmen are not entitled to any further payment by way of bonus on the trading results of the year 1956-57.

Calculating the reserve for rehabilitation as shown in the case of Trichinapoly Mills (1953 L.A.C., 672) and Minakshi Mills (reported in 1954 L.A.C., 131), it appears that the cost on fixed assets except land as appearing from the balance-sheet, Ext. A, is Rs. 22,27,474. Multiplying this amount by 2.7 the amount becomes Rs. 60,14,180. Five per cent. of this amount being Rs. 8,00,709 is deducted as the broken down value. The total amount required for complete replacement appears as Rs. 7,13,471. The reserves in hand amounting to depreciation reserve in the previous year being Rs. 13,56,247 and the reserve in Schedule B being Rs. 9,72,504, give a total amount of reserve in hand as Rs. 23,28,751. Deducting this from the amount required for rehabilitation, we get Rs. 33,84,720, being the total amount which remains to be provided in the course of the next 15 years. The amount required in a year would, therefore, be Rs. 2,25,648. Deducting depreciation of Rs. 91,628, the amount required is Rs. 1,34,020. It has been mentioned in the case of Ruston & Hornby Ltd. reported in 1955 L.A.C., 87, that the proper allowance to be made on account of rehabilitation is always a matter of difficulty and no one can be certain what the price of machinery will be when the replacements are to be made and that the present provision for this purpose is frankly based on intelligent anticipation. The Full Bench in the Millowners' case recognised this and it observed that it was for the advantage of labour that plant and machinery should be kept continuously in good working order and having regard to the uncertain tendency of the price level, a liberal estimate should be adopted. If another sum of Rs. 1,34,020 has to be provided for rehabilitation charges, there will be left an available surplus of only Rs. 1,865 from which the bonus has to be paid and considering that a sum of Rs. 1,17,702 was already paid by the Company by way of 2½ months' wages as bonus, the balance will be a deficit for the Company. The calculation made in the previous paragraph was without deducting any additional rehabilitation reserve and deducting only the normal depreciation for the year as the reserve for rehabilitation. It has been found that even in that case, a payment of 2½ months' bonus left a balance of Rs. 18,183 for the Company. The claim for further bonus is not, therefore, justified even on these circumstances.

It is, therefore, awarded that the workmen are not entitled to get any additional bonus for the year 1956-57 and this issue is accordingly answered.

Issue No. 2: Whether the Checkers, Helpers, Pipe-Cleaners and unskilled workers in the Glass Department of the Company are entitled to get Production Bonus? If so, what should be the rate?

The Union, in its written statement, states that the Company has two main units located in the same premises, viz., Lamp and Glass Departments, and that in the Glass Department the following categories of workers are working, viz., (1) Blower, (2) Helper, (3) Checker, (4) Annealer, (5) Neck-cracker, (6) Pipe-cleaner, (7) Batcher, (8) Furnaceman and (9) unskilled worker (Mazdoors). It is stated that the Company has a Production Bonus Scheme in operation for the Glass Department only for the Blowers. It is claimed that the Blowers cannot have the production quota fulfilled, unless the direct efforts of the other categories of workers are conjoined together. It is stated that the Helpers are also doing the job of Blowers, that Checkers are responsible for feeding the job of the Blower and they are also required to check the quota of the production made by the Blower. The Pipe-cleaners are directly connected with the operations on the shells and on which depends the blowing. The unskilled workers handle raw materials for the purpose of blowing and feed the Blowers with materials required, as instructed from time to time by the Checkers. In these circumstances, it is claimed that the Checkers, Helpers, Pipe-Cleaners and Mazdoors are entitled to Production Bonus at the following rates:—

Helpers—Same as that of the Blowers.

Checkers and Pipe-Cleaners—90 per cent. of the Blowers on an average.

Mazdoors (unskilled)—70 per cent. of the Blowers on an average.

The Company, in its written statement, states that the Checkers, Helpers, Pipe-Cleaners and Mazdoors are not entitled to any Production Bonus at all and they are not in any way connected with the production of any extra glass shells which are exclusively done by the Blowers. The Checkers, Helpers, Pipe-Cleaners and Mazdoors are to do nothing more than their usual assigned duties and for that they are paid handsome remuneration as wages. It is not on the workings of the Checkers, Helpers, Pipe-Cleaners and Mazdoors that the Blowers produce more. It is the Blowers' own effort that gives high production and the Blowers alone are entitled to a Production Bonus. The Company further states that it is at liberty to introduce such Production Bonus schemes that are feasible and justifiable under the circumstances in each unit of production in the Company. The Company is the sole judge as to whether and how a production bonus is to be granted. Checkers, Helpers, Pipe-Cleaners and Mazdoors, according to the working of the Section, are not entitled to any Production Bonus, far less on the rates demanded in the statement of the Union. These persons for whom the claim has been made are given handsome wages for their work.

Annexure A to the Company's written statement shows the total production of lamps in the factory, the number of shells required by the factory and the number of production in the Glass Factory. P.W. 2 Shri N. C. Sen, the Works Manager, states that the glass shells produced by the Company in its Glass Section are not sufficient for the requirements of the factory and the Company has to purchase 20 per cent. of its requirements from Messrs. Philips Electrical Co. For the period October to December 1956, it appears, the Company placed orders for as many as 46,000 pieces of shells from Messrs. Philips & Co., in each of the months October, November and December 1956. Annexure G is a statement showing the monthly production and profit and loss, etc., in the Glass Section of the Company in the year 1957-58. It appears that there was loss incurred in this Section in as many as four months out of 12. The learned Advocate for the Company, therefore, argued that the Glass Section was not yielding any profit and it should not be burdened with any further increase of bonus as demanded by the Union. The Company, however, submitted a scheme of Production Bonus in Ext. C, which was introduced on 1st January 1959 in the Glass Department in which production bonus was provided for all categories of workers in this department, including Checkers and Pipe-Cleaners. The evidence on record shows that all the Helpers have been promoted to the category of Blowers since the date of the award by Dr. B. K. Bhattacharya, published in the *Calcutta Gazette, Extraordinary*, dated 15th March 1956, in which there was an Agreement between the Company and the Union that Helpers in the Glass Factory who would be giving the blowers' quota of production for two months, should be promoted to the rank of a Blower. The learned Advocate for the Company states that all the Helpers have been made Blowers and the documents, Exts. J to J(3) show this fact. P.W. 2, the Works Manager, also stated in evidence that the Ext. C provides a scheme of production bonus for Cleaners, Checkers and unskilled workers also. It also appears from the evidence of O.P.W. 2 that only a part of the Blowers of the Glass Factory has accepted this scheme in Ext. C and they are getting this bonus and some have not accepted it.

On a consideration of the matter, I find that as the Blowers are being allowed some Production Bonus, other workers of this Section should be given some Production Bonus as intended in the scheme in Ext. C, which has not been accepted by the entire body of workmen in the Glass Section. I do not find that the scheme of Production Bonus, as made by the Union for Checkers, Pipe-Cleaners and Mazdoors are acceptable. No data has been supplied to this Tribunal to evolve a satisfactory scheme of Production Bonus for this category of workmen, as demanded by the Union in this issue. The learned spokesman for the Union informed me that he would be satisfied if a direction is given to the parties to meet and evolve a satisfactory scheme of Production Bonus for the workers in question. It is, therefore, directed that the Company and the Union should meet and try to evolve a satisfactory scheme of Production Bonus on the basis of Ext. C, which has been accepted by a part of the workers of the Glass Section.

This issue is accordingly answered.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Ram Ganesh Singh and 93 other workmen of Messrs. Swadeshi Industries Ltd. in connection with the Government of West Bengal, Labour Department, order No. 4418Dis./D/10L-23/56, dated 1st October 1956, referring certain industrial disputes between Messrs. Swadeshi Industries Ltd., Panihati, 24-Parganas, and their workmen. (Case No. 68 of 1957 under section 33A.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.)*, *Judge, First Industrial Tribunal.*

AWARD

The Government of West Bengal, in the Labour Department, by order No. 4418Dis./D/10L-23/56, dated 1st October 1956, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Swadeshi Industries Ltd., Panihati, 24-Parganas, and their workmen regarding some matters specified in a Schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was made on 29th August 1958 and was published in the *Calcutta Gazette* on 25th September 1958.

On 13th June 1957 Shri Ram Ganesh Singh and 93 other workmen of Messrs. Swadeshi Industries Ltd., applied under section 33A of the Industrial Disputes Act, complaining that the Company prejudicially and by way of punishment altered the condition of service of the petitioners by cutting rates of wages mainly in Cotton Section causing substantial loss in earning and having introduced rationalisation scheme by setting up new cotton weaving looms in place of silk weaving ones without taking express permission in writing from the Tribunal. It is further stated that the opposite party Company in order to replace new looms with less trouble and to break the morale of the workmen, forced a strike upon the workers by preconceived and replanned act of provocation and victimisation by punishing a number of workmen. After the withdrawal of the strike, the Company refused to allow about 120 workmen to resume their duties, although they presented themselves for duty within the specified period. In spite of protest by the petitioners, the Company made a considerable cut in the rate of wages with effect from 7th February 1957, causing loss in the earning of the petitioners. It is prayed that the old rates of wages and D. A. should be re-introduced and the petitioners may be paid the amount of difference between the old rates and the new ones since 7th February 1957 to all the petitioners and other reliefs may also be given. The Company, in its written statement, opposed the claims on various grounds, which need not be discussed here.

On 5th June 1959 a petition signed by all the workmen involved in this case was filed by the Secretary, Swadeshi Industries Sramik Union, B. T. Road, Panihati, 24-Parganas, who appeared before this Tribunal with Shri Matuk Dhari Lal and a number of other workmen involved in this case. It is stated in this petition that the petitioners without any pressure have decided not to persue the matter against the opposite party Company, as the Omnibus Cotton Textile Tribunal has already given its Award, published in the *Calcutta Gazette*, dated 10th June 1958, disposing of the order of reference No. 4100Dis., dated 12th September 1956, and that more than 50 per cent. of the petitioners are no longer in the services of the Company. By this petition, the petitioners also withdraw the authority given to the Swadeshi Industries Workers' Union to represent them in this case. The petitioners hereby authorise Swadeshi Industries Sramik Union to represent them. It is prayed that the petitioners may be permitted to withdraw the complaint under section 33A unconditionally and that an award may be given accordingly. This petition filed by all the complainants appears as Appendix A to this award. Read and considered the petition. The petitioners are granted permission to withdraw their complaint as prayed for. The petition for withdrawal will form a part of this award. As the petition of complaint under section 33A is withdrawn, there will be a "no dispute" award in this case.

M. C. BANERJI,
Judge, First Industrial Tribunal.

(*1*) Any person, who, within two months of the decision or within such time as may be mentioned by a Tribunal in its decision, fails to give effect to any terms of the award made under sub-section (*1*) of section 7, or commits a breach thereof, shall be punishable with imprisonment for a term which may extend to six months or with fine or with both and the Court trying the offence may, if it fines the offender, direct that the whole or a part of the fine realised from him shall be paid by way of compensation to any person who, in its opinion, has been injured by such failure or breach.

(*2*) Where any money is due to an employee under an award made under sub-section (*1*) of section 7, the employee may, without prejudice to any other mode of recovery, make an application to the State Government for the recovery of the money due to him and if the State Government is satisfied that any money is so due, it shall issue a certificate for that amount to the Collector, who shall proceed to recover the same as if it were a public demand.

(*3*) Nothing in this section shall render the State Government liable to prosecution or enable any amount to be recovered from the State Government as a public demand.

The Welfare Institutions Bill, 1959.

Rules. **11.** (*1*) The State Government may make rules for carrying out the purposes of this Act.

(*2*) Without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely:—

(*a*) any matter which may be or is to be prescribed under this Act;

(*b*) the manner of registering associations referred to in section 4 and maintaining lists of members thereof;

(*c*) the remuneration to be paid to the members of a Tribunal;

(*d*) the procedure to be followed by a Tribunal in dealing with disputes.

Act to override other laws, etc. **12.** The provisions of this Act shall have effect notwithstanding anything to the contrary in any other law or in any instrument.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to prohibit strikes and lock-outs in welfare institutions, e.g., educational institutions, hospitals, etc., to provide for settlement of disputes in such institutions and to permit employers and employees connected with such institutions to form associations for their common benefit.

2. The draft will be taken into consideration on or after the 31st day of July 1959, and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be considered.

DRAFT RULES

"Rules for Management of non-Government High Schools including Aided Schools.

The Committee.

1. *Definition.*—The word "Committee" in the following rules means Executive or Managing Committee or Governing Body of a school.

2. A Register of eligible voters for the constitution of Managing Committee shall be prepared by the Head Master of every school in consultation with the Committee and shall be revised annually with such consultation as aforesaid. The Register will be provisionally closed on the 15th of

February. It will be open to public inspection from that date and will be finally closed on the last day of February with necessary revision in each year in which an election to the Committee hereinafter constituted takes place. After the election has taken place the Register will be re-opened for fresh entries.

3. (i) All guardians, whose names are entered as such in the Admission Register, (ii) Founders of a school, (iii) Donors paying a donation of at least Rs. 300 in the course of a year, or an annual subscription of Rs. 25 at least, and (iv) such benefactors and persons belonging to the locality interested in education as may from time to time be approved by the Committee, their number not exceeding one-fifth of the number of guardians referred to in (i) above, shall be entered in the Register.

In the case of aided schools such supplementary rules of election may be prescribed by the Director of Public Instruction as will ensure the proper representation of all important interests connected with the school.

N.B.—A teacher who is also a guardian shall be entitled to have his name registered but he shall not be eligible for election to any of the vacancies to be filled up under the provisions of clause 4.

4. The body thus formed shall elect from among themselves to the Committee not more than nine members. Of these three at least shall be guardians, and at least one shall be a donor or benefactor, or founder or person belonging to the locality interested in education and one medical practitioner, if there be a qualified member of the profession in the locality.

If a donor has paid not less than Rs. 10,000 or its equivalent to the school, he shall be a Life Member of the Committee or shall have the right of nominating a person as a member of the Committee and the number to be elected shall be reduced accordingly.

In the case of aided schools, one member of the Committee shall be nominated by the Education Department, such member being regarded as holding the qualifications of a donor for the purpose of the second paragraph of this clause.

5. The members of the teaching staff shall elect two members from amongst themselves to the Committee.

The Head Master shall be an *ex-officio* member.

6. The constitution of the Committees of all schools shall be subject to the approval of the Board which retains the power, in special cases, or classes of cases, to approve of Committees efficiently discharging their duties, although not constituted in accordance with these rules.

In the case of aided schools the constitution of the Managing Committees will be forwarded to the Board through the Director of Public Instruction whose observations on the personnel will be considered by the Board before approving of the Committee.

7. The Secretary shall, before the 15th March in the year in which election to the Committee takes place, convene a meeting at not less than 7 clear days' notice of those whose names are borne on the Register mentioned above for the purpose of electing the persons set out in clause 4.

The Committee should ordinarily not exceed 12 members, as specified above, including the President, Vice-President, if any, and the Secretary of the Committee who shall be elected by the members of the Committee ordinarily from among themselves. If the Head Master is not elected Secretary, he shall be Assistant Secretary.

Six members shall ordinarily form a quorum, when the member is ten to twelve, and five when the number is nine or less.

9. Casual vacancies occurring in the course of the year shall be filled up by co-option but the member so co-opted shall represent the interest in respect of which the vacancy occurs and shall hold office only up to the next election. If any member of the Committee ceases at any time to fulfil the qualifications in respect of which he was elected, a vacancy shall be automatically created which shall be filled by co-option as provided in the rules, except in the case of teachers' representatives who shall be elected in a fresh election.

10. The members of the Committee other than the Head Master shall hold office for the three years. But such members shall be eligible for re-election.

11. Any member of the Committee absenting himself from four consecutive meetings shall automatically vacate his membership unless the Committee otherwise directs. The vacancy shall be filled as provided in clause 9.

12. The Committee shall annually appoint an Auditor, not being a member of the Committee or in their employ, who shall examine the school accounts of the year and submit his report to the Committee on or before the 31st March—a copy to be forwarded to the Board.

14. A special meeting shall be convened by the Secretary within a fortnight when a requisition for such a meeting is made by not less than four members of the Committee. Not less than seven days' notice of such meeting shall be given.

15. If on receipt of a requisition signed by not less than four members of tho Committe the Secretary fails to convene a special meeting, the matter shall be referred to the President who shall convene the meeting. In the event of the President failing to convene the meeting within 10 days after reference to him, the requisitionists shall have power to convene the meeting after giving seven days' notice.

16. Emergency meetings may be convened by the President, if necessary, at not less than twenty-four hours' notice. All resolutions passed at special emergency meeting shall be subject to confirmation or revision at the next Ordinary meeting.

17. All meetings shall be held in the school premises, except in such cases as the Committee may decide to the contrary.

18. The notice of each meeting shall set forth the business to be transacted at the meeting and no business other than that so stated shall be transacted except with the consent of three-fourths of the members present provided that no matter involving the appointment or dismissal of a teacher shall be taken up unless the matter has been placed on the agenda of the meeting issued with the notice.

19. In the absence of the President, the Vice-President will preside and in the absence of the President and Vice-President, the members present shall elect one of themselves to preside.

20. The President of the meeting shall have a casting vote in addition to his ordinary vote when the votes of the members present are equally divided.

21. The Auditor's annual report on the schools account shall be taken into consideration at the first Ordinary meeting following its receipt.

22. Under the direction of the Committee the Secretary shall carry on correspondence with the proper authorities on behalf of the Committee.

He shall also keep a record of the proceedings of the Committee in a book, kept for the purpose. The record of each meeting shall be confirmed at the subsequent meeting.

23. If the Secretary fails to attend a meeting for more than four months a fresh appointment may be made for the unexpired period of the office or for the period of absence, as the Committee may decide. In the temporary absence of the Secretary, the President may convene a meeting.

24. The Secretary shall be in charge of the invested funds, title-deeds and other legal documents belonging to the school, but all papers relating to the schools in the shape of accounts and records shall be available at any time for inspection after due notice by members of the Committee, or any authority authorised by the Board or the Committee. In all Calcutta schools and in all schools in the mofussil with *pucca* buildings, all papers, documents, and accounts shall be kept in school premises.

In the case of aided schools all papers and records, referred to above, shall also be similarly available for inspection by the officers of the Education Department or any other person duly authorised for the purpose by Government.

25. The Committee shall have the power of appointing and removing teachers, deciding promotion and increments, granting leave and free-studentships, managing schools, funds, framing the Annual Report, dealing with all schemes of development and such other matters as are brought before them for consideration. Free-studentships shall ordinarily be given on the recommendation of the Head Master.

In the case of aided schools, the powers of the Committee of appointing and removing teachers, deciding promotions and increments, shall be exercised, subject to the approval of the Inspector or Inspectress of Schools. On appointing a teacher, the Committee shall not issue an appointment letter until the Inspector or Inspectress has approved of the appointment. The power under this clause to grant leave and award free-studentships shall also be exercised in accordance with the rules of the Department."

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

AWARD

The original reference out of which this case has arisen was made under Government order No. 5441-I.R./D/10L-116/56, dated 20th December 1956.

2. According to the applicants, they were wrongfully retrenched by the Company on 1st September 1958, by a notice, during the pendency of the main case, viz., the major engineering reference, before the Tribunal. So the provision of section 33 of the Industrial Disputes Act, 1947, is said to have been infringed because no previous permission of the Tribunal was taken in the matter. The applicants claim reinstatement and compensation for the period of forced unemployment. The Company resists the claim.

3. On the date fixed for hearing, the Company entered appearance, but the applicants did not turn up. The case was taken up for *ex parte* trial.

It is ordered that the application under section 33A is rejected for non-prosecution. This is my award.

Dictated and corrected by me.

G. PALIT,
Judge.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, since amended, filed by one Gopal Singh, son of late Megh Singh, of 162/6/6 Lake Gardens, Calcutta-33, a Durwan in the employ of Messrs. Bhartia Electric Steel Co., Ltd., 8 Swinhoe Street, Ballygunge, Calcutta-19, against the aforesaid Company. (Case No. 300/58, under section 33A.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri M. M. Singh, Assistant Labour Adviser, Engineering Association of India.

Present for the Union: Shri M. M. Ghosh, President, Sara Bangla Engineering Workers' Union.

AWARD

The original reference out of which this case has arisen was made under Government order No. 5441-I.R./D/10L-116/56, dated the 20th December 1956.

According to the petitioner, his services were terminated by an order of the Company dated the 26th September 1958, with effect from 12th August 1958. No permission, either previous or subsequent, of the Tribunal before which the main case was pending was taken for its action. So section 33 of the Industrial Disputes Act is said to have been infringed, and the present petition under section 33A has been filed for reinstatement and compensation. It is further alleged that since July 1958 the Security Officer has been appointed, replacing the Labour Officer, to allot duties to the Durwans of the Watch and Ward Department. Duty slips were issued The duty hours of the applicant from 26th June 1958 to 10th August 1958, as per the duty slip were from 2 p.m. to 6 p.m. in the main gate, and from 2 a.m. to 6 a.m. on the following day in the Pattern Shop Road. On 9th August 1958 the Security Officer prescribed the duty of the Durwans for one month, but he kept the applicant on confidential duty. He would get his duty slip from 11th September 1958 for general duty. On 10th August 1958, at about 9-30 a.m. the Jamadar Narsingh Singh put him to do a different duty. The applicant wanted a written order from the Security Officer for such change of duty. But no such thing was given. The applicant thereafter brought this matter to the notice of the Security Officer who asked him to continue on confidential duty assuring him that nothing wrong would happen to him. On 11th August 1958 Jamadar Narsingh Singh wanted to hand over a letter written in English to the applicant. As he did not know English the applicant asked the Jamadar to explain the contents of the said letter. The Jamadar refused to explain, and so the applicant did not accept the said letter. Then, again on 12th August 1958 the applicant saw the Security Officer, and placed before him the whole matter when the latter gave his opinion that he should have accepted the said letter given by the Jamadar. On 13th August 1958 the applicant performed his duties as usual, and at about 3 p.m. he was given a letter by a clerk of the Labour Office purported to be a charge-sheet. The Jamadar did not permit him to do his duties from 5 p.m. on 13th August 1958 saying that he was under suspension. There was an enquiry held on 21st August 1958, but the applicant was not allowed to produce his witnesses. He was asked to sign a blank paper which the applicant refused. Thereafter a fresh charge-sheet dated 21st August 1958 was given to him. It was received by him on 27th August 1958. He gave a reply to the said charge-sheet on 30th August 1958. Then an enquiry was held on the 11th September 1958 and on following days, but the important witnesses of the applicant were not allowed to be examined. Then the Assistant Works Manager by an order dated 26th September 1958 dismissed him with effect from 12th August 1958.

According to the Company, the applicant was asked by the Jamadar Narsingh Singh on 10th August 1958 to work in place of Brij Mohan Singh who was on leave for 10 days with effect from 2nd August 1958. Gopal Singh refused to obey him. He was not found within the factory premises on 11th August 1958 till 5-30 p.m. He refused to accept the letter of the Security Officer in which he was asked to explain matters. Then a charge-sheet was issued and an enquiry was held on 21st August 1958. In the said enquiry the applicant abused the Jamadar Narsingh Singh filthily in the very presence of the enquiring officer. So he was given another charge-sheet on 21st August 1958, and was put under suspension. Thereafter there was a further enquiry, and the man was found guilty and was dismissed as above.

First I take up the legal objection raised by the Company against the maintainability of the present petition. The management has raised the legal objection that the case under section 33A is not legally maintainable because there has been no infringement of section 33 of the Industrial Disputes Act, 1947, as amended, in 1956. It contends that the management made an offer of payment of one month's wages to the man concerned, and a petition for approval of its action was filed before the Tribunal. It is also contended that the standing orders of the Company were followed in the present case, and that the misconduct in question was not connected with the dispute which was then pending before the Tribunal. I agree that the misconduct in question was not connected with the dispute which was being canvassed before the Major Engineering Tribunal. I also accept that the punishment was meted out in accordance with the Standing Orders. But I am unable to concur with the management that all the requirements of the proviso to section 33(2) were complied with. Mere offer of payment of one month's wage is not enough under the said proviso. The said wages must either have been paid direct to the employee concerned or at least a legal tender should have been made. If that was refused, that would have been tantamount to refusal on the part of the man concerned to accept the payment. But in the present case there is no evidence that there was any direct payment, or any attempt for it either by way of postal remittance or by any other method., So the first ingredient of the aforesaid proviso was not complied with.

The compliance of the second ingredient of the said proviso has also not been made in the manner required thereunder. The application before the Tribunal for approval of the management's action must be made immediately with the passing of the order of dismissal. But the application in the present case by the management appears to have been filed on 15th November 1958 whereas the order of dismissal was passed on 26th September 1958. There is an interval of about 2 months in between the dismissal order and the application of the management for approval of its action. That the application for approval of the management's action, as also the payment of one month's wages must be made immediately after the meting out of the punishment will appear from the fact that the expressions "has been paid" or "has been made" occur in the proviso in question. In the statement of objects and reasons for the amendment I find that the word 'simultaneous' finds mention. The Legislature having granted full power to the employer to take action against the employee for alleged misconduct unconnected with the main dispute, has provided for safeguards under the proviso. It is mentioned that these conditions should be fulfilled simultaneously with the meting out of the punishment. So the interval between the meting out of the punishment to a workman and the compliance with the aforesaid conditions under the proviso must be the shortest one, if simultaneous compliance is not possible. This being the position, it is clear that section 33 of the Industrial Disputes Act has been infringed, and the case under section 33A can be sustained. The legal objection is turned down on this score.

Next I proceed to consider the case on merits.

In the charge-sheet which is Annexure A to the Company's written statement, I get that the workman in question is alleged to have refused to obey the order of the Jamadar Narsingh Singh on 10th August 1958 when he was sought to be placed in place of Brij Mohan Singh who was on leave for 10 days with effect from 2nd August 1958. But it will appear from the enquiry proceeding which has been placed before me that it was not the order of the Jamadar, but it was the order of the Security Officer Shri T. Bhattacharya himself. He says "on 9th August 1958 I gave an order to Narsingh Singh to ask Gopal Singh to be on duty in place of Brij Mohan Singh who was on leave for 10 days with effect from 2nd August 1958". So it is clear that the charge-sheet is not fully in accord with what appears from the evidence. It is the clear case of Gopal Singh that he was placed on confidential duty by the Security Officer Shri T. Bhattacharya on the 9th August 1958 for two days. So when the Jamadar Narsingh Singh placed him in the leave vacancy of Brij Mohon Singh, he was rather confused. Gopal Singh asked for an order from the Security Officer or in the alternative the order of Narsingh Singh in writing. But nothing was done. From the Ext. F, I find that Gopal Singh was placed on confidential duty. So it was not an unreasonable conduct on the part of Gopal Singh to ask for an order from the Security Officer if his previous order was going to be superseded. The Security Officer should have either given his order anew in writing changing the duty of Gopal Singh, or should have sent for Gopal Singh just to communicate to him the change of duty verbally. But he did neither. Gopal Singh might very well have been in doubt whether he should follow the order of Narsingh or the original order of the Security Officer. Narsingh Singh was subordinate to the Security Officer. In such a conflict a workman can very well be supposed to carry out the order of the superior officer. That is what Gopal Singh did in the present case. In the Ext. F, I find also that in addition to confidential duty Gopal Singh would be reqpired to do other duties if necessity so demanded. Against the name of Narsingh Singh Jamadar, in the Ext. F, it is stated that he should supervise the duties of the Durwans and allot duty to the Durwans according to necessity in the absence of the Security Officer. This entry in the Ext. F appears to be in different ink from the rest of the document. I have reason to believe that this was an interpolation to suit the present case. No evidence did come forward to show that Jamadars were empowered to allot duties to the Durwans,—not to speak of doing the same in supersession of the allotment done by the Security Officer. So I do not think that the first head of the charge has been brought home against the accused.

Regarding the second head of the charge that he was not found within the factory on 11th August 1958 till 5-30 p.m., I must say that the evidence is extremely meagre. The man was on confidential duty, and was supposed to be in plain dress. His quarters were looked into, but he was not available there. That is only what should be in the fitness of things. He could not be doing confidential duty while in the quarters. It is sought to be proved by the management that confidential duty is nothing more than keeping the man in reserve for any emergency or leave vacancy. But what I gather is that confidential duty stood for watching whether there was any sabotage on foot, whether any labour trouble was brewing, whether the Company's articles were being stolen, etc. There is no evidence that Gopal was found outside the factory by anybody during those hours. So the charge against Gopal Singh that he was guilty of dereliction of confidential duty entrusted to him could not be substantiated. So this item of charge also fails.

Regarding the third item of charge Gopal Singh says that he refused to accept the letter because of the same being in English and because of the Jamadar's refusal to explain the contents therein. Because of the difference between Jamadar Narsingh Singh and Gopal Singh at this time, Gopal might very well suspect that he was going to be landed into a trouble by the Jamadar. He refused to accept the letter more out of fear than out of any intention to flout or disregard the order. So the charge as a whole cannot be sustained against Gopal Singh so as to inflict upon him the punishment of dismissal. I, of course, do not accept the version of Gopal Singh that he was placing all these matters before the Security Officer verbally, and was assured verbally by the Security Officer about his safety till he was given the charge-sheet. But this much I get that Gopal Singh in writing placed before the Security Officer that he was in confusion about the change of duty, and he did not wilfully disobey the order. Regarding the contention of Gopal Singh that Jamadar Narsingh Singh bore some malice against him in connection with the matter of picking of coal from the yard by Narsingh Singh's men, I must say that if it was a fact, it should have found specific mention in the written statement of Gopal Singh. But I do not get it there So it is clearly an after-thought on the part of Gopal Singh to make out the motive for Narsingh Singh's putting him into trouble.

Regarding the second chage-sheet dated 21st August 1958, I get that while the enquiry was being held on 21st August 1958 Gopal abused Jamadar Narsingh Singh before the enquiring officer in filthy languages. This has also amounted to an insult to the enquiring officer. When Narsingh Singh asked him to be calm and not to use indecent language, Gopal Singh flared up and used obscene language to the Jamadar Narsingh Singh in the very presence of the enquiring officer. As a result of this the enquiry had to be stopped. This matter was further enquired into and Gopal Singh was found guilty. I am satisfied from the evidence that Gopal Singh was guilty of using abusive language to the Jamadar who was superior to him, and also of insulting the enquiring officer before whom he indulged in obscene language. All this was in course of the enquiry proceeding which was a lawful one. He was immediately suspended. I think the Company was justified in dismissing Gopal Singh for such a misconduct. A workman who cannot keep his temper under control and does indulge in obscene and insulting language before his superiors is liable to punishment, no matter how much length of service he has put in. Such disorderly manner is subversive of discipline and cannot be condoned.

Regard being had to all these facts and circumstances, I find that no *mala fide* has been proved on the part of the management in inflicting punishment on Gopal Singh. That being so, the severity of punishment cannot be a ground for interference with the order of the management. Redress might lie under section 10 of the Act by a general reference with an eye to such punishment. But no such thing does lie in a case under section 33A. A reference may be made to the case of Gordon Woodroffe (Private Ltd.) *versus* Venu Gopal and others., as reported in the L.L.J., March, 1958, page 300.

So I find that the charges against Gopal Singh under the first charge-sheet do fail, and the charge under the second charge-sheet succeeds. So the case under section 33A stands dismissed.

Dy. Accountant-General (Central),

Subject: Procedure for submission of adjustment travelling allowance bills for "nil" amounts.

No. TM/729.—30th June 1959.—An extract of circular letter No. 838-Audit I/135-59, dated 4th June 1959, of the Comptroller and Auditor-General of India on the subject noted above is reproduced below for the information of all Treasury/Sub-Treasury Officers in West Bengal and all the heads of offices of the Central and State Governments under the audit control of this office.

Extract of the circular letter referred to above

I am to invite a reference to Rule 131 of C.T.Rs. Vol. I, according to which all bills or cheques in payment of claims against the Government are required to be presented at the Treasury. As there is no clear order whether the said rule contemplates presentation at the treasury of bills for "nil" amounts where no payment is involved, a question has been raised whether such adjustment T.A. bills for "nil" amounts should be submitted to the Treasury like other bills for payment or sent direct to the audit office.

2. The matter has been carefully considered in this office and it has been held that presentation of these bills at the treasury has the following advantages:—

(i) Certain checks and scrutiny is exercised by the Treasury Officer. The claim is likely to escape such checks if presented direct at the audit office;

(ii) In the case of claims of Gazetted Officers, entries of the fact of adjustment of advance drawn by them are made by the Treasury Officers in a register maintained for the purpose. A check on the payment of a second advance before an earlier one is cleared, is thus secured;

(iii) Correct entry as regards the outstanding tour/transfer travelling allowance advance can be noted by the Treasury Officers in the L.P.C. issued by them.

It is also felt that if adjustment bills of "nil" amounts are sent direct to the audit office, it will involve the audit office in correspondence with the Treasury Officer for supplying him information as regards the amount of advances of the Gazetted Officers adjusted by the Accountant-General in such cases. Thus differential treatment of adjustment bills where amount payable is "nil" and where amount payable is not "nil" may lead to omissions and increase in work in the audit office. It has, therefore, been decided that the adjustment T.A. bills for "nil" amounts should be required to be presented at the treasury like other bills.

Dy. Accountant-General (Admn.),

NOTIFICATION

No. 3200-I.R./IR/10L-4/59.—14th July 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 884-I.R./IR/10L-4/59, dated the 6th March 1959, read with its addenda Nos. 1422-I.R./IR/10L-4/59, dated the 9th April 1959 and 1700-I.R./IR/10L-4/59, dated the 25th April 1959, the questions mentioned in the said order read with its said addenda relating to the interpretation of the award published under the Labour Department order No. 4427-I.R./IR/10L-4(D)/57, dated the 15th October 1958, at pages 5413 to 5454 of the *Calcutta Gazette, Extraordinary*, of the 5th November 1958 were referred for decision to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has decided such questions;

Now, therefore, the Governor is pleased hereby to publish the said decision as shown in the annexure hereto for information of all concerned.

ANNEXURE

In the matter of interpretation of the award published under Labour Department order No. 4427-I.R./IR/10L-4(D)/57, dated the 15th October 1958, at pages 5413 to 5454 of the "Calcutta Gazette, Extraordinary," of the 5th November 1958, relating to an industrial dispute existing in the engineering industries in West Bengal, between the employers of engineering firms employing 250 or more workmen, represented by Engineering Association of India, India Exchange, 7th floor, Calcutta-1, and also by the Indian Engineering Association, Royal Exchange, Calcutta-1, as also other companies represented individually, on the one hand, and their workmen represented by different Unions, on the other.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal, West Bengal.*

Appearances:

For the Companies: (1) Shri K. B. Bose, Counsel, (2) Dr. J. K. Bose, Labour Adviser to the Indian Engineering Association, (3) Shri J. N. Chatterji, Assistant Labour Adviser to the Indian Engineering Association, (4) Shri S. C. Sen, Advocate, and others.

For the workmen: (1) Shri D. L. Sen Gupta, Advocate, (2) Shri P. K. Sanyal, Advocate, (3) Shri Nikhil Roy, Advocate, (4) Shri Sibnath Banerji, (5) Shri Narayan Das Gupta, (6) Shri Phani Ghosh, (7) Shri Jagannath Pandey, (8) Shri Ram Sen, and others.

By Government order No. 884-I.R./IR/10L-4/59, dated the 6th March 1959, the aforesaid matter was referred to the Fifth Industrial Tribunal for interpretation. The award out of which this matter has arisen was given by this Fifth Industrial Tribunal. This Tribunal was constituted under Government order No. 808-I.R./IR/3A-2/57, dated 11th March 1957.

2. This reference was received here on 10th March 1959. Usual notices were issued to the parties concerned directing them to file their written statements. Thereafter several addenda were received from Government. Parties filed their written statements on different dates. Eventually the matter was taken up for hearing on 25th May 1959. It continued on 8th June 1959 and was carried on till 10th June 1959 when the argument was concluded. The decision was reserved.

3. The questions which were referred to this Tribunal for interpretation stand as follows:—

(1) Whether the award envisages that the wage and grade of the operatives are to be fixed on the basis of classification of the operatives in the semi-skilled, skilled and highly skilled categories?

(2) Whether the award envisages that the operatives, who may be enjoying better incremental scales from before the enforcement of the award would be entitled to the same within the minimum and the maximum of the awarded grades in their respective groups to which they are to be fixed under the award?

(3) Whether the award directs payment of minimum starting pay, viz., Rs. 35, Rs. 40, Rs. [illegible] and Rs. 110 per month respectively to unskilled, semi-skilled, skilled and highly skilled workers?

(4) Whether the workmen drawing pay over Rs. 250 and upward per month will be entitled to receive more than Rs. 65 as dearness allowance in view of the expression "and so on" used in the award, *vide* page 5433 of the *Calcutta Gazette, Extraordinary*, dated the 5th November 1958. If so, at what rates?

DECISION

4. The present reference has been made under section 36A of the Industrial Disputes Act, as amended in 1956. Prior to the insertion of this section in the statute there was a conflict of decision as to whether Industrial Tribunals were competent to revise their own awards or to clarify them, because the Tribunals were deemed to be *functus officio* after the passing of the award. To remove such misconception, the present section has been introduced. Under this section any difficulty or doubt about the interpretation of any provision of an award or settlement can be referred to a Tribunal by the appropriate Government. In such cases the Tribunal is required to give the parties an opportunity of being heard, and then to decide such matters of interpretation. Such decision shall be final and binding on all such parties concerned. So my present decision shall bind the parties in the award of the Third Major Engineering Tribunal, published under Government orders referred to above, at the outset. I must, however, point out that though as a Tribunal I am giving my decision on the questions referred to me, my decision must necessarily lie within certain limitations. I cannot travel outside the award in question. I cannot add to it. Neither can I subtract anything from it. I am bound by my own award. Only where the meaning is obscure or the language is ambiguous, I can throw light with reference to the questions before me. Within these limitations my present decision must be construed.

Question No. 1: I must make it clear that I have given out in the award distinctly that I was unable to classify the operatives into the three groups of semi-skilled, skilled, and highly skilled and also the reasons therefor. The Engineering Association contended that the classification of jobs was a management function, pure and simple. They, however, oppose classification of workmen into different categories except on scientific basis according to their respective skill At the same time they pointed out that this could be achieved only by a detailed study of job evaluation, and that too, by a body of experts The Tribunal had to accept this (*vide* pages 5416-17 of the award). I have actually observed at page 54-31. "Regarding the classification of workers with reference to skill I must confess that though I may have a will like the First Omnibus Engineering Tribunal, yet I do not find the way .. So even for an expert body the work of classification may very well be taken to be an impossible task, let alone for a non-technical Tribunal like myself. I also recognise, as pointed out, that the conventional classification of semi-skilled, skilled and highly skilled does no longer hold good. 'Skill' has been transferred from the man to the machine. Man is appraised by his manipulative power to operate a machine".

The National Union of Engineering Workers called upon me to fix the classification according to occupational nomenclature, and to put them into different groups. That also I could not accept. It was found by me that the number of such occupational jobs exceeded one thousand. Shri Jagannath Pandey tried to reduce the number. But even after elaborate pains he could not reduce the number below 750. So the Tribunal observed at page 5431: "So it will be nothing short of a wild-goose-chase to make an attempt to fix the occupational nomenclature". So the net result is that the Tribunal did not fix the classification of operatives into three groups of semi-skilled, skilled and highly skilled.

But the question No. 1 is not fully answered by the above. The above only disposes of a branch or a portion of it. The other part of the question will be whether the wages and grades of the operatives were fixed on the basis of classification already existing of the three categories, viz., semi-skilled, skilled and highly skilled. There can be no denying the fact that in many of the Companies before the Tribunal, such classification did exist. That transpired in evidence before the Tribunal. The First Omnibus Engineering Tribunal also took cognisance of such categories of workmen, though it did not view with favour such classification. It is for this that the present Tribunal at page 5434 of the award, while speaking of the groups C, B and A, specifically mentioned that they did correspond to the semi-skilled, skilled and highly skilled categories, respectively. If the present Tribunal wanted to do away with the three categories of workmen altogether and merely wanted to maintain the corresponding three groups, then it would not have mentioned, as it did, that these groups did correspond to such categories. I must also, point out that the Tribunal tried to interfere as little as possible with the existing state of things in the factories before it because it did not shut its eyes to the management function. So the wages and grades of the operatives were definitely fixed with reference to the three categories, viz., semi-skilled, skilled and highly skilled, where they were existing. The moment a worker would be found to be already belonging to any of these three categories, he would at once be put into the group C, B or A which corresponds to the category he belongs. In Companies, however, where the workers were not designated as occupying one or other of these categories, viz., semi-skilled, skilled and highly skilled, but where there were 4 or 5 categories with different grades of wages, it might be a little difficult to fix the workers into one or other of the groups aforesaid. For that I have provided at page 5435: "Regarding the putting of the workmen into these grades, their present pay will be the guiding factor. Where the present pay is less than the minimum of a grade or a slab in a grade, that should be pulled up to the next higher pay point. Where the present pay is just below a particular slab in a particular group, that should be pulled up to the next higher point of pay, and then increments will follow" So the net result of the interpretation of the award under this question comes to this,—that the Tribunal did not classify independently the workers into any of the three categories, viz., semi-skilled, skilled and highly skilled. But where such classification was there, under the award the workers would get the placing in the groups mentioned at page 5434 of the award according as one occupies any of the three categories. For example, if one is a semi-skilled worker and described and designated as such in the factory, he would come under the group C. If one is a skilled worker and described and designated as such in the factory, he would be entitled to be placed into the group B. So about the highly skilled workers relating to the group A. But where no such designation of workers were existing, but only different grades of workers were there, the present pay of the workers would take them into one or other of the groups, viz., C, B and A. Once within the grade or just below it, the rule of fixing such cases has already been provided for in the award, and I need not repeat it.

The learned counsel of the Engineering Association contended that this would mean a heavy expenditure on the part of the companies because they described the workmen loosely as skilled workmen, only if they had a little more skill than the semi-skilled workers. They did it, because the minimum wages of the skilled workmen as also of the highly skilled workmen were not defined and prescribed in the previous award. They would never have done so if they knew that they would have to pay such a high price merely for such designation. This may be true to a certain extent. But it is also true when the workmen say that whether skilled or semi-skilled, they were huddled up into one big category where there was very little to pick and choose, so far as wages were concerned. So the workmen contend that justice was so long denied to them. But the present justice under this award is not vindictive. At all events, it may be retributive. Apart from this controversy, I must hold that when you give a status or a rank to a worker of a skilled or highly skilled category, you cannot grudge giving him the minimum of pay prescribed for his category. So the first question is answered as above.

Question No. 2: This question does not present much difficulty. The workmen contend that those who are already enjoying better incremental scale of pay than what is provided under the present award, should be allowed to continue in that. I have already said in my award at page 5435: "These grades and scales of pay will not prejudice any better one in vogue in any Company". Does it leave any room for doubt what the Tribunal actually meant about this matter? The difficulty that has been created may be termed by me as 'self-created' one. The workmen want to enjoy the better incremental scale in vogue, but at the same time want to have the benefit of the maximum and the minimum of the grade given under the award. This amounts to what we call 'eating the cake and having it too'. Grades have no meaning without reference to the incremental scales. The awarded grades and the incremental scales prescribed for them cannot be split up. The workmen will have the choice either to avail of the benefits under the present award with reference to the grades and scales of pay taken together, or to leave them altogether and not touch them but remain content with the grades and scales of pay they are enjoying. They cannot be permitted to mix up the two and have the better of the grades and scales of pay which are not envisaged by the award in question. It should be borne in mind that it was a Major Tribunal's award. It had to provide for big and solvent units as well as for less fortunate ones. I have remarked at page 5435. "The present grades and scales represent only a sort of minimum which is binding on the company in the interest of workmen". It is because of this that I have excluded some of the Companies from the operation of this part of the award with an eye to their financial condition. So the question is answered in the negative.

Question No. 3: The award certainly directs payment of minimum starting pay, viz., Rs. 35, Rs. 40, Rs. 75 and Rs. 110 per month respectively concerning unskilled, semi-skilled, skilled and highly skilled operatives. At page 5430 of the award I have held "So I fix the basic pay of a semi-skilled worker at Rs. 40 per month, i.e., Rs. 5 more than that of an unskilled worker. The First Omnibus Engineering Tribunal did not fix the minimum basic wage of the skilled and the highly skilled workers. Though I do not accept such classifications as semi-skilled, skilled, and highly skilled, which matter I shall deal with later on, I fix the minimum basic wage of the next group, i.e., the old skilled group at Rs. 75 basic minimum per month. The basic minimum wage of the highly skilled workers I fix at Rs. 110 per month."

Regarding the unskilled workers I have observed at page 5429—"But I am unable to go beyond Rs. 35 per month as the minimum basic pay of an unskilled worker or the lowest paid worker in this industry......" Again, at page 5430 I have observed—"So the minimum basic wages of an industrial worker being fixed at Rs. 35 per month I keep up the wage differential between the unskilled and the semi-skilled workers as found by the First Omnibus Engineering Tribunal".

So I fail to see how after those express directions in the award, any doubt can be entertained whether the minimum starting salary of these categories of engineering workers has not been fixed in the award. All that I have done is to provide for a group of wage for them with different incremental scales.

Question No. 4: I am also puzled to see why such a cry has been raised over this specific direction in the award about the quantum of dearness allowance. It occurs at page 5438. I have shown that the points of rise in the cost of living index justify the increase of Rs. 5 in dearness allowance at each pay range of Rs. 50 as compared to what was granted under the Second Major Engineering Tribunal's award of 1950. Next I have illustrated to avoid any misunderstanding that Rs. 31 of the previous award would be raised to Rs. 36 under the present award. Similarly, after each pay range of Rs. 50 there will be an addition of Rs. 5 in dearness allowance. So the dearness allowance of Rs. 60 would be raised to Rs. 65 in the present award. I have also illustrated it according to the different pay range. From this the Companies allowed themselves to be misled into thinking that I confined my present award about dearness allowance literally within the limits of the Second Major Engineering Tribunal's Award. That I did not do so would appear from the last line of the illustration which is as follows: "For the pay range from Rs. 201 to Rs. 250 dearness allowance will be Rs. 65; and so on" (page 5438 of the award). The learned counsel of the Engineering Association contends that the expression "so on" was inadvertently put in by the Tribunal. It was redundant, and it must be omitted from the award. Against that I should say, firstly, that even if it was inadvertently put in by the Tribunal, it cannot be scrapped by way of interpretation. If it is there, it must be there. Secondly, I must say, what I meant was that the pay range should not be limited to Rs. 201—250 with Rs. 65 as dearness allowance. The engineering personnel mostly come from middle-class people. It cannot be said that middle-class people drawing above the above pay range of Rs. 200 per month are not hit by the rise in the cost of living index so as to limit their dearness allowance to Rs. 65 only. Contrary to the principle of neutralisation of the rise in the cost of living index from the bottom, this slab system neutralises the pinch consequent on the rise in the cost of living index by providing more and more as the pay scale increases. The more the pay, the better the status, and the result is more expensive cost of living. This slab system tried to face such facts. So I did not like to limit the dearness allowance up to the pay range of Rs. 201—250. I found that in Government service clerical employees who are mostly recruited from the middle-class families have no such limitation except at the very top. I enclose herewith the Government scales of dearness allowance as per the Appendix A to this award. In the engineering industry the workers do not have a very high salary. So, to put any limitation on dearness allowance so far as it goes, would mean restricting full justice. So the Tribunal used the expression "and so on" advisedly, and not inadvertently. Of course, it could have been more explicit why I made a departure from the previous awards. But it can never be that the departure which the Tribunal made deliberately with an eye to the interest of the workmen, can be set at naught by way of interpretation by hearing fresh arguments. So my interpretation is that dearness allowance was not limited to Rs. 65 which is for the pay range Rs. 201 to Rs. 250. Dearness allowance will increase proportionately by Rs. 5 for each increase of Rs. 50 in the pay over Rs. 250. So the increase in dearness allowance will be proportionate both below and above Rs. 250.

Before I conclude. I think it worth while to point out that some of the Union leaders as also Advocates appearing for the companies before the the Tribunal, addressed the Tribunal on points which do not, strictly speaking, come within the questions referred to. For instance, Shri Phani Ghosh wanted the Tribunal to fix the minimum wages for workers who do not come within the categories mentioned in the award, viz., unskilled, semi-skilled, skilled and highly skilled. Shri S. C. Sen, Advocate, also asked the Tribunal to declare once again that the Aluminium Corporation of India does not come within the purview of this award, so far as wages and scales of pay are concerned. I refrain from recording any decision on these heads as irrelevant.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Ramchand Jagadischand, 82, Khengrapatti Street, Calcutta, and their workmen represented by the Calcutta Chhata Karkhana Mazdoor Union, 35-B, Wellington, Street, Calcutta. (Case No. 24 of 1959-VIII.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Union: Shri D. L. Sen Gupta, Advocate.

Present for the Company: None.

By Government order No.148-I.R./IR/11L-656/58, dated the 15th January 1959, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under Government order No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, and it is presided over by me.

2. The reference was received here on 22nd January 1959. The Union filed written statement on 18th February 1959. The Company applied for time for filing its written objection. On its prayer two dates were given but to no effect. Then a notice was issued on 30th April 1959 calling upon the Company that if it did not file its written objection, the case would be heard *ex parte* on 12th May 1959. On the said date the Company fild a petition again for time stating that the Managing Director was out of station and that it would file its statement when the Managing Director would return. The Tribunal rejected this petition being evasive as it was. The case was then taken up for *ex parte* trial. The learned Advocate Shri D. L. Sen Gupta addressed the Tribunal on behalf of the Union. He examined one witness and filed documents. The arugment was heard and the award was reserved.

3. The only issue which arises for determination is as follows:—

Bonus payable in 1958.

AWARD

4. The Union contends that it is a representative Union of all the workmen in the umbrella-making industry in Calcutta. It is also recognised by the employers' association of this industry, viz., the Calcutta Umbrella Merchants' Association. It is the peculiar feature of this industry that all the workmen are granted uniform wages, bonus and other amenities as conditions of service. It is contended that the workmen in this Company were getting bonus at Rs. 18 per head along with other workers in other companies in this industry for the last ten years as a condition of service. This was based on an agreement reached before the Labour Commissioner, as far back as 19th April 1951. The Umbrella Marchants' Association circulated this by their circular No. 1 of 1951, dated the 19th April.

But in the year 1958 this Company suddenly withheld payment of bonus without any reason whatsoever though the other companies in this industry paid bonus as before. This Company is said to have earned huge profit in the year in question. The Union then took up the matter with the Labour Commissioner, and a conciliation proceeding was started. There was no result in the conciliation proceeding. Hence this reference. The Union claims this bonus as a condition of service.

From the Annexure A to the Union's written statement I find that bonus was allowed at Rs. 18 per head as far back as 19th April 1951. This Annexure A was a letter addressed by the Secretary of the Calcutta Umbrella Merchants' Association. Exhibit 1 shows that it was Rs. 19 initially. As per the Ext. 1(a) it was fixed at Rs. 18. Exhibit 1(b) shows that the Company wrote to the Assistant Labour Commissioner on 27th April 1951, regarding payment of bonus as above. Exhibit 2 shows that the workmen demanded this bonus for 1958 on 15th July 1958, in their letter to the Labour Commissioner, West Bengal. The same demand was also made to the Company. From the evidence of P.W. 1 I get that the other companies have granted bonus of Rs. 18 per head for the year 1958. As bonus, as much as wages and other conditions of service are uniform among all units in this industry, it can very well be held that the present Company is liable to grant bonus at Rs. 18 per head for the year 1958. This amount of bonus was given to the workers for the last ten years without any variation. It is also contended that even despite losses this amount of bonus was not revised,—it was kept in tact. So I can very well hold that bonus was given to the workers as a condition of service. As profit bonus is not claimed by the Union, it is not necessary to go into the trading results of this Company for the year 1958. That the Company has derived good profits even during the year 1958 is an ex parte version of the Union. However, the Company does not think it worthwhile to enter appearance even. So the Company cannot defeat the claim of bonus even if it is assumed to be based on the profit of the year.

So, considering the matter in all its aspects, I find that the workmen of this Company will get bonus of Rs. 18 per head for the year 1958—I mean who were in employ during the said year. This is made payable within one month of the award coming into operation.

The original reference out of which this case has arisen was made under Government order No. 445-I.R./IR/10L-129/57, dated 6th February 1958.

The Company was present through the General Secretary of the Association of Manufacturers, Commercials and Traders, named Shri Mahadev Ghosh. In the circumstances the only award that I can pass is that the application under section 33A has not been substantiated by evidence, and it fails. It stands rejected. No order as to costs.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Government of West Bengal, Labour Department, by its order No. 2053-I.R./IR/4R-38/59, dated Calcutta, the 13th May 1959, referred to me an industrial dispute between Messrs. H. M. Sil, Bus Owners, and their two workmen represented by Burdwan Zilla Motor Karmachari Samiti for adjudication.

Issue formulated in the Order of Reference is in the following line:—

(1) Is the dismissal of the following workmen justified? To what relief, if any, are they entitled?

(i) Shri Syed Hossen Ali and (ii) Shri Sk. Masiar.

On receipt of the reference notices were issued on both the parties and the Union was further asked to file their written statement on 15th June 1959. On 15th June 1959 both the parties sent their written statements and the employer contends that he never discharged his workmen Shri Syed Hossen Ali and Shri Sk. Masiar and no action should be taken against him under the Industrial Disputes Act. The two workmen concerned, sent a petition by registered post stating that they have no grievances against their employer as the employer Shri H. M. Sil never discharged them from job. That they never made any complaint against employer to any Union and they are not members of the Union. They further requested that no action should be taken against their employer and the dispute may be filed. In view of the fact that the concerned two workmen stated that they are not members of the Union, it becomes an individual dispute and as such, does not come for adjudication under the Industrial Disputes Act. As the workers concerned stated that they have no dispute and they have disowned the Union, I take it, that no industrial dispute exists and I will give a "no dispute" award into the matter. A petition of the two workmen concerned will form part of the award as annexure to this award.

AWARD

Government of West Bengal, Labour Department, by its order No. 3195-I.R./IR/11L-329/58, dated the 31st July 1958, referred to me an industrial dispute existing between Messrs. Baijnath Chowbey & Co. and their workmen represented by Burrabazar Zamadar Sangha, for adjudication.

Issue formulated in the order of reference is in the following line:—

(1) Increment in salaries of the durwans, bearers, coolies and mistries.

(2) Leave for the durwans, bearers, coolies and mistries.

On receipt of the reference, notices were issued on both the parties and both the parties submitted their written statements. On 9th February 1959 the case was taken up for hearing and both the parties opened their case. The Union examined five witnesses on their side, who were also cross-examined by the other parties. On the side of the employer D.W. 1 Shri Kali Charan Chowbey who is the Manager of Messrs. Baijnath Chowbey was examined and cross-examined. The date of argument was fixed on 15th June 1959. On the date of argument both the sides appeared before me and submitted a joint petition of compromise stating that they have come to an amicable settlement and they requested me to pass an award incorporating the terms of settlement. I have gone through the memorandum of settlement and I consider it to be reasonable and fair and I would give a compromise award on the subject and the compromise petition will form a part of my award as annexure.

Schedule

Whether the Management was justified in dismissing the following workmen:—

(i) Shri Suren Chakrabarty, (ii) Shri Farid Khan, (iii) Shri A. K. Majumdar, (iv) Shri Subash Bhuian, (v) Shri Monsoor Khan, (vi) Shri N. K. Dey, (viii) Shri Mongal Bhuian, (viii) Shri Monmotha Mukherjee, (ix) Shri Kanai Nag, (x) Shri Kshitish Chakrabarty. To what relief are they entitled?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of 10 workmen, viz. (i) Shri Suren Chakrabarty, (ii) Shri Farid Khan, (iii) Shri A. K. Majumdar, (iv) Shri Subash Bhuian, (v) Shri Monsoor Khan, (vi) Shri N. K. Dey, (vii) Shri Mongal Bhuian, (viii) Shri Monmotha Mukherjee, (ix) Shri Kanai Nag and (x) Shri Kshitish Chakrabarty, previously employed in Messrs. Diamond Products Ltd., 4 Clive Row, Calcutta, hereinafter described as the Company for the sake of brevity.

The Union's case in short is as follows:—There was a good deal of agitation for Puja Bonus in the month of September 1957 when the Company agreed, pending final decision, to advance one month's wages recoverable in three instalments. The Management, however, changed their decision demanding that the advance would be recoverable in one instalment resulting in great dissatisfaction of, and agitation among the workmen. This dissatisfaction was accentuated when the Management declared lock-out unjustifiably from the morning of 17th October 1957. Due to the goodness of the workmen the situation did not worsen, and the lock-out effected on 16th October 1957 was withdrawn by a notice, dated 17th October 1957—declaring that as the workmen agreed to normal and peaceful resumption of work from 18th October 1957, the factory would remain open for work from that date, and the Management assured that there would be no victimisation. The workmen, however, in support of the Bank Strike of 18th October 1957 could not possibly resume work on that date. Thereafter, 19th October 1957 (Saturday) being a normal off day with the workmen and 20th October 1957 being Sunday, the workmen reported themselves for duty on 21st October 1957, when the Management prevented the 10 workmen concerned, from entering into the factory. These 10 workmen were charge-sheeted as per Annexure A to the Union's written statement and these workmen denied the allegations, but the Company victimised them making a show of enquiry and dismissed them by letters, dated 9th November 1957. This action of the Management in dismissing these workmen is illegal in view of their waiving their rights to take any action as per notice, dated 17th October 1957. These 10 workmen are active members of the Union, and the Management unjustifiably victimised them. Hence, the Union seeks their reinstatement with compensation.

The Management, on the other hand, denies the material allegations of the Union in its written statement, and contends, *inter alia*, that according to the prevalent practice the workers were given half a month's wages in advance before the Puja holidays, and this advance was as usual recoverable at the end of October 1957. Prior to the grant of this advance, the workers asked the Management for one month's wages as Puja advance repayable in six monthly instalments, which however, was not acceded to by the Company, and the Management informed the workmen that loans from the Provident Fund might be given according to the existing rules in force. On 16th October 1957 the workmen demanded that Provident Fund loans should be given to all workmen at a time, but the Company explained to them that this was not possible, as the cases of loans would be dealt with on their individual merits according to the Provident Fund Rules. The workmen did not listen to this, and throughout the morning of 16th October 1957 they were agitated and from about 1 p.m. surrounded the Manager's table and refused to go back to work in spite of requests by the Manager and insisted on immediate grant of loans from the Provident Fund to all workmen at a time. A number of workmen incited others to resort to disorderly conduct and confined the Managerial staff throughout the night. At 4-30 p.m. on 16th October 1957 when the situation was going from bad to worse, a notice was posted informing the workers of their unjustified action which amounted to an illegal sit-down strike, and they were advised to resume their work immediately. In the meanwhile, the workmen of the Night Shift who were to report for work in the night, also joined with the demonstrators, and the situation went out of control, and it was only with the Police help that the workers could be removed from the premises of the factory at about 10-45 p.m. The illegal strike continued all this time. The wrongful confinement of the Managerial staff by workmen themselves refusing to leave the premises of the factory after working hours, and the indisciplined, insubordinate and disorderly attitude of the workmen coupled with their refusal to resume work made the running of the factory impossible, and so the Factory Manager was compelled to post a notice shortly before 10 p.m. stating that the factory would be closed and would reopen only when workers would give assurance of normal and peaceful work. On 17th October 1957 the workmen agreed to resume their work normally and peacefully from 18th October 1957, and the Management notified the same on 17th October 1957 by a general notice assuring that there would be no victimisation whatsoever. As the workmen did not report for duty on 18th October 1957 according to their agreement, the Management was obliged to withdraw the notice of 17th October 1957, but declared that the factory would remain open to willing workers. On 19th October 1957 the Secretary to the Union addressed a letter to the General Manager intimating that until the Management agreed to recover the advance in six instalments and to make advances from the Provident Fund, no workmen would resume duty. This stand taken by the workmen was illegal, inconsistent and subversive of discipline, and the workmen were guilty of misconduct. Accordingly the factory Manager framed charge-sheets on 19th October 1957 and issued them to M. M. Mukherjee, Kshitish Chakrabarty, Suren Chakrabarty, M. Bhuian, Farid Khan, S. Bhuian, K. L. Nag and Mansur Khan charging them for having struck work on 16th October 1957, surrounding the Manager's table in a disorderly manner from 1 p.m. to 10-45 p.m. and refusing to leave, for openly insulting the Company's representative Mr. B. P. Srivastava and for inciting other workmen to the above disorderly acts. The above eight workmen were asked to show cause within 72 hours as to why disciplinary action should not be taken against them, and pending final enquiry they were suspended. The two other workmen—Shri N. K. Dey and Shri A. K. Majumdar—were similarly charge-sheeted, and there were additional charges against them for having stopped the store-keeper Mr. Dutt while he was proceeding to work and threatening him with assault. The Management held a proper enquiry with due notice to workmen on 4th November 1957, and found the workmen guilty of the charges framed against them, and dismissed them with effect from 9th November 1957. The Company in short justifies the order of dismissal of these workmen and resists any relief being given to the workmen.

Decision

At the very outset the learned Advocate for the Company stated before the Court that the workmen—Shri N. K. Dey (No. vi), Shri Mongal Bhuian (No. vii), Shri Kanai Nag (No. ix) and Shri Kshitish Chakrabarty (No. x) settled their disputes with the Company on acceptance of their dues in full and final settlement of their claims against the Company. Their petitions to the Company are marked Ext. J series and the receipts in token of their acceptance of their dues from the Company are marked Ext. K series. The learned representative for the Union does not challenge the aforesaid settlements effected between the Company and the workmen. Thus there is an end of the disputes regarding these four workmen. There is no dispute that the workman Shri Subhas Bhuian (No. iv) is dead. So, he is beyond the process of this Court. Regarding Monsoor Khan (No. v) as his visa has been cancelled and he is now at Pakistan, his case also is not pressed during the trial. Thus the Court is left with only 4 workmen, namely, Shri Suren Chakrabarty (No. i), Shri Farid Khan (No. ii), Shri A. K. Majumdar (No. iii) and Shri Monmotha Mukherjee (No. viii) and the Court is called upon to decide the disputes concerning them. On behalf of the Union, its representative did not adduce any oral evidence in this case, and chose to argue the case on the basis of the documents on record. At this, the learned Advocate for the Company stated that the Management relied only on the latest decision of the Hon'ble Supreme Court reported on 1959 L.L.J., Vol. I, page 285, which lays down as follows:

> The principles which govern the power of an industrial tribunal to interfere with the decision of the employer following an enquiry made by him have been laid down by the Supreme Court in 1958—I L.L.J. 260 in the following words:—
>
> "Undoubtedly, the Management of a concern has power to direct its own internal administration and discipline; but the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In the case of dismissal on misconduct, the tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the management. It will interfere—
>
> (i) when there is want of good faith,
>
> (ii) when there is victimisation or unfair labour practice,
>
> (iii) when the management has been guilty of a basic error or violation of a principle of natural justice, and
>
> (iv) when on the materials the finding is completely baseless or perverse.
>
> It is for the Management to determine what constitute major misconduct within its standing orders sufficient to merit dismissal of a workman but in determining such misconduct it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the Management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the abovementioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable.
>
> In the absence of any of the vitiating circumstances mentioned above, it would not be open to the industrial tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits."

The Management, however, examined only one witness, Shri B. P. Srivastava in this case. Shri Srivastava in his evidence has testified to the enquiry proceedings (Ext. H), and has stated that the workmen concerned were given all reasonable facilities to defend themselves at this enquiry, and thus no prejudice was caused to them in their defence. On the basis of the principles laid down in the aforesaid case, the learned Advocate for the Company argued that the Union has admittedly failed in proving that there were *mala fides* on the part of the Management, or that the Company adopted any unfair labour practice, or that the decision was perverse, or that there was any basic error of facts. There being absolutely no oral evidence on the side of the Union to challenge the *bona fides* of the Company in regard to this domestic enquiry, and there being no other proof of unfair labour practice or of victimisation on the part of the Company, I think, I shall not be justified in interfering with the management's decision at the domestic enquiry. On a careful perusal of the proceedings (Ext. H) of the enquiry in so far as it concerns the four workmen, viz., Shri Suren Chakrabarty (No. i), Shri Farid Khan (No. ii), Shri A. K. Majumdar (No. iii) and Shri Monmotha Mukherjee (No. viii), I am satisfied that the charges against them were proved and that the view taken by the Company at the domestic enquiry in respect of these workmen is a possible view, and that the Company did not arrive at any perverse finding, nor was there any basic error of facts. Thus there were no elements to vitiate the enquiry, and the management's decision stands. Let me now briefly refer to the proceedings of the enquiry concerning these workmen as follows:—Regarding Shri Monmotha Mukherjee (No. viii)—it is admitted by him that they left the factory at about 11-30 p.m. and that on the arrival of the Police they left the factory. Regarding second charge, it is admitted by him that he lay down on Manager's table as he was having pain in his stomach. Strangely enough, he had no other place excepting Manager's table to lie on. He refused to sign the proceedings of enquiry though asked. Regarding Shri Farid Khan (No. ii) he admits to have got the charge-sheet on 19th October 1957. He said that he had nothing further to add to his explanation of denial. Mr. Srivastava has deposed at the enquiry that Farid Khan was excitedly leading the trouble-makers. He was insisting that no workers should go out without having their demands settled then and there. This workman also refused to sign the proceedings. Regarding Shri A. K. Majumdar (No. iii), he admitted to have received the charge-sheet on 19th October 1957. In his statement he denied the charges. Mr. Srivastava deposed that this workman started whiling away his time, laughing, jeering in a highly insubordinate manner and that this workmen insisted that the notice posted by the Management must be withdrawn, failing which workers would not work. Mr. Grose and Mr. Lahiri also confirm the above statements, and to them also Shri Majumdar stated that work could not commence unless the notice was withdrawn and Management agreed to the demands immediately. This workman also refused to sign the enquiry proceedings. Regarding Shri Suren Chakrabarty (No. i)—In his case, Mr. Grose the factory Manager was examined first. Mr. Grose deposed that Shri Chakrabarty shouted "Company Zulum Karta Hai. Garib ka pet kat ke Company Nahin Chalenge, etc.". At this, the other workmen stopped work and later at about 1 p.m. they came in a body led by Suren, Kshitish, Farid Khan, etc., surrounded him, discipline and order broke down so much so that the factory had ultimately to be closed down. The workman admits to have received the charge-sheet on 19th October 1957. Admittedly the Manager asked them to go to work, but this workman did not do so, and that he was in the premises until the Police persuaded the workers to go out of the factory and only then this workman left. Shri Srivastava deposed that Shri Chakrabarty was one with the workmen when they demanded that he should speak to all of them individually and that he was moving about in an excited manner, and generally contributed to the tense atmosphere. This workman also refused to sign the proceedings of the enquiry. Besides the workmen, Mr. Grose and Mr. Srivastava gave their statements at the domestic enquiry. As already said above, I find no elements to vitiate the enquiry, and the findings of the Management are not interfered with.

Next, I take up the argument of the learned representative of the Union that the notice, dated 17th October 1957 (Ext. A-3), estops the Company from taking any disciplinary proceedings against the workmen. The said notice, dated 17th October 1957, runs as follows:—

> "Further to our notice, dated 16th October 1957 the Management are pleased to state that as the workmen have agreed to a normal and peaceful resumption of work from 18th October 1957, the factory will therefore be open for work from the said date. The Management wish to assure all workmen that there will be no victimisation whatsoever."

The learned Advocate for the Company argued with considerable force that the notice of 17th October 1957 was withdrawn by the notice, dated 19th October 1957 (Ext. A-4) quoted hereunder as the workmen did not in terms thereof resume their normal work on 18th October 1957—

> "Further to our notice, dated 17th October 1957 the Management regret to find that the workmen have not reported for duty as agreed with the Union in the presence of the President and Secretary of the Union.
>
> Under the circumstances, the notice mentioned above is withdrawn, but the factory will continue to remain open for work. Those workers desiring to work will be permitted to do so."

Thus according to the Company, that notice (Ext. A-3) was withdrawn and the Company was fully justified in taking disciplinary proceedings against the workmen at fault. The learned Representative of the Union, however, argued that Ext. C-1 purporting to have been signed by Shri Suren Chakrabarty is a manufactured document. The Union, however, omitted to have a statement from Suren Chakrabarty disowning any such statement and his alleged signature on Ext. C-1. In the circumstances, I think, I shall not be justified in holding Ext. C-1 to be a got-up document. If the workmen would have complied with the terms of the notice (Ext. A3), dated 17th October 1957 by resuming work, there would have been an end of the dispute, and the Company stood committed not to take any action against the workmen. But Ext. C-1, dated 19th October 1957 is responsible for the mischief. The Union resiled from the agreement of 17th October 1957, and as soon as the Union resiled the agreement fell through, and the Company was no longer debarred from taking any action as already agreed upon in Ext. A3. Thus I find no elements to call the law of estoppel into operation as against the Company. The Union's argument is, therefore, negatived, and the Company was at liberty to take action as it did as against the workmen.

To sum up, it is found that the Management was justified in dismissing the four aforesaid workmen, viz., Suren Chakrabarty, Farid Khan, A. K. Majumdar and Monmotha Mukherjee in this case, and they are found entitled to no relief. It is recorded that the four workmen, namely, N. K. Dey, Mongal Bhuian, Kanai Nag and Kshitish Chakrabarty settled their disputes amicably, the workman Shri Subash Bhuian is dead and the case of Shri Monsoor Khan who is a Pakistani national is not pressed as his visa is cancelled.

This is my award.

Issue

(1) Is the dismissal of Sheikh Sahid justified? To what relief by way of reinstatement and/or compensation is he entitled?

Notices were issued to both parties, who filed written statements setting forth their respective cases, adduced evidence and advanced arguments.

Decision

Issue 1: The case of the workman as represented by Brooke Bond Mazdoor Union (hereinafter described to be as the union) is briefly this. Sheikh Sahid an employee in the factory of Messrs. Brooke Bond India Private Ltd. at Hide Road, Kidderpore, Calcutta (hereinafter described to be as the company), went to his native village in Muzaffarpur district on 14 days' leave from 15th April 1957 to 28th April 1957 to arrange for his daughter's marriage. But as the marriage could not take place during this period Sheikh Sahid sent a telegram on 27th April 1957 from Paro P.O. to the Factory Manager of the Company praying for extension of his leave by 3 weeks more. As he did not receive any intimation from the Factory Manager, he took it for granted that his leave had been allowed. He reported for duty on the expiry of 3 weeks from 29th April 1957. But he was dismissed from service for overstayal without notice. The grievance of the union is that the workman Sahid strictly observed the provision of the Factories' Standing Order Rules and that as such his dismissal was illegal and unjustified and he is entitled to be reinstated from the date of his dismissal with full compensation.

The company in its written statement admits that Sheikh Sahid was employed as a worker in the Hide Road Factory of the Company, that he was granted 14 days' leave from 15th April 1957 to 28th April 1957 on his application and he was to resume his duties on 29th April 1957. The company further states that Sheikh Sahid did not resume his duties on 29th April 1957 on the expiry of 14 days' leave granted to him but continued to remain absent from 29th April 1957 without any leave or permission or notice. It further states that as Sheikh Sahid remained on unauthorised absence without notice for 14 consecutive days from 29th April 1957 the company by its letter, dated 13th May 1957 dismissed him from service with effect from 13th May 1957 under clause 18 of company's certified standing orders, according to which "absence without notice exceeding 14 consecutive days will incur automatic dismissal." The company denies that any telegram alleged to have been sent by Sheikh Sahid on 25th April 1957 was ever received by the Factory Manager. So according to the company the dismissal of Sheikh Sahid was perfectly legal and justified and he is not entitled to any relief.

It is urged on behalf of the company that the company did not receive any telegram from Sheikh Sahid praying for extension of leave from 29th April 1957 and that his dismissal with effect from 13th May 1957 according to clause 18 of the company's standing orders was perfectly legal and justified. It, therefore, remains to be seen whether Sheikh Sahid remained on unauthorised absence without notice for 14 consecutive days from 29th April 1957 when he was to resume his duties on the expiry of 14 days' leave already granted to him. It is admitted by the company in paragraph 8 of its written statement as also by D.W. 1 Mr. William Asley Burroughs, the Administrative Officer of the Factory of the company, that Sheikh Sahid applied for 14 days' leave from 15th April 1957 to 28th April 1957 in the prescribed form (application for leave Ext. J) and that his leave was granted. It is an admitted fact that Sheikh Sahid did not resume his duties on the expiry of his 14 days' leave on 29th April 1957. According to P.W. 1 Sheikh Sahid he applied for leave for 3 weeks more in extension of 14 days' leave already granted to him and for the purpose he sent a telegram addressed to the Factory Manager of the company on 27th April 1957 from Paro P.O. in the district of Muzaffarpur. The company denies having received any such telegram. On behalf of Sheikh Sahid a certificate Ext. 1

purported to have been issued by the Sub-Postmaster, Paro, dated 25th February 1958 has been filed which shows that telegram No. 4, dated 27th April 1957 addressed to the Factory Manager, Brooke Bond Company No. 3, Hide Road, Kidderpore, Calcutta, was booked from Paro Sub-Post Office and that the sender was Sheikh Sahid of village Daudpur, P.O. Paro, Dist. Muzaffurpur. But on further correspondence made by the company with the Sub-Postmaster, Paro Post Office, upon this certificate, it was learnt that only a certificate of issue of the telegram was granted by Sub-Postmaster, Paro, as per Ext. 1 and that the original telegram could not be traced. (Vide Exts. A11, dated 5th July 1957, Ext. A, dated 26th March 1958 and reply from Paro Postmaster Ext. A3, dated 14th April 1958). It is thus clear that the name of the sender and the addressee given in the certificate (Ext. 1) could not be corroborated by any other document available in the Paro Sub-Post Office. The only document upon which the certificate Ext. 1 appears to have been issued is a number slip from which it could only be ascertained that telegram No. 4, dated 27th April 1957 was booked at Paro Post Office and was sent to Motipur Transit Office for onward transmission. No other records were available and the original telegram could not be traced. This would appear from the further correspondence by the company with the Paro Post Office as per Exts. A4, A7, A8, A9, and A1, A3 and A4. Thus from these documents only this much is gathered that a telegram was booked at Paro Post Office being telegram No. 4, dated 27th April 1957 and that it was sent to Motipur Transit Office for onward transmission. The name of the sender and that of the addressee could not be gathered as the original telegram could not be traced. But in support of this evidence there is the sworn testimony of P.W. 1 Sheikh Sahid himself that on 27th April 1957 he did send a telegram from Paro Post Office addressed to the Factory Manager of the company asking for extension of leave for 3 weeks more from 29th April 1957. . It also appears from the documents filed by the company, namely, Ext. C and the document (Ext. 3), that Sheikh Sahid preferred a complaint to the Superintendent of Post Offices, South Calcutta Division, on 23rd May 1957 regarding a non-delivery of Paro Post Office Telegram No. 4, dated 27th April 1957 addressed to Messrs. Brooke Bond India Private Ltd. The letters from his wife as filed by the company (Exts. D, D2, F1) will also speak about sending of such a telegram by Sheikh Sahid or may be by his wife. Thus from available materials it is clear that Sheikh Sahid sent a telegram to the Factory Manager of the company from Paro Post Office being telegram No. 4, dated 27th April 1957 praying for leave for 3 weeks more in extension of 14 days' leave already granted to him which was to expire at the end of 28th April 1957. There is no reason to doubt the sworn testimony of Sheikh Sahid on this point.

But it is also clear at the same time that no such telegram was ever received in Calcutta or was in fact delivered to the company. The correspondence of the company with the Postal authorities in Calcutta, namely, Central Telegraph Office and Superintendent of Post Offices, South Calcutta Division, and the reports of Shri A. R. Majumder, the Personal Manager of the company (Exts. A5, A10, B to B2 and C), reveal that no such telegram was received in Calcutta from Paro Post Office. The number slip Ext. C, upon which the certificate (Ext. 1) was issued only gives the telegram number as 4, dated 27th April 1957. As for the company it does not maintain, as D.W. 1 says, any register for telegrams received. It is thus evident that no such telegram was received by the company and had, therefore, no notice of any application by Sheikh Sahid for extension of any leave. The telegram, it appears, might have been misled somewhere and somehow.

In these circumstances, the only question for adjudication is, whether the extreme penalty by way of dismissal as meted out to Sheikh Sahid by the company by its letter of dismissal, dated 13th May 1957 (Ext. C) without giving him an opportunity of explaining his absence is justified regard being had to the principles of natural justice. The company justifies its action by strictly adhering to the letter of the law as contained in clauses 18 and 23 of the standing orders relating to conditions of service (Annexure A). Under clause 18, when a worker is absent, he will not receive pay for the period he is absent. He will be liable, moreover, to disciplinary action at the discretion of the Factory Manager. Absence without notice exceeding 14 consecutive days will incur automatic dismissal. Clause 23 runs thus: "Any worker desirinig an extension of leave must first of all obtain the Factory Manager's sanction by any means of communication available. Otherwise any overstayal of leave will be treated as absence. "It is urged on behalf of the company that as Sheikh Sahid remained absent without notice for a period exceeding 14 consecutive days he incurred automatic dismissal under clause 18 of the standing orders. It is now well-settled that although the management has power to discharge a workman under the standing orders, the tribunal is entitled to know the reasons for the discharge and judge of its fairness. In this particular case Sheikh Sahid did send a telegram, as it has been found, but it had not unfortunately reached the company. So, in this case it cannot be treated that Sheikh remained absent without notice for a period exceeding 14 consecutive days from 29th April 1957 when he was to resume his duty on the expiry of 14 days' leave originally granted to him. Sheikh Sahid did not leave work without notice but he proceeded on leave being properly granted and he took reasonable steps to intimate the company by a telegram sent on 27th April 1957 his desire for extension of leave by 3 weeks more. It is urged on behalf of the company and it is in evidence of D.W. 1 Mr. William Asley Burroughs that notice mentioned in clause 18 of the standing orders means notice received by the mangement and that the procedure is that if no such notice is received, mere sending of notice by a workman would not be constituted as notice within the meaning of clause 18 of the standing orders. It is in evidence of D.W. 1 that several instances of dismissal are there in the company for non-receipt of notice of workman's desire to extend his leave. Clause 23, of course, lays down that a worker desiring an extension of leave must first of all obtain Factory Manager's sanction by any means of communication available. Otherwise, any overstayal of leave will be treated as absence. In the instant case, Sheikh Sahid did send a telegram and thus took reasonable steps to obtain the Factory Manager's sanction by the prompt means of communication available. Technically, of course, the letter of the rule contained in this clause was not complied with. But the Court of equity will not look to the form merely but to the intent. The circumstances of the present case reveal that there was an honest attempt on the part of the workman Sheik Sahid to get approval of his extension of leave. But in any case his telegram did not reach the company Company was, therefore, entitled to dismiss the workman by merely following the letter of the rule contained in clause 18 of the standing orders. But the tribunal has got power to see whether the dismissal of the workman was justified in view of the circumstances of the case. There is, of course, no *mala fides* on the part of the company and similarly there was no want of diligence on the part of the workman too. It is an admitted fact that Sheikh Sahid was not given any opportunity of explaining his absence without notice (according to the company) before he was actually dismissed. D.W. 1 has said in his evidence that when Sheikh Sahid came to the company's office after expiry of his alleged extension of his leave he was sent for and he was given a hearing. But already he was dismissed from service with effect from 13th May 1957. So he was not given opportunity for explaining his absence before he was dismissed. It is not disputed that Sheikh Sahid was dismissed without notice and any enquiry, and that he had put in 12 years of spotless service in the company. Substantially, therefore, Sheikh Sahid complied with the provision of clause 23 of the standing orders and his overstayal of leave, if any, can be treated only as absence but not absence without notice which incurs automatic dismissal under clause 18 of the standing orders. Extreme punishment meted out to Sheikh Sahid under these circumstances, is clearly in violation of principles of natural justice. Under clause 13 of the same standing orders a workman is entitled to an opportunity of explaining the circumstances alleged against him, in case of major misdemeanours, before order of dismissal is passed. It is curious that for mere absence without notice there would be automatic dismissal from service of a workman. Be that as it may, in the context of the facts and circumstances of this case, I find that by dismissing the workman Sheikh Sahid, without any notice, the company has acted with extreme harshness and in violation of principles of natural justice. Therefore, in my opinion, Sheikh Sahid is entitled to be reinstated to service and the company is directed to reinstate him within one month from the date of publication of the award. But if Sheikh Sahid does not resume his duties immediately on his reinstatement he will not get benefit of this award.

As regards compensation claimed by Sheikh Sahid, I find from evidence and the receipt (Ext. H) that he was paid in full and final settlement of his dues and claims against the company on 2nd September 1957. Sheikh Sahid admits in his evidence that he received the payment and was paid employees' contribution to Provident Fund and bonus. He received the payment and put his thumb-impression.

In considering the question whether Sheikh Sahid is entitled to any compensation, I must say that there was indeed latches on the part of the workman in the sense that he did not send any formal application for leave even after he had sent the telegram and he did not take any further step to ascertain from the company whether his leave had been actually granted. The company merely proceeded on the footing of the standing orders. The company was deprived of the benefit of the service of Sheikh Sahid through no fault of its own. There was no motive on the part of the company to victimise the workman Sheikh Sahid. In these circumstances, I do not think that the company shall be called upon to pay any compensation to Sheikh Sahid for the period from the date of his dismissal till the date of his reinstatement. I, therefore, allow no compensation to Sheikh Sahid.

This is my award.

STATEMENT OF OBJECTS AND REASONS.

The amendments proposed in the Bill are intended to remove certain anomalies and practical difficulties experienced in working the Act and to clarify certain provisions of the Act.

The Act was originally passed in 1956 but was ultimately published as West Bengal Act I of 1957. So the Act is now proposed to be called the West Bengal Panchayat Act, 1957 [clause 2 and clause 15(a) of the Bill].

According to the scheme of the Act, the Anchal Panchayat is the principal local authority. It is, therefore, sought to make the election of the Pradhan of an Anchal Panchayat the starting point of affecting the operation of other Acts enumerated in Schedule I to the Act [clause 3(a)].

The Bihar Panchayat Raj Act is in force in the territories transferred from Bihar to West Bengal. Provision is made for its repeal [clause 15(b)] and consequential amendments are proposed [clause 3(b)].

To guard against eventualities, provisions are made for appointment of the members of a Gram Panchayat by the State Government on the failure of the Gram Sabha to elect such members and for prescribing the time and manner of their election (clause 4 and clause 14), and also for the transaction of the normal business of a Gram Panchayat during the period between the expiry of the term of appointed members and the commencement of the term of elected members (clause 5). It is necessary to remove any doubt that a person who stands as a candidate at a first Panchayat election shall not be qualified if he is in arrear for the previous year's Union Board Tax (clause 6).

Provisions are required under certain eventualities for appointment of the members of an Anchal Panchayat. It is also necessary to eliminate the conflict between the four-year term of office of the members of an Anchal Panchayat and the one-year term of office of the members of a Gram Panchayat appointed under section 13. According to the present rule 9 of the West Bengal Panchayat Rules, 1958 a notice of at least sixty days has to be given before an election; the time for filling up a vacancy in an Anchal Panchayat has, therefore, to be extended from two to three months. A person may be allowed to be a member both of a Gram Panchayat and an Anchal Panchayat. Provisions are made accordingly (clause 7).

But a person should be debarred from holding the office both of Adhyaksha or Upadhyaksha of a Gram Panchayat and a Pradhan or Upa-Pradhan of an Anchal Panchayat (clause 8). Provisions are also necessary to be made for notifying the election or appointment of the members of an Anchal Panchayat and of its Pradhan and Upa-Pradhan (clause 9).

A Nyaya Panchayat is to consist of five members elected from amongst the members of Gram Sabhas within an Anchal Panchayat; where an Anchal Panchayat comprises more than five Gram Sabhas it is necessary to provide that at the time of election no Gram Sabha may be left out of consideration. So the second proviso to section 70(*1*) of the Act is suitably remoulded (clause 10). In a suit the accrual of the cause of action within the local limits of a Nyaya Panchayat should be sufficient to give it jurisdiction apart from the residence of the defendant, and section 83 of the Act is amended accordingly (clause 11). It is expressly provided that the members of a Nyaya Panchayat are public servants (clause 12).

As the repeal of certain enactments according to section 4 of the Act precedes the constitution of a Nyaya Panchayat under section 70(*1*) of the Act, it is necessary to provide for the transfer of suits and cases pending in courts functioning under some of those enactments to the ordinary courts, and this is done by substitution of section 118 which in its present form is considered unnecessary (clause 13).

The Schedule I has also been amended to enable the Panchayats to collect Education Tax and to elect representatives to the District School Boards. Certain powers have been given to the Panchayats under the Cattle-trespass Act (clause 15).

No. 1482L.—22nd July, 1959.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL LEGISLATURE (REMOVAL OF DISQUALIFICATIONS) (AMENDMENT) BILL, 1959.

A
BILL

to amend the West Bengal Legislature (Removal of Disqualifications) Act, 1952.

WHEREAS it is expedient to amend the West Bengal Legislature (Removal of Disqualifications) Act, 1952, for the purpose and in the manner hereinafter appearing; West Ben. Act VI of 1952.

It is hereby enacted in the Tenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the West Bengal Legislature (Removal of Disqualifications) (Amendment) Act, 1959.

Amendment of section 2 of West Bengal Act VI of 1952. **2.** In clause (*ii*) of section 2 of the West Bengal Legislature (Removal of Disqualifications) Act, 1952, after the words "under the West Bengal National Volunteer Force Act, 1949", the following words "or in the Air Defence Reserve or the Auxiliary Air Force raised and maintained under the Reserve and Auxiliary Air Forces Act, 1952" shall be inserted. West Ben. Act I of 1949. LXII of 1952.

STATEMENT OF OBJECTS AND REASONS.

The Government of India have already enacted legislation to declare that the office of a member of the Auxiliary Air Force or the Air Defence Reserve raised and maintained under the Reserve and Auxiliary Air Forces Act, 1952, shall not disqualify, and shall be deemed never to have disqualified, the holders thereof for being chosen as, or for being, members of the Parliament. It is necessary that the State Government also should take steps to make similar provisions in respect of the State Legislature by suitably amending the West Bengal Legislature (Removal of Disqualifications) Act, 1952. The present Bill proposes to amend the West Bengal Legislature (Removal of Disqualifications) Act 1952, accordingly.

NOTIFICATION

No. 1483L.—22nd July, 1959.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE CITY CIVIL COURT (AMENDMENT) BILL, 1959.

A

BILL

to amend the City Civil Court Act, 1953.

WHEREAS it is expedient to amend the City Civil Court Act, 1953, for the purposes and in the manner hereinafter appearing;

West Ben. Act XXI of 1953.

It is hereby enacted in the Tenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the City Civil Court (Amendment) Act, 1959.

Amendment of section 12 of West Ben. Act XXI of 1953.

2. In sub-section (*1*) of section 12 of the City Civil Court Act, 1953 (hereinafter referred to as the said Act), for the words "service in the City Civil Court" the words "service in the West Bengal Higher Judicial Service" shall be substituted.

Amendment of section 19.

3. In sub-section (*2*) of section 19 of the said Act, after clause (*e*) the following clause shall be added, namely:—

"(*f*) delegation to the Registrar of the City Civil Court of any judicial, quasi-judicial and non-judicial duties.".

STATEMENT OF OBJECTS AND REASONS.

Section 12(*1*) of the City Civil Court Act, 1953, lays down that in case of temporary or sudden absence of the Chief Judge of the Court, for whatever reasons it may be, the seniormost Judge of the City Civil Court next in order of seniority according to the period of service in the City Civil Court shall assume charge of the Chief Judge. This may at times cause embarrassment to a senior officer of the Higher Judicial Service who may be appointed as a City Civil Court Judge after the appointment of an officer junior to him in the Higher Judicial Service as Judge of the City Civil Court.

It is, therefore, proposed to amend sub-section (*1*) of section 12 of the City Civil Court Act, 1953, suitably so as to provide that in case of absence of the Chief Judge, the seniormost member of the Higher Judicial Service among the City Civil Court Judges shall assume charge of office of the Chief Judge.

Section 19 of the City Civil Court Act, 1953, confers power on the High Court to make rules and in sub-section (2) the words "practice and procedure" have been used but there is no specific provision regarding delegation of judicial, quasi-judicial and non-judicial duties to the Registrar of the City Civil Court. The Rule-making Committee of the High Court suggested that this section should be amended suitably so as to enable the High Court to frame rules regarding delegation of duties to the Registrar of the City Civil Court. It is accordingly proposed to amend section 19 of the City Civil Court Act, 1953 by inserting a clause similar to section 128(*2*)(*i*) of the Code of Civil Procedure, 1908. The Bill has been drafted for the purposes mentioned above.

NOTIFICATION

To- All Heads of Offices (both Central or State) under the Audit Control Office, Accountant-General, West Bengal.

Subject: Provident Funds

No. TM/Fund I/730.—9th July 1959.—Attention is invited to this office notification No. TM/Fund I/708, dated 24th December 1958, published on pages 103 and 232 of *Calcutta Gazette*, Part I, dated 8th January 1959 and 15th January 1959, respectively, regarding acceleration of settlement of cases of final payment of Provident Fund money. Though the payment of interest up to a maximum period of six months after the month in which the amount becomes payable is permissible the payment of such interest should be reduced to the minimum.

The cases of retirement, etc., should therefore be reported to this office promptly.

It is pointed out in this connection that re-employed Government servants are not entitled to continue subscribing to the original fund account, during the period of re-employment. The original accounts are required to be closed and the fund money will become payable to them. Re-employed pensioners may, however, subscribe to the fund (under a new No. alloted by this office on application) after they complete one year's continuous service under Government unless they are re-employed *ab-initio* for more than a year when they will be eligible to subscribe to the fund from the date of commencement of their re-employment.

The above may be noted carefully for guidance.

In the matter of an industrial dispute between Messrs. Dishergarh Power Supply Co. Ltd., with Central Office at Sanctoria, P.O. Dishergarh, Dist. Burdwan, and their workmen represented by the Dishergarh Power Workers' Union, P.O. Sunderchalk, Dist. Burdwan. (Case No. VIII-139/58.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Department of Labour, by order No. 2722-I.R./IR/10L-20/58, dated 3rd July 1958, referred, under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Dishergarh Power Supply Co. Ltd., with Central Office at Sanctoria, P.O. Dishergarh, Dist. Burdwan, and their workmen represented by the Dishergarh Power Workers' Union, P.O. Sunderchalk, Dist. Burdwan, relating to the issue mentioned below to this Tribunal for adjudication.

Issue

(1) Bonus for 1956-57.

Notices were issued on both the parties, who filed written statements setting forth their respective cases.

The pleadings of the parties will be discussed at the decision of the issues here below.

The appearances for the parties were as follows:—

For the Union: Shri Gopeswar, Vice-President, assisted by Shri Md. Ali, Assistant Secretary.

For the Company: Shri B. B. Das Gupta, Law Officer.

The issue that was framed for the decision of this case is the same as that mentioned in the order of reference, and is as follows:—

Issue

(1) Bonus for 1956-57.

AWARD

Decisions.

Issue No. 1—Bonus for 1956-57: The Union, in its written statement, states as follows. There has been a steady increase in the profits of the Company, and the profit position reveals a progressive material prosperity of the concern. The sale of energy continued to increase from year to year. The dividend to the share-holders has all along been maintained steady at 6 per cent. and in the year 1956-57, the ordinary share-holders have been given 6½ per cent. as dividend. In view of the increase in profits and other factors, the employees represented to the Company that they should be given a higher quantum of annual bonus for the year 1956-57. The Company used to pay annually a bonus equivalent to one month's basic wages, but since 1954 the Company has been paying two months' basic wages as bonus in the year. The Union suggested to the Company that it should apply to the Government for a grant of four months' wages as annual bonus for the year 1956-57. The Company declared two months' wages as annual bonus for the year 1956-57. During the conciliation proceedings before the Regional Assistant Labour Commissioner, it was agreed that the workers would accept the sanctioned bonus that is, two months' basic salary for the present and the Management would approach the Managing Agents for moving the Government for increasing the bonus for another two months' basic wages for the year in question. The Company, however, did not take any steps to move the Government as agreed to by them. The Union, therefore, claims that the Company should pay for the year 1956-57 a sum equivalent to four months' basic salary as bonus to the workmen. The Union also prays that the Tribunal should direct the Company to introduce a proper scheme of annual bonus. At the time of the hearing, this prayer was not pressed by the Union, as it was not comprised in the issue mentioned in the order of reference. This prayer shall not, therefore, be considered.

The Company, in its written statement, states that the most important consideration in this case is the trading profit of the Company for the year ended 31st March 1957, and after meeting the prior charges in accordance with the well-established principles for payment of bonus, there was no surplus left in the year ended 31st March 1957, for payment of any amount of bonus to the employees of the Company. In fact, after meeting the prior charges in the year ended 31st March 1957, there will be very substantial deficit. The Company has, however, paid to the qualifying workers bonus of two months' basic salary in the year 1956-57, and the Union's claim for additional bonus is untenable and unjustified. Previous to 1954, the Company paid its employees one month's basic salary as bonus as a condition of service following an Agreement with the Union in 1949. Since 1954, the rate of bonus was increased from one month's basic salary to two months' basic salary on an year to year Agreement basis with the Union as recorded in the relevant minutes of the meeting between the Company's representative and the Union. During the years 1954 and 1955 one month's bonus was paid as the condition of service and the additional one month's bonus was paid on the basis of agreement arrived at with the Union in each of these years. In the year 1956-57 also, bonus was paid at the rate of two months' basic salary, one month's bonus was paid as a condition of service and the additional one month's bonus was paid by the Company, in default of an Agreement between the Company and the Union entirely at its discretion. The Company submits that the Union's contention that the slight increase in the dividend on the ordinary shares of the Company for the year 1956-57, from Rs. 6 per share to Rs. 6.50 per share is based on higher profits is incorrect. There is a short-fall between the Company's "clear profit" and the "reasonable return", to which it is entitled under the Act. As regards the increase in the sales of energy, the Company states that the generation from the Company's Power Station has remained practically the same for the last five years and there has been a steady increase in purchase of bulk supply from Damodar Valley Corporation at a relatively higher rate, resulting in increasing operating cost of the Company. Despite the Company's unsatisfactory financial position, in September 1957, the Company requested the Government of West Bengal to approve of its paying bonus to its employees at the rate of two months' basic salary for the year 1956-57, and this was duly approved by the Government and the Union was fully aware of the Company's decision as to this rate of bonus. The Company or the Managing Agents did not consent to move the State Government for payment of any further bonus for the year in question, in addition to two months' bonus as stated above. After an illegal demonstration by the employees on 16th September 1957, conciliation proceedings were started by the Assistant Labour Commissioner, and the Company explained its position to that official. The Company made the same case before the Deputy Labour Commissioner when conciliation proceedings were held by him at a later date over this matter. The Company opposed the Union's prayer for a direction asking the Company to introduce a proper scheme of annual bonus, as it was not covered by the order of reference. The Company states that the claim of any further bonus, over and above what has been already paid by the Company, is untenable and unjustified.

Evidence was adduced by both parties. The Union did not adduce any oral evidence. Documents, Exts. 1 and 2, were marked for the Union. O.P.W. 1 Shri L. R. Puri, Accountant of the Company, deposed for the Company. Documents, Exts. A to Ext. G, were marked for the Company.

Ext. 1 shows some figures regarding dividend paid by the Company in the years 1952-53 to 1957-58, sales of energy in three consecutive years till 1957-58, the Managing Agents remuneration during 1955-56 to 1957-58, clear profit in several years, provision for taxation, general reserve and profit in several years. Ext. 2 is a letter by the Deputy Labour Commissioner, Government of West Bengal, to the Company, dated 29th April 1958, in which it was suggested that the workmen might be paid a sum of Rs. 15 per head as a lump sum *ex-gratia* payment without precedent on condition that the Union accepted this sum in full and final settlement of the dispute. This amount was not paid by the Company, and the Company's reply to the Deputy Labour Commissioner to this letter is Ext. G, dated 14th May 1958. Exts. A to A(3) are the balance-sheets for four years, being 1953-54 to 1956-57. Eyt. B is a statement of calculations showing availability or otherwise of bonus for the year ended 31st March 1957, in terms of the Full Bench formula on bonus payments, as enunciated in the Mill Owners' Association case, Bombay, reported in 1952 L.A.C., 433. Ext. C is a statement showing the normal depreciation and the income-tax rates for the year ended 31st March 1957, as per Hon'ble Labour Appellate Tribunal's decision in the Surat Electricity Co., Ltd., case. Ext. D is a statement of calculation showing the amount of rehabilitation reserve necessary for the year ended 31st March 1957. Ext. E is a copy of the Income-tax Department Assessment Order for the year ended 31st March 1957, together with Parts IV and V attached to it. Ext. F is a copy of the working sheet for Schedule VI of the Electricity (Supply) Act, 1948, for the year ended 31st March 1957, showing the deficiency between the "clear profit" and the "reasonable return". Ext. G mentioned above is the reply of the Company to the Deputy Labour Commissioner, West Bengal, on his suggestion for the Company to award an additional bonus at the flat rate of Rs. 15 per head for the year in question.

The Hon'ble Labour Appellate Tribunal enunciated the principles to be followed in deciding as to whether bonus should be allowed to workmen on the trading profits of any particular year in its full bench decision in the case of Mill Owners' Association, Bombay, *vs.* Rastriya Mill Mazdoor Sangha, reported in 1952 L.A.C., page 433. This decision has been widely applied by all Tribunals in India and has been generally approved by the Hon'ble Supreme Court in the case of Muir Mills Co. Ltd., Kanpur [1955 (I) L.L.J., page 1] and in the case of State of Mysore, reported in 1958 II L.L.J., page 479. The special case of the Electricity Supply concerns in the context of bonus claims was considered and decided by the Hon'ble Labour Appellate Tribunal in the Full Bench case of U.P. Electricity Supply Company reported in 1955 L.A.C., page 659. It was decided by the Hon'ble Tribunal in this case that there cannot be any difficulty in the case of electrical concerns in applying Full Bench formula inasmuch as the profit and loss account has to be prepared by each of the concern under the Companies Act and the Full Bench decision must be applied as a whole for the ascertainment of bonus of electricity concerns. The Hon'ble Tribunal held that the payment of bonus is an item of expenditure which falls within clause XVII (2) (b) (xi) of Schedule VI of the Electricity (Supply) Act, 1948, and that the determination of bonus payable by the concerns governed by the Electricity (Supply) Act must proceed on the principles of the formula given by the Full Bench in the Mill Owners' Association's case, reported in 1952 L.A.C., page 433. This case also decided that the contingency reserve should be allowed as a prior charge to an electricity concern. The available surplus formula and the question of recognition of prior charges in finding out the available surplus were also considered by the Hon'ble Supreme Court in the latest decision of A.C.C. and others, and their workmen, reported in 1959 (I) L.L.J., page 644. The Hon'ble Court approved of the decision of the Full Bench of the Labour Appellate Tribunal in the U.P. Electricity Supply case mentioned above and observed that the view taken by the Tribunal was wholly consistent with the basic idea of social justice on which the original formula was founded. The Hon'ble Supreme Court also approved of the decision of the Labour Appellate Tribunal in Surat Electricity Company's case, reported in 1957 (II) L.L.J., 648, that it is the notional normal depreciation which has to be deducted from the gross profit in working out the formula. Ext. C in this case is the statement showing the working out of the normal depreciation at the income-tax rates for the year ended 31st March 1957 as per Labour Appellate Tribunal's decision in the Surat Electricity Company's case.

Ext. B shows the calculation of available surplus in accordance with the terms of the Full Bench formula of the Labour Appellate Tribunal. This calculation shows that there is a short-fall of fair return over profit. This short-fall without charging any amount whatsoever for rehabilitation reserve amounts to Rs. 4.04 lakhs. The Company also shows in its calculations that the rehabilitation reserve in accordance with the statement filed amounts to an additional sum of Rs. 16.73 lakhs for the year in question in which case the shortfall after charging rehabilitation reserve would amount to the large figure of Rs. 20.77 lakhs. The depreciation as per accounts amounts to Rs. 2.29 lakhs for the year in question. Even if normal depreciation were not charged, then there would still be a deficit of about Rs. 2½ lakhs. The calculations of fair return and profits in Ext. B have been scrutinized by me and are correct. The calculations of normal depreciation and rehabilitation reserve also appear to be correct. I was not shown this to be otherwise by the learned spokesman for the Union. Considering all the circumstances, it appears clear that there is no available surplus after making provisions for prior charges in accordance with the terms of the Full Bench formula of the Labour Appellate Tribunal in the Mill Owners' Association's case from which bonus can be paid to the workmen for the year 1956-57. The Company has already paid bonus equivalent to two months' basic wages. The claim for additional bonus for the period in question is, therefore, unworthy of support. It is, therefore, awarded that the workmen are not entitled to any further additional bonus for the year 1956-57, over and above the bonus already paid to the extent of 2 months' basic wages. This issue is accordingly answered.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said report as shown in the annexure hereto.

ANNEXURE

In the matter of an enquiry connected with and relevant to an industrial dispute existing between the Calcutta Electric Supply Corporation, Ltd., Victoria House, Calcutta-1, and their Coal Yard workmen in the Southern Generating Station, Matiaburuz, represented by (1) Calcutta Electric Supply Mazdoor Union, 249 Bowbazar Street, Calcutta-12, and (2) Calcutta Electric Supply Workers' Union, 35B Wellington Street, Calcutta-13. [Case No. 4/58/6-10(1)(b)]

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal, West Bengal, Calcutta.*

1. By Government order No 4308-I.R./IR/10L-90/58, dated the 9th October 1958, the aforesaid matter was referred to me for enquiry under section 10, sub-section (1), clause (b), the Court of Enquiry having been set up under section 6 of the Industrial Disputes Act, 1947, as amended in 1956.

2. The reference was received here on 16th October 1958. Usual notices were given to the Unions. Thereafter a doubt arose whether the Court of Enquiry was properly set up in the absence of any application made by the parties in the prescribed manner jointly or separately, and in the absence of an enquiry being made by the Labour Commissioner as required under the rules. The Court by its order No. 4, dated 16th December 1958, found that as the dispute was not referred to the Court of Enquiry, but merely the matters connected with the dispute or relevant to it were referred to, and that the appropriate Government was justified in making the reference *suo motu* under section 10(1)(b) independent of any recommendation made by the Labour Commissioner. In that view of the matter the Court found that the reference was in order, and the parties were called upon to proceed with the matter. In this view of the matter the proceeding may be deemed to have commenced virtually thereafter.

After the written statements were filed by the parties, the Court by its order No. 9, dated 10th March 1959, appointed an Assessor under section 11(5) of the amended Act. It gave directions to the said Assessor to have a local inspection and to go into the relevant records after due notices to the parties. A consolidated fee of Rs. 300 was sanctioned for the Assessor to be payable by the Company on its consent. The said Assessor Shri G. C. Chakravorty, Chartered Accountant, filed his report to the Court. He also attended the sittings of the Court and helped it in coming to the decision. The order was reserved.

3. The points which were referred to the Court of Enquiry as per the schedule to the order of reference stand as follows:—

(1) Whether there has been slowing down of production in respect of unloading of coal wagons by the Coal Yard workers in the Southern Generating Station?

(2) What should be the normal man-hours for unloading of coal wagons?

FINDINGS.

4. I incorporate the report of the Assessor, Shri G. C. Chakravorty, Chartered Accountant, in my present order. The report makes it sufficiently clear that in the month of May 1958,

i.e., prior to the alleged slow down, 10 workmen unloaded 4 wagons during 8 hours' working day, and sufficient wagons were available. The average work-load per capita thus works out to 20 man-hours per day of 8 hours [that is, $10 \times 8 \div 4 = 20$ (man-hours)]. The Assessor noted that the output during the said period was more or less uniform throughout the day.

Next, during the period from 6th July 1958 to 19th January 1959, the alleged period of slow-down, 10 workmen unloaded 3 wagons during 8 hours working day, the other conditions remaining the same as before. The average work-load per capita thus worked out at 26.6 man-hours per day of 8 hours [that is, $10 \times 8 \div 3 = 26.6$ (man-hours)]. So, evidently, during this period there was slow-down compared to the period preceding it.

Next, in the months of February and March 1959, i.e., the period subsequent to the alleged slow-down, I get that 10 workmen unloaded 4 coal wagons during 9 hours (by working one hour overtime), the other conditions remaining the same. The average work-load per capita thus worked out stood at 22.5 man-hours per day of 9 hours [that is, $10 \times 9 \div 4 = 22.5$ (man-hours)]. The output per capita was not uniform thoroughout the day. It was very much less during the morning hours and quite brisk during the latter part of the day. The Company has also submitted a statement showing production at different periods of the year,—I mean, unloading of coal wagons, when supply was quite adequate. This statement has not been disputed. So the Assessor's report is substantially corroborated by the statement furnished by the Company. In this view of the matter, I find that there was slow-down of production in the Southern Generating Station during the period from 6th July 1958 to 19th January 1959. Thus the first issue is disposed of.

Issue No. 2: From what I have stated above I find that the normal wark-load per capita would be 20-man-hours per day of 8 working hours. The production will be more or less uniform throughout the day,—a little more during the earlier part of the day, and a little less during the latter part because of the fatigue of the workers. So the issue No. 2 is also answered.

Shri Patit Paban Pathak, representing the Mazdoor Union, contends that 6 work-men were engaged in unloading 3 wagons in a day, as per the paragraph 4 of the Union's written statement. He points out that the Company in paragraph 2 of its written statement has stated that 10 local Mazdoors unloaded 4 coal wagons. So he contends that there was no slow-down even on the admission of the Company. But, I am afraid, his objection is misconceived in the sense that a gang of mazdoors who unload coal wagons comprises 10 men, 6 being engaged in actual unloading and the other 4 in trimming the coal field and carrying coal into the pits. So, according to Shri Pathak, 10 coal mazdoors unload 3 wagons in a day, while, according to the Company, they had been unloading 4 coal wagons before.

Shri Panchanan Bhattacharya on behalf of the Workers' Union, prefers not to argue and contest the matter because he does not support any slow-down by the workers. He wanted that the Court of Enquiry should find out fault, if there was any, and should fix the man-hours.

According to section 10 of the Industrial Disputes Act, as amended in 1956, the report by the Court of Enquiry should be sent within a period of six months from the commencement of the enquiry. But the word "ordinarily" occurs in the said section. So my present report after six months of the commencement of the enquiry is not *ipso facto* bad. Besides, in this case, as I have already pointed out, there was more doubt as to whether the Court of Enquiry was rightly constituted, and if the reference was in order. It was only in the middle of December 1958 that the Court of Enquiry by its order declared the reference as valid. So, the enquiry, strictly speaking, may be said to have commenced from the date of that order.

To

THE JUDGE, *Fifth Industrial Tribunal, West Bengal.*

SIR,

SUBJECT: In the matter of an enquiry in the industrial disputes between Calcutta Electric Supply Corporation Limited and their Coal Yard workmen in Southern Generating Station at Matiaburuz, represented by (1) Calcutta Electric Supply Mazdoor Union, 249 Bowbazar Street, Calcutta-12, and (2) Calcutta Electric Supply Workers' Union, 35-B Wellington Street, Calcutta-13, (vide Labour Department Notification No. 4308-I.R./IR/10L-90/98, dated 9th October 1958.

I completed the above enquiry on 5th May 1959 and submitted my proceedings on 7th May 1959 and also attended sittings in Court on 6th June 1959 and 15th June 1959 in connection thereto. I beg to submit my report as follows:—

I went to the Coal Yard at the Southern Generating Station of the Company on 30th March 1959 and 31st March 1959 for local inspection the proceedings whereof were duly recorded. Members of both the Unions were present at the time of such inspection. The records of the Company for the month of May 1958, i.e., the period preceding to alleged slow down, for the months of July 1958, August 1958, December 1958 and January 1959 covering the period of complaint (i.e.. from 6th July 1958 to 19th January 1959 and also for the months of February 1959 and March 1959, i.e., periods subsequent to the period of complaint as aforesaid, were examined by me on 20th April 1959, 22nd April 1959 and 5th May 1959 at the office of the Company's Solicitors, Sandersons and Morgans with due notices to the parties concerned. Representative of the Calcutta Electric Supply Mazdoor Union did not turn up on those dates although properly informed. Pages examined by me were initialled for identification and the proceedings were duly recorded. My observations are as follows:—

At the time of local inspection I found that 10 coal workers were allocated per wagon for taking out coal from wagons, placing it in the pits and levelling and trimming the pits suitably for the convenience of various coal-handling plants to convey the same to the furnace. The division of work was arranged in the manner following—6 men inside the wagon were engaged in taking out coal from wagon and placing it in the pits and the remaining 4 men were allotted to do other operations, namely, levelling and trimming the pits suitably for the purposes aforesaid. Entire operation of unloading a coal wagon should therefore be taken to be carried out by a group of 10 coal mazdoors.

The records of the Company for the month of May 1958, i.e., the period preceding the alleged slow-down, showed that 10 workmen unloaded 4 wagons during 8-hour working day when sufficient wagons were available. Average work-load per capita thus worked out at 20 man-hours per day of 8-hours, i.e., 10×8÷4=20 man-hours. It was also noted that output during the said period was more or less, uniform throughout the day.

The records of the Company during the period from 6th July 1958 to 19th January 1959, i.e., period of complaint, showed that 10 workmen unloaded 3 wagons during 8-hours working day. other conditions remaining the same as before. Average work-load per capita thus worked out at 26.6 man-hours per day of 8 hours, i.e., 10×8÷3=26.6. It was also noted in this connection that output per capita was not uniform throughout the day. It varied from 32 man-hours to 25 man-hours during the first part of the day whilst during the later part of the day it varied from 20 to 17.5 man-hours when sufficient wagons were available (*vide* also column 10 in page 2 of the statement of workloads submitted by the Company on 15th June 1959).

The records of the Company for the months of February 1959 and March 1959, i.e., periods subsequent to alleged slow-down, showed that 10 workmen unloaded 4 coal wagons during 9-hours (by working one hour overtime) other conditions remaining the same as before. Average work-load per capita thus worked out at 22.5 man-hours per day of 9-hours, i.e., 10×9÷4=22.5. It may be mentioned in this connection that output *per capita* was not uniform throughout the day, output being much less during the morning hours, i.e., 30 man-hours and larger during the latter part of the day, i.e., 15 man-hours to make up the deficiency (*vide* column 10 in page 3 of the statement of work-loads submitted by the Company on 15th June 1959).

The above observations therefore revealed the fact that average man-hours for unloading a coal wagon increased to 26.6 during the period from 5th July 1958 to 19th January 1959 which were 20 hitherto before. This indicates slower rate of work during the period in question (*vide* also columns 10 and 11 of the chart prepared by the Company and checked by me by reference to relevant records and submitted on 12th May 1959 wherein percentages of output in corresponding periods of 1957, 1958 and 1959 are shown).

It may also be noted from the above observations that normal work-load per capita averaged at 20 man-hours per day of 8 hours, output being more or less uniform throughout the day.

I remain,
Sir,
Yours faithfully,
G. C. CHAKRABARTI,
Chartered Accountant (Assessor).

ANNEXURE

In the matter of an industrial dispute existing between Messrs. J. Stone and Co. (India) Private Ltd., 5 Hide Road, Kidderpore, Calcutta-23, and their workmen represented by J. Stone and Co. (India) Private Ltd., Office Staff's Union, 47A Rash Behari Avenue, Calcutta, and J. Stone and Co. (India) Private Ltd., Employees' Association, 5 Hide Road, Kidderpore, Calcutta-23. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Union: Shri P. K. Sanyal, Advocate for J. Stone & Co. (India) Private Ltd. Office Staff's Union. Shri S. N. Choudhury, Secretary, J. Stone & Co. (India) Private Ltd. Employees' Association.

Present for the Company: Shri J. N. Chatterji, Assistant Labour Adviser, Indian Engineering Association.

By Government order No. 1833-I.R./IR/11L-209/57, dated the 3rd May 1958, the aforesaid dispute has been referred to the Fifth Industrial Tribunal presided over by me for adjudication under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957.

2. The reference was received on 6th May 1958. The union filed written statement on 9th June 1958. The company filed written objection on 11th July 1958. After several adjournments the case was taken up for hearing on 30th April 1959. On that date there was a dispute between two unions, one union saying that it has no dispute with the company: while the "Staff Union" contended that it has got a dispute. The Staff Union which was represented by Shri P. K. Sanyal, Advocate, was confronted with the position that it had hardly any members; while the members all went over to the Employees' Association. In the circumstances he wanted time and the case was adjourned to 4th May 1959. On that date Shri P. K. Sanyal by a

petition stated that in view of the majority of the workmen not wanting to dispute the issue, he does not like to contest the matter. So the award was reserved.

3. The only issue arising for determination is:—

(1) Dearness Allowance.

AWARD

Issue No. 1: In view of the Staff Union preferring to drop from the contest by a petition and the other union not contesting the issue, the position is that there is no subsisting dispute between the parties. In that view of the matter I pass an award of "not dispute". I incorporate the said petition of the Staff Union as a part of my present award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge,*
Fifth Industrial Tribunal.

Order No. 8, dated 19th June 1959.

INTERIM AWARD

The petitioners who are clerks of the Company in the factory, and belong to the Ganges Rope Employees' Union, claim three months' pay as bonus for the years 1956-57 and 1957-58. The Company is alleged to have granted two months' basic pay as bonus for the year 1957-58 under an agreement reached with the Ganges Rashikal Mazdoor Sabha. The present clerical staff could not accept it except under protest because they were members of a different Union. They claim two months' basic pay as an interim relief. The Company opposes this claim.

The Company opposes the claim because the clerical staff did not accept the aforesaid two months' basic salary as bonus without protest. The Company, however, was willing to pay it by way of final determination of the claim.

Next, the Company objects to the assumption of jurisdiction by the Tribunal in granting interim relief in the face of the agreement reached on this point before the Conciliation Officer with the Rashikal Mazdoor Sabha. It also contends that if the Labour Appellate Tribunal's bonus formula is worked out, it will be seen that there is no available surplus for any bonus in respect of the year 1957-58. It also impugns the jurisdiction of the Tribunal to grant any interim award. There is no claim by way of an interim relief in respect of the year 1956-57, bonus of which has been paid and accepted.

Now, turning to the legal objection raised by the Company, I would find that the Tribunal is competent to grant an interim award. From the definition of "award" as per section 2(b), it appears that an award means an interim or final determination by an Industrial Tribunal of any industrial dispute or any incidental allied question. If the Tribunal is not competent to grant any interim award, the word "interim" occurring in the definition would be redundant. That can never be the intention of the Legislature. It was also found by the Labour Appellate Tribunal in the case of Allenberry & Co. as reported in 1951 L.L.J., Vol. 1, page 228, and in the case of Punjab National Bank Ltd., as reported in 1952 L.A.C., page 73, and also in the case of National Tobacco Co. of India Ltd., reported in 1952 L.A.C., page 251 that the Industrial Tribunal is competent to grant interim award. The Punjab High Court in its decision in the Punjab National Bank case, as reported in the A.I.R. 1952, Punjab, page 134, and the Patna High Court in its decision in the case of Thakur Yugal Kishore Sinha and others *versus* the State of Bihar and others, as reported in L.L.J. 1950, Vol. II, page 539, held that the Industrial Tribunals have been empowered to grant interim award. Of course, under the old Act no method of recovery under such awards was prescribed. But this lacuna has been removed by section 20 of the amending Appellate Tribunal Act of 1950. So I am unable to accept the objection of the Company raised by the learned counsel Shri Jinwalla on this lack of jurisdiction of the Industrial Tribunal to grant an interim award.

Regarding the other objection raised by the Company, that there will be no available surplus if the bonus formula of the Labour Appellate Tribunal, as set forth in the Bombay Mill Owners' case, is applied in this case, I must find that at this stage the Tribunal is not in a position to say whether profit bonus can really be allowed under the said formula. That will require evidence to be taken. It will also be pre-judging the entire affair on this head. So that can be done appropriately in the final award. But this objection has no practical value at this stage of hearing of the interim relief prayer when I find that the Company has granted two months' basic salary as bonus for the year 1957-58 to its workmen in the factory in question where these clerks are employed. According to the very admission of the Company in its written statement, I find that the Company does not like to make any discrimination between the workmen employed in manual jobs and the clerks in the same factory. That being so, the Company cannot refuse bonus to the clerks for the year 1957-58 to the extent of two months' basic salary. Such discrimination cannot be allowed by the Tribunal even if the Company was so inclined. That will lead to industrial unrest. It will hamper production. It is also the decision of the Hon'ble Supreme Court of India as given in the famous Burn Company case, that bonus should be, as far as possible, uniform. It has been recently decided by the said Hon'ble Court that bonus should not be discriminated exactly in proportion to the contribution made by the employees as it cannot strictly be apportioned and appraised. So, *prima facie*, I can very well take that the clerical staff in the factory is, at all events, entitled to 2 months' basic salary as bonus for the year 1957-58. If they claim 3 months' bonus with an eye to what was given to the clerks in the Head Office, that cannot defeat their minimum legitimate claim. The Company takes exception to the clerical staff accepting the bonus under protest. But does this protest mean anything when the matter is pending before the Industrial Tribunal? So, if the Company merely had more patience, and did not grudge the matter being adjudicated by a competent Tribunal, then it would not have found fault with the clerical staff in their accepting bonus under protest.

This being the position, I award two months' basic salary as interim bonus to the clerical staff in the factory who were in service during the year 1957-58. This bonus, I mean, this interim relief will be payable within one month from the date of this order.

This order, in the shape of an interim award is sent to Government for publication.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Bird and Co. Ltd., Chartered Bank Buildings, Calcutta-1, and their daily-rated workmen employed at the Company's godown at 5 Hide Road, Kidderpore, Calcutta, represented by Bird and Co. Ltd. Mazdoor Union, 47-A Rash Behari Avenue, Calcutta-26. (Case No. 88/58, VIII.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri M. S. Bala, an officer of the Company.

Present for the Union: Shri Kiron Mitra, Advocate.

By Government order No. 1831-I.R./IR/11L-163/58, dated the 3rd May 1958, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under Government notification No. 808-I.R./IR/3A-2/57, dated 11th March 1957.

2. The reference was received here on 7th May 1958. After usual notices the Union filed written statement on 20th June 1958. The Company filed written objection on 5th August 1958. The case was taken up for hearing on 11th May 1959 when the evidence including the argument was concluded. The award was reserved.

3. The issue which stands for determination under the order of reference is as follows:—

> Whether the fourteen daily-rated workmen named below, are entitled to all the holidays with pay under the Negotiable Instrument Act? Whether they are entitled to Provident Fund? Whether they should be put on monthly rate of payment?
>
> (a) Shri B. Bose, (b) Shri Bemana, (c) Shri Manmatha, (d) Shri Shevak, (e) Shri Toti, (f) Shri Birbal, (g) Shri Ramana, (h) Shri Atul Dutta, (i) Shri Abinash, (j) Shri Biru, (k) Shri Luxmi, (l) Shri Rajana, (m) Shri Santosh and (n) Shri Kanu Rauth.

AWARD

4. According to the Union, they had an award passed by this Tribunal as published in the *Calcutta Gazette*, dated 16th August 1956. These 14 workmen in question were found entitled to all the amenities available to the permanent workmen. It is further contended that the Company has not implemented the said award in respect of holidays, leave, provident fund and monthly-rated pay.

On the part of the Company it is asserted that the aforesaid award was being implemented. It is further alleged that there was a joint conference in the Labour Commissioner's office over this matter, and a settlement was reached as per the Annexure A. In the face of that settlement the present adjudication is untenable, says the Company. The Company contends that as there is no provident fund here, the question of these 14 men subscribing to the same does not arise. It is further contended that Luxmi of the said list had left the service of the Company before this reference, and that Shri Biru of the list has become a monthly-rated staff. So whatever is awarded by the Tribunal will not be available to them.

Now, turning to the points raised, I cannot accept the Company's contention that it had implemented the award. Had that been so, this further dispute would not have arisen, and there would have been no occasion for any conciliation proceeding.

Regarding the second objection that the agreement, Ext B, stands in the way of any fresh award, I find that it is untenable in law. The said document, Ext. B, is signed only by the Conciliation Officer. It is not signed by the Company or by the Union. So it is not a tripartite agreement reached in a conciliation proceeding. On its face it purports to be a decision made by the Conciliation Officer. But the Conciliation Officer has not been empowered under the Industrial Disputes Act to give any decision. His order, if any, is administrative as distinguished from a judicial order. So this agreement, if it is called an agreement, cannot be said to be legally binding on the parties. If it was signed by the parties, then only under section 18(3) it would have been legally binding.

Turning, however, to the facts I find from the evidence of P.W. 2 that he gets 10 days' holidays in a year. P.W. 1 says that he gets calendar holidays, but he does not mention the quantum. Being employed in the factory these people cannot expect to get holidays under the Negtiable Instrument Act. Such holidays are not open to operatives. Such holidays are allowed, if at all, to the clerical staff. So the claim for such holidays on the part of these workers is unsustainable. I reject it.

Regarding the claim to subscribe to the provident fund, I get in the evidence of O.P.W. 1 that there is no existence of provident fund for the workmen. So the question of these men being entitled to subscribe to the provident fund, which does not exist, does not arise. It is more so when no other workmen subscribe to such a fund. So I reject the present claim till the provident fund comes to exist in the Company.

Regarding the third claim, that these workmen should be put on monthly-rated payment, I find that there is no substance in the contention. For the daily-rated workers weekly mode of payment is the appropriate mode. Besides, it is not an amenity which follows from the permanent nature of work. These workmen do not get sufficient work throughout the month. In the circumsances, the weekly mode of payment which exists is the proper one. I am not prepared to disturb it. So the claim fails.

Before I conclude, I must point out that this award does not include Biru and Luxmi, numbering (j) and (k) as per the order of reference, for reasons already given.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Jamair Company (Private) Ltd., 42 Chowringhee Road, Calcutta, and their workmen represented by Jamair Employees' Union, Calcutta Airport, Dum Dum, Calcutta-28.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

By Government order No. 2391-I.R./IR/4L-24/58, dated the 10th June 1958, the aforesaid dispute has been referred to the Fifth Industrial Tribunal presided over by me for adjudication under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under Government order No. 808-I.R./IR/3A-2/57, dated the 11th March 1957.

2. The reference was received here on 13th June 1958. After usual notices the Union filed written statement on 26th July 1958. The Company filed written objection on 12th September 1958. After several adjournments the case was taken up for hearing on 11th June 1959. The evidence was finished on that date. The argument was concluded on 22nd June 1959. The award was reserved.

3. The issues which arise for determination as per order of reference stand as follows:—

(1) Grades and scales of pay for all categories of employees.

(2) Night-shift allowance.

(3) Bonus for the year 1956-57.

AWARD

4. According to the Union, the Company is a Private Limited Company engaged in aviation industry floated in Jamnagar towards 1948. They had started very humbly and it gradually expanded till now. It owns four aircrafts and about 160 employees plying on non-scheduled routes and on charters. Its monthly wage bill ranges around the figure of Rs. 50,000 or so. It commands good reputation in this line employing very highly skilled mechanics. The workmen however, were rotting in misery on very low pay with no dearness allowance. To redress the grievances the Union was formed and registered on 7th February 1957 and shortly after, a charter of demands was submitted on 10th March 1957. There was a conciliation meeting on 10th April 1957, when an amicable settlement was reached on most of the points. The three issues canvassed here were the issues which were left out of the agreement to be decided by adjudication.

5. The Company contends *inter alia* that Jamair Company (Private) Ltd. was incorporated on 9th November 1949. It started its operation in Calcutta with one Dakota aircraft and now it owns 3 aircrafts, of which only two are serviceable. Its business is engaged in non-schedule charter operations mainly between Calcutta and Dooars in North Bengal. The business of the Company is mostly seasonal. During the monsoons the business is somewhat brisk but from November to April in the year it is very dull. It is adversely affected by expansion of road and river transport. The licence is obtained yearly from the Director-General of Civil Aviation. The number of workers in the Workshop is only 57 and so the Factory Act provision about canteen is not applicable. The Company, however, gives free tea to its factory and traffic staff during their shifts. The Company further contends that all the points in the Charter of Demands barring scales of pay and bonus were amicably settled in the conciliation proceedings and the memorandum of settlement was executed on 22nd May 1958. So the claim for night-shift allowance is not tenable as it was dropped there.

Issue No. 1: The Company contends *inter alia* that it pays to its workmen consolidated amount including dearness allowance. The Company has given a statement showing the salaries including dearness allowance which are paid to its workmen in the Workshop. I find in the said chart that the category and designation are also mentioned. In some cases I find that unskilled labour, namely, loaders, etc., get Rs. 60 or Rs. 65 and sometimes Rs. 50, the latter being the subordinate staff. Of course, in most cases I find that the existing wage is fairly high. But that is no reason why the minimum wage should be denied, in some cases. As these workers are engineering personnel, they are entitled to have at least the minimum wage of the different categories, namely, unskilled, semi-skilled, skilled and highly skilled as given by the award of the Third Major Engineering Tribunal of 1958 which was published on the 5th November 1958 in the extraordinary issue of the *Calcutta Gazette* (*vide* Government order No. 4427-I.R./IR/10L-4(D)/57, dated the 15th October 1958). The financial condition of the present Company, of course, is not very steady and sound as I shall discuss later on but yet there can be no conceivable reason why the minimum of the grade should not be given to workmen employed in this engineering factory. In that view of the matter I award the workmen in the unskilled category should get Rs. 35 as basic pay and Rs. 36 as dearness allowance, i.e., altogether Rs. 71 if consolidated per month. The workers similarly, occupying the semi-skilled category should get Rs. 40 as basic salary and Rs. 36 as dearness allowance, i.e., Rs. 76 per month altogether. Those in the skilled category should get Rs. 75 as basic salary + Rs. 47 as dearness allowance, i.e., Rs. 122 per month. Those in the highly skilled category should get Rs. 110 as basic salary + Rs. 53 as dearness allowance, i.e., Rs. 163 per month as consolidated wages. If the Company does not like to split up the dearness allowance, then it must at least pay this minimum consolidated amount as wages of different categories of workmen employed in the factory. The minimum pay of the drivers is Rs. 60 and their dearness allowance would be Rs. 47. So the minimum consolidated pay of a driver I award as Rs. 107 as per the Third Major Engineering Award. If he is a lorry driver he gets Rs. 5 more per month as basic pay. For the peons, bearers, etc., I award Rs. 30 as basic pay+Rs. 36 as dearness allowance, i.e., Rs. 66 as consolidated minimum pay. For the durwans it would be Rs. 35 as basic pay+Rs. 36 as dearness allowance, i.e., Rs. 71 as consolidated wages per month. As the Company has given the designation and category in the chart filed, it is easy to fit in all those workers employed by the Company in the wages I have given. Where the wage is more than what I have awarded it requires no interference. Where the wage including dearness allowance is less than what I have given above as the minimum consolidated wage, then the same should be pulled up to what I have awarded. Effect should be given to this award within one month of its becoming effective. I leave to the management to revise the salary of the workers in the light of this award.

Regarding the claim of the workmen for the benefit of grades and scales I must point out that I am unable to give it. Grades and scales can only be introduced where the financial position is steady and sound and dependable. Even in the Major Engineering Award which was given by me I have exempted some of the engineering units from the operation of the award because their financial position did not come up to the mark. From the Annexure "A" to the Company's written statement I get that in 1950 there was a trading loss of Rs. 22,000 and odd. In 1951 it suddenly swung over and showed a profit of Rs. 35,000. In 1952 and 1953 there was a heavy loss amounting to Rs. 4,00,000 and odd and Rs. 1,00,000 respectively. In 1954 the profit figures stood up at Rs. 4,50,000 and in 1955 it dwindled down to Rs. 97,000 and odd. There was loss estimated in 1956 and 1957. These figures are not challenged. From the above it is abundantly clear that the financial balance of the Company is anything but steady. At all events it is uncertain and variable. In such circumstances, the question of fixing grades and scales for the workmen which undoubtedly will cast a heavy burden on the Company's financial condition can never arise. So I reject the claim.

Issue No. 2: Regarding the claim of night-shift allowance the law is now more or less settled. Concerning the night shift allowance, the Labour Appellate Tribunal decided in the Bharat Airways Company's case that the workmen working in the night-shift, work 36 hours with respite in between his duties. That is to say, he has to attend to his duties as a night-shift worker on alternate days. The result is that he got full wages for a month by actually working for half a month. The effective rate, therefore, comes to double the rate which the day-shift worker is getting. So the night-shift allowance was rejected by the said Tribunal. Besides, by working at night the workman cannot give the same output as can be given by working in day. So the employer does not stand to gain, rather to lose by such night-shift work if he has to give an extra allowance again to the workmen. The quality also, suffers by working at night. That is why the employer always resists such claim. On behalf of the night workers it may be said that they also stand to suffer because they cannot enjoy normal family life. They are hard put to it to arrange for supply of food and to arrange for their transport at odd hours. So they can legitimately claim that they should get some compensatory allowance. But even such claim cannot be sustained where the workmen have been appointed only to do duties at night. Their wages must have been tuned up to such labour. They also accept the stipulation of the said wages with open eyes. So the Service Committee of the Indian Air Lines Corporation rightly remarked "it should not be open to him after taking up the employment to say that he should be given extra compensation on account of the shifts involving inconvenient hours of duty from the point of view of ordinary comforts family life and other social amenities. The transport and food difficulty referred to no longer exist". This is exactly, how the matter stands here. It was also noticed by the said Service Committee that among eight companies taken over by the Indian Air Lines, only one Company gave this type of allowance. The Service Committee of the Indian Air Lines Corporation considered such night-shift allowance as wholly unjustified. I also concur in the views expressed above and turn down a claim for night-shift allowance.

Regarding the objection of the Company that the claim for night-shift allowance is not legally maintainable, it appears from Ext. B(1), dated 22nd May 1958, that the demand including the night-shift allowance was dropped for the time being in the said memorandum of settlement. The Union contends that by that it cannot be precluded from agitating this matter in the present adjudication. It was never estopped for all time to come. But I am afraid I cannot accept this contention of the Union as legally sustainable. So long as the agreement, dated 22nd May 1958, remains in operation, the Union is not entitled to raise this claim of night-shift allowance. It can do so only after the aforesaid agreement is terminated. That night-shift allowance was included in the charter of demands will appear from Ext. A, its item No. 8. So it was evidently allowed to be dropped in the memorandum of settlement, Ext. B(1). In this view of the matter also, the claim for night-shift allowance is liable to be rejected.

Issue No. 3: This issue is not appropriately framed. The bonus is not for the financial year 1956-57 as it appears from the issue. It relates to the calendar year 1956. The calendar year is what is in vogue in this Company. That also appears from the written statements of the parties. So I take it that the claim relates to the bonus for the calendar year ending on December 1956.

Then I turn to the claim itself. It appears from the balance-sheet of the year 1956, 31st December, that during the said trading year there was a loss of Rs. 1,75,000 and odd. The total accumulated loss up to that period including certain items of expenditure amounts to Rs. 2,46,000 and odd. It was held by the Hon'ble Supreme Court in Muir Mill's case reported in 1955 LLJ, Vol. I, page 1 that there is no bonus when there is no profit. It was also held in the previous cases. So at the very outset if the auditors' profit and loss account is taken on face value, the claim for bonus cannot be sustained. The Union has given a chart showing that there were some items of expenditure which must be ruled out to get the available surplus for bonus under the bonus formula of the Labour Appellate Tribunal. I deal with these items of objection one after another.

The Union contends that the Rs. 95,000 and odd which related to spare parts and of which no proper record was kept according to the auditors' report, must be taken into the reckoning to constitute gross profits. Of course, from the auditor's report I get that there was no proper register maintained for the store and spare parts which were included for renewal and overhaul of the aircrafts. Only the two Directors gave a signed inventory of the parts in store. But from this fact alone I cannot say that this expenditure was not incurred at all during the trading year and was liable to be ruled out.

Regarding the two Directors' emoluments amounting to Rs. 96,000 and odd, the Union claims that the amount is exceedingly inflated. I am also partly inclined to think like that. The Union concedes in the chart it has given Rs. 3,000 per month as the reasonable salary for each of the Director. I find that the Company bears rent and the cost of lighting and furniture of the quarters occupied by these two Directors. So I think Rs. 3,000 per mensem is the most that can be allowed as Directors' monthly remuneration. So in that view Rs. 72,000 and odd ought to form the emoluments of the two Directors during such trading years, to find out the available surplus. In that view Rs. 24,000 of the expenditure may reasonably be knocked off.

Regarding the Union's estimate of Rs. 20,000 as required for refuelling of two commendoes not on Company's account, I think the objection is misconceived. The Company denies owning such commendoes and the question of refuelling cost does not arise.

Regarding the entertainment expenditure amounting to Rs. 18,000 I do not think the expenditure can be ruled out, because such expenditure is necessary, not for private entertainment but for promoting the business.

Regarding the rebate of course, it was not included because the auditors point out that the matter has not yet been ascertained. Regarding rent and the lighting charge for the two Directors the Union does not like to allow Rs. 13,000 and Rs. 3,000. Of course, the rent charged for the Directors' account has not been apportioned. It presumably includes the rent of building as well. So I am unable to knock off, any amount under these two heads, there being no sufficient evidence.

Regarding the item of travelling and conveyance cost the amount of expenditure is Rs. 50,000. The travelling allowance does not seem to be much too inflated.

The Union wrongly takes objection to depreciation. Such objection cannot be upheld.

Regarding the next item of Rs. 26,000 as current liability, of course, that related to past years. So that should be knocked off. The objection on the score of irregular payment and Directors' overdraft is found to be misconceived. I do not entertain the objection.

Regarding the objection on the score of motor boats amounting to Rs. 30,000 the objection is out of place, because that is debited to the Directors' personal account. This has nothing to do with the accounts of the Company. Similarly idle is the objection regarding the capital expenditure of Rs. 30,000. It has been shown as capital expenditure. So the objection fails. Considering all these objections I find that only a moiety of the total trading loss of the year which amounted to Rs. 1,85,000 and odd, can be ruled out. That being so, the net result is that there is the trading loss in the year. So the question of bonus does not arise. The bonus formula of the Labour Appellate Tribunal cannot accordingly be applied in the present case. The claim on this head stands rejected. I do not say anything about the recovery of the advance already made for this year, because that will depend upon the agreement reached between the parties and is not strictly covered by the issue.

AWARD

Decisions

Issues Nos. 1 and 2—Scales of pay and Dearness Allowance: The Jamini Bhusan Astanga Ayurbed Vidyalaya and Ayurbed Arogyasala was founded in 1323 B.S. The foundation-stone of the hospital and the college was laid by Mahatma Gandhi by 1332 B.S. The hospital was opened in 1334 B.S. The workers can be divided into three categories as follows:—

(1) Medical staff.
(2) Nursing and clerical staff (Grade III employees), as for example, clerk, nurse, O. T. assistant, compounder, and laboratory assistant.
(3) Unskilled workmen of Grade IV, as for example, maid-servant, bearer, ward boy, servant, durwan, peon, sweeper, dai, vistiwalla, washerman and others.

The case of the workmen has been taken up by two Unions, viz., Astanga Ayurbed Workers' Union of 12A Kashi Dutta Street, Calcutta, and Jamini Bhushan Astanga Aurved Hospital Employees' Association, 252 S. K. Deb Road, Calcutta-28. The case of both the Unions is virtually the same. It is stated that the existing rates of pay are far below that is required for even physical existence and the minimum total emoluments of a workman amounts to only Rs. 22 per month. A small number of employees get a small allowance known as diet allowance. There is no graded scale of pay. The Workers' Union made the following claim for the medical staff:—

(a) Indoor officers—Rs. 150—10—300 per month.

Assistants—Rs. 75—5—175 per month.

(b) Out-door Officers—Rs. 60—5—160 per month.

The claim for the nursing staff of Grade III is as follows: Ward assistants and nurses—Rs. 50 to Rs. 110 per month.

Grade IV Staff—

Skilled employees, viz., cooks, ward mates, etc. —Basic salary Rs. 25 per month, annual increment Re. 1, dearness allowance Rs. 37-8, quarter allowance Rs. 4.

Unskilled—Servants, maid-servants, sweepers, etc.—

Basic pay Rs. 20, dearness allowance Rs. 37-8, annual increment Re. 1, quarter allowance Rs. 4.

Office Staff—

Head Clerk—Rs. 125—10—325.

Typists—Rs. 100—8—260.

Clerks and Care-takers—Rs. 75—5—175.

O. T. Assistants and compounders—Rs. 60—3—120.

The Employees' Association claims a minimum pay of Rs. 50 per month for all categories of workmen along with a dearness allowance of Rs. 40 per month. For the Class III employees, viz., clerks, nurses, etc., the claim is for a basic pay of Rs. 75—4—135 and for the class IV employees the claim is as follows:—

Grade I—Rs. 65—3—102.

Grade II—Rs. 55—2—75.

Grade III—Rs. 55—1—60.

A T.B. allowance is demanded for the T.B. Hospital.

The employers, in their written statement, state that the increase of scales of pay involves additional financial liabilities, which it is not possible for the Institution to shoulder under the present circumstances. It is also stated that the Institution pays to its employees whatever is possible for them to pay and that it is not possible for it to shoulder any additional financial liability. It is, therefore, prayed that the claim for increase of basic pay and dearness allowance should be rejected.

Evidence was adduced by both the parties. P. W. 1 Shri Nikhil Bhattacharya, an O.T. Assistant, and P. W. 2 Shri Dhirendra Nath Bhattacharya, a Resident Physician of Patipukur T.B. Hospital, deposed for the Unions. O.P.W. 1 Kabiraj Anilendra Nath Das Gupta, the Superintendent of the Institution, deposed for the Institution. Documents, Exts. 1 and 2 were filed for the Unions. Documents, Exts. A to E were marked for the Institution.

Exhibit A shows that the minimum total monthly wage for a Kaviraj is Rs. 28 including a recent increase of Rs. 3. This fact appears from Ext. 1 and Ext. A, although a portion of Ext. A showing the wages of the Kavirajas was scored through. It appears from the evidence that about 2 or 3 months back, Class III employees were given an increment of Rs. 5 per month and Class IV employee of Rs. 3 per month. It appears that all the employees of the Institution, including some of the Kavirajas, got a dearness allowance of Rs. 3 per month. O.P.W. 1 the Superintendent of the Institution, stated in evidence that the minimum total pay of a Class III employee is Rs. 33 and she is a Lady Assistant, Monoprova Dutta. Her basic pay is Rs. 30 and dearness allowance Rs. 3. She is a unqualified nurse. It also appears that the minimum total wage of a Class IV staff is Rs. 35. She is Radharani Dasi. Her basic pay is Rs. 32 and dearness allowance Rs. 3. O.P.W. 1 states in evidence that the Institution pressed the Government that the dearness allowance should be increased to Rs. 15, and the excess over Rs. 3, i.e., Rs. 12 should be paid by the Government.

It was pointed out by the learned spokesman for the Institution that the Kavirajas as qualified medicalmen were not workmen and were not covered by the present reference. It is true that the Kavirajas and the doctors, who are in the medical staff, are not workmen and their cases cannot be adjudicated on by this Tribunal. Even then, in view of the very meagre minimum pay of the Kavirajas, which appears to be only Rs. 28 per month from Ext. 1 and Ext. A, I shall make a recommendation for the Institution to give some increase to the Kavirajas.

The reports, Ext. B series, being the accounts of income and expenditure from 1360 B.S. to 1364 B.S. were filed to show that the Institution is running at a loss every year. Ext. C is a statement of the deficit for the last 5 years. There is no doubt that the minimum wage offered by this Institution is less than a starvation wage and that this should be increased. Considering, however, that the financial condition of this Institution which is a charitable institution, is very unsound, it would not be possible for this Tribunal to give increments to the employees to the desired level. It appears from the evidence of O.P.W. 1 that the Institution itself pressed to the Government for an increase of Rs. 12 in the dearness allowance of the workmen. Considering all these circumstances, it is awarded that the dearness allowance of all categories of workmen of Grade III and Grade IV as mentioned above, shall be increased by Rs. 12 per month in the circumstances of the case with effect from the date of the commencement of the operation of this award. I do not consider that there should be an additional increase in the basic wage also in the circumstances of the case. That being so, it is awarded that there should be no increase in the existing basic wage. These issues are accordingly answered.

In view of the meagre wage that is being paid to the Kaviraj, it is recommended that they should be given also an increase of Rs. 12 in their dearness allowance. This recommendation also means that those who do not get any dearness allowance at all at the present time, shall get a dearness allowance of Rs. 12.

Issue No. 3—Retiral benefits: It appears that Class III employees are entitled to provident fund, but Class IV employees are not entitled to any provident fund under the rules of the Institution. The Unions pray that the existing benefit of Provident Fund should be extended to all and that an additional retiral benefit in the form of a claim of gratuity should be introduced in addition to the Provident Fund at the rate of one month's total wage for each completed year of service.

Considering the financial condition of the Institution, an additional retiral benefit in the form of gratuity, cannot be allowed to the employees. It is, however, awarded that the existing benefit of Provident Fund should be extended to all monthly paid employees of Class IV.

This issue is accordingly answered.
